LEG KEY

The durability, lightness and quick action of the steel lever as compared with other makes is recognized by experts and operators and is preferred by them to any other type.

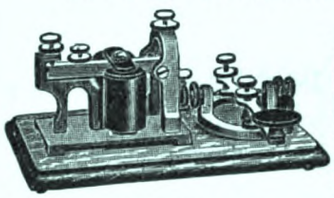

List No. 103. Steel Lever Key, Brass frame, top connection. - - - - - - - - - - **95**
By mail extra 10c.

IMPROVED GIANT SOUNDER

This instrument is scientifically correct in every respect. Quick acting and gives a loud, clear sound. Magnet Cores and Armatures are made from selected soft iron. Coils are covered with polished hard rubber, brass or aluminum lever and polished brass base plate It is of standard size and design. Mounted on highly polished mahogany base. This instrument is in constant use by the largest railroad and telegraph companies. In ordering state whether brass or aluminum lever is wanted. List No. 111 Special net price..... **$1.40**
Postage 22c.

IMP. GIANT COMBINATION SET.

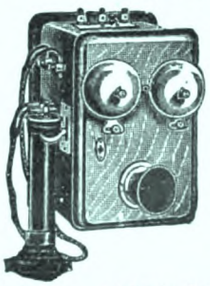

This set is composed of our Steel Lever solid trunnion key and Improved Giant Sounder mounted on a polished mahogany base.

The key and sounder are the same in every detail as our regular struments. It is without exception the best combinaon telegraph set manufactured A copy of Philosophy nd Practice of Morse Telegraphy is furnished free with ach outfit.

List No. 185. Improved Giant Combination Set, wound for 5 ohms. Special net price. Price each.. **$2.35**

PRIVATE LINE TELEPHONE

This instrument is carefully constructed and finely finished It will do the work of apparatus costing ten times our pr ce. For private lines up to 20 miles in length it will give perfect satisfaction with two or three telephones in circuit.

Furnished with a 10,000 Ohm Generator; improved adjustable ringer magnets, wound 80 Ohms. Long distance transmitter attached to inside of bell box cover. Standard compound bar Receiver with cord improved short lever double prong hook and two Mesco Dry Batteries. Made in Oak or Walnut Every Telephone guaranteed.

List No 1514, One Series Telephone, 80 Ohm Ringers, special net price - - - - **$6.00**

Manhattan Dry Battery

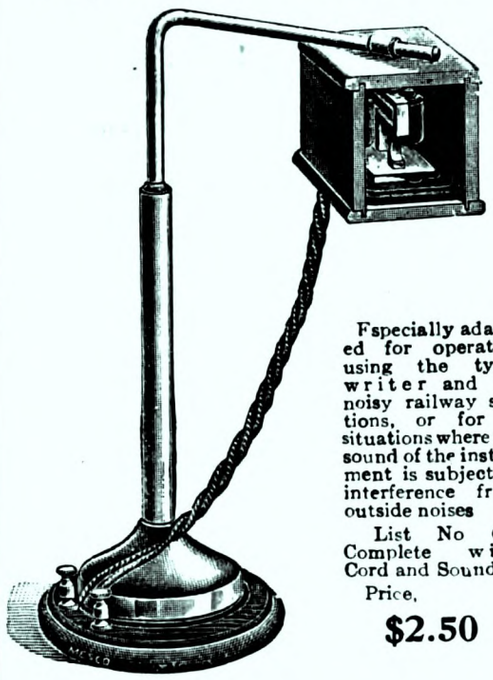

For all purposes where a dry battery can be used. It has a long life, high efficiency and remarkable recuperative powers. Made to meet the demands for a high grade battery at a low price.

If you have occasion to use dry cells for any purpose the Manhattan will give you sound satisfaction.

Each 15c.

Special quantity prices on application.

SPECIAL
Adjustable Resonator.

Fspecially adapted for operators using the typewriter and for noisy railway stations, or for all situations where the sound of the instrument is subject to interference from outside noises

List No 661. Complete with Cord and Sounder. Price,

$2.50

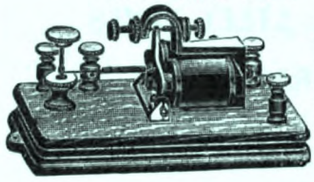

LEGLESS KEY

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished. Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type.

List No. 108. Steel lever key, Brass frame, top connection - - - - - - - **$1.05**
By mail, extra 8c

STANDARD PONY RELAY

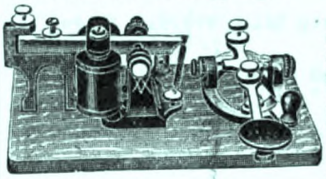

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.

The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pony Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase

List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price - - **$1.50**

Eureka Telegraph Instrument

A moderate priced combination set recommended as a learners apparatus being low in price, durable and efficient. Copy of Philosophy and Practice of Morse Telegraphy free with each instrument. List No. 178. Wound 5 ohms. **$1.15**

ELECTRIC CALL BELL OUTFIT

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire.

Sufficient staples and printed instructions which will aid any person to put same in successful operation,

Packed in strong straw-board box. Weighs 5 lbs, A first class outfit.

List No. 1762. Special net price. Complete, each..... **.50**

JOURNAL OF THE TELEGRAPH.

VOL. XXXVII. 422792 NEW YORK, JANUARY 20, 1904 WHOLE NO. 607.

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 25,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

NEW YORK, JANUARY 20, 1904.

The following will be of interest to members of the U. S. Military Telegraph Corps:

SOCIETY OF THE ARMY OF THE CUMBERLAND,
WASHINGTON, D. C., December 19, 1903.

MR. J. H. ROBINSON, U. S. Military Telegraph Corps.

DEAR SIR: It has taken some time to communicate with all the members of our Executive Committee, scattered as they are in the various parts of the country, in regard to the application which you made for membership in this Society, and which involved the question whether members of the military telegraph corps, under our constitution can be admitted as members of the Society. I have now the honor, as well as the pleasure, of informing you that letters have been received from each member of the Executive Committee, and that this Committee is unanimously in favor of recognizing the claims of members of your corps who served with the Army of the Cumberland to membership.

Very truly yours,

H. V. BOYNTON,
President.

The whereabouts is desired of Ransom Arch, a telegraph foreman and lineman, several years ago in the Union Pacific R. R. territory, for reasons of much benefit to him.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January 20, 1904.

BROOKLYN, N. Y., TO BE CHECKED WITH NEW YORK CITY.

Special attention is called to the fact that business to or from Brooklyn, N. Y., should be *checked with New York City*, and *not direct*.

The following list of "changes" corrects the Tariff Book "of January, 1904," to date.

The hand ☞ indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Buckeye, Iowa, which was formerly a single-star station, but which is now a Western Union office in Square 481.

See Special Notices at end of this circular.

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet Hartly, Newport and Viola, Del.; Chattolanee, Greensboro, Henderson, Newark, Oxford and Queponco, Md.; Haddonfield and New Lisbon, N. J.; Cherry Tree, Grove, Manorville, Phillipston, Ralston, Red Bank, Three Culverts, Waterford, E. Co., Wilcox, Winterburn and Wistar, Pa.

They should also add to Sheet "O" the following:

Sq.
60 Cannon, Del.

58 Cape May C. H., N. J.
47 Columbus, N. J.
58 Dennisville, N. J.
58 Goshen, N. J.
47 Lumberton, N. J.
47 Marlton, N. J.

SPECIAL NOTICES.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 on IV page of the Tariff Book.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under Rule 2, which reads as follows:

"The importance of the address cannot be overestimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 553 to 573, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 509, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPARTMENTS,
NEW YORK, January 18, 1904.

Half-rate frank No. 459, issued on account of the Lackawanna Fast Freight Line, is hereby revoked, on request.

Managers will please take up that frank, if presented, and return it to this office for cancellation.

G. W. E. ATKINS,
Superintendent.

POCKET EDITION OF DIAGRAMS
And Complete Information for Telegraph Engineers and Students
Revised Edition Just Out
BY WILLIS H. JONES.
Bound in Flexible Leather. 334 Pages. 160 Diagrams.
A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.
THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.
NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.
THIS WORK COVERS the entire field of a **practical telegraph** course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.
Price, $1.50. Express Charges Prepaid.

TRANSFER SERVICE,
THE WESTERN UNION TELEGRAPH COMPANY.
NEW YORK, January 18, 1904.

To all Transfer Agents and Offices:

On February 1, 1904, the following additions will be made to the list of transfer offices:

CLASS.	OFFICE.	TRANSFER AGENT.
E	Dublin, Ga	B. F. Dillon
E	Forest, Ont	Geo. D. Perry
C	Key West, Fla	B. F. Dillon
E	Saugerties, N. Y	E. G. Carley

On February 1st a new transfer agency will be established at Hot Springs, Ark., and placed in charge of D. S. Ryan. Hot Springs, Ark., now in G. J. Frankel's district, will be transferred to the new district, and all transfers for that office, on and after February 1st, should be addressed to "D. S. Ryan, Transfer Agent, Hot Springs, Ark."

The transfer service was resumed at Palm Beach, Fla., on January 1st, and will be resumed at Burlington, N. J., on February 1st.

On January 12th M. J. Hayden was appointed Transfer Agent at Brooklyn, N. Y., in place of W. G. Magowan, resigned.

On February 1st the following transfer offices will be advanced:

Beloit, Wis., advanced from Class E to Class D.

Bridgeton, N. J., advanced from Class E to Class D.

Kingston, N. Y., advanced from Class E to Class D.

Union Stock Yards, Ill., advanced from Class D to Class C.

Kingfisher, Okla. Ter., Class E, J. C. Smith, Agent, omitted from the Tariff Book of January, 1904, should be included in the list of transfer offices.

The list of transfer offices published in the Tariff Book of January, 1904, is modified by the following, which includes all the changes made in such list since the book was printed:

Conn.	New Britain	now Class	B.
Ont.	St. Thomas	" "	D.
Penn.	Sharon	" "	C.
S. D.	Sioux Falls	" "	C.
Vt.	Barre	"	W. A. Holub, agent.

NEW OFFICES OPENED SINCE THE TARIFF BOOK OF JANUARY, 1904, WAS PRINTED.

CLASS.	OFFICE.	AGENT.
E	Dunnville, Ont	Geo. D. Perry.
E	Gananoque, Ont	"
E	Granby, Que	"
E	Gravenhurst, Ont	"
E	Great Barrington, Mass.	E. G. Carley.
E	Listowel, Ont	Geo. D. Perry.
E	Morrisburg, Ont	"
E	Paris, Ont	"
D	Parry Sound, Ont	"
D	Ridgetown, Ont	"
E	St. Mary's Ont	"
E	Warsaw, N. Y	E. G. Carley.
E	Wiarton, Ont	Geo. D. Perry.
D	Sackville, N. B	D. C. Dawson.

Managers will correct their lists accordingly.

M. T. WILBUR,
Treasurer.

European Agency.
D. Le Roussel, *General Superintendent*, London.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported, like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must *not* be sent to the Treasurer in cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding $2.50, 3c	Over $30.00 to $40.00, 15c
Over $2.50 to 5.00, 5c	Over 40.00 to 50.00, 18c
Over 5.00 to 10.00, 8c	Over 50.00 to 60.00, 20c
Over 10.00 to 20.00, 10c	Over 60.00 to 75.00, 25c
Over 20.00 to 30.00, 12c	Over 75.00 to 100.00, 30c

Managers of offices on the lines of either of the above named express companies should remit express orders *(excepting where bank draft or bankers' money orders can be obtained at less expense).*

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

The Bunnell Telegraph Instruments have for the past 40 years, and are Standard Telegraph Instruments of the world and we alone make them.

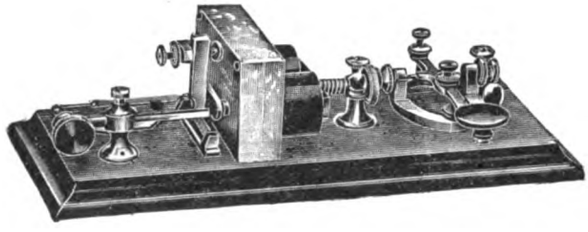

PRICE, 150 OHM, $5.00 PATENTED

W. U. STANDARD RELAY

With Barclay Improvements

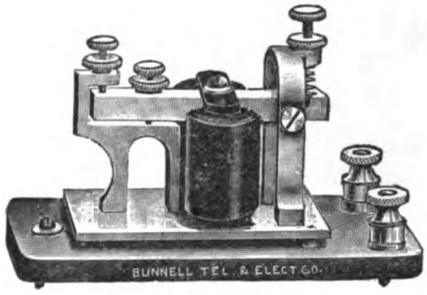

The trunnion seat is so constructed as to act as a stop for the magnets, thus keeping them in line and at a certain distance from the armature; the adjusting screw has a slot cut through at the post, which is fitted with a steel pin; this also limits the movement of the magnets, obviating any possibility of the cores coming in contact with the armature, or of permitting the magnets to be drawn so far back as to let the adjusting nut become locked. The spools are wound to prevent the wire from coming in contact with the core. The shells are self-locking. The fact that the armature cannot come in contact with the core prevents short circuiting between local and main line leads.

THE NEW BARCLAY BOX RELAY

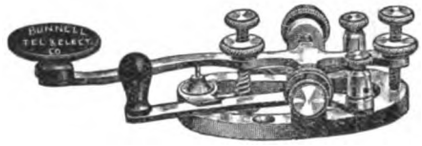

The successor of box relays and main line sounder; superior to anything ever invented, and in many cases this relay will take the place of a main-line relay and sounder, doing away with the local battery.

PRICE, - - - - - $6.00

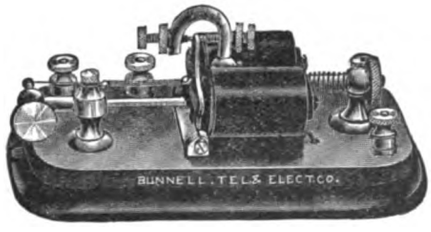

This Aluminum Lever Sounder excels all others in tone, loudness and quick action. It is in every respect the finest and best Sounder ever designed. Will operate with one cell only of local battery.

BUNNELL BEST - - $1.60
CHEAP PATTERN - - 1.35

This key is a perfect instrument made of highly polished composition brass, nickel plated lever, gutta-percha knobs, and has every improvement. It is the most perfect operating key possible to obtain, either for the skilled expert or the beginner.

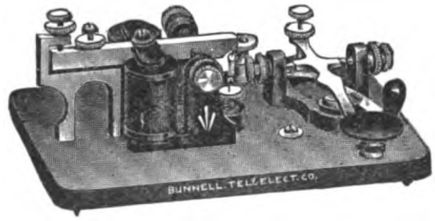

STEEL LEVER LEGLESS KEY, $1.00
CHEAP PATTERN, - - 85c.
STEEL LEVER KEY, 90c.
CHEAP PATTERN, - 75c.

Our regular Western Union Pattern Relay with highly polished brass parts, rubber covered magnets, mahogany base and enameled surbase, wound with silk covered magnet wire.

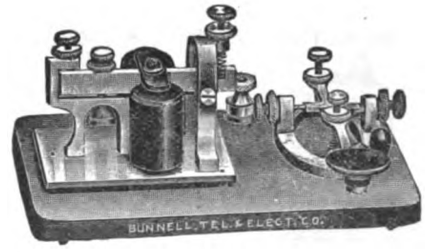

PRICE, 150 OHMS, $2.75

The Bunnell Learners' Instrument

This is a first-class full size Learners' Combination Set, made up of a Steel Lever Key and full size Sounder, working parts made of polished instrument brass, polished mahogany base. Instruction book free with every instrument.

PRICE, 4 OHM, $1.25; 20 OHM, $1.35
By Mail, 35 cents Extra.

Our standard first-class Giant Sounder, finely finished with rubber covered coil wound with silk covered wire, highly polished brass parts, mounted on a polished mahogany base, with one of our steel lever keys, makes one of the most perfect set of short line instruments ever produced.

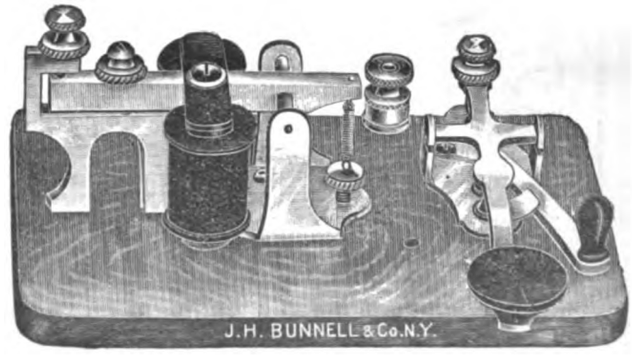

GIANT COMBINATION SET, FOR PRIVATE LINES, $2.50

THE BEEKO LEARNERS' INSTRUMENT

This instrument makes a first-class outfit; is a full size Sounder and Key of polished brass, with mahogany base, sup rior to all others.

PRICE, 4 OHM, FOR SHORT LINES, $1.00; 20 OHM, UP TO 5 MILES, $1.10
By Mail, 35 cents Extra.

Bunnell's book of instruction and practice of Morse Code free with every instrument.

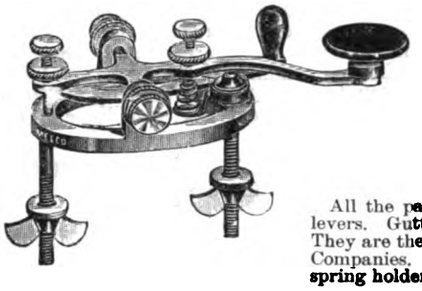

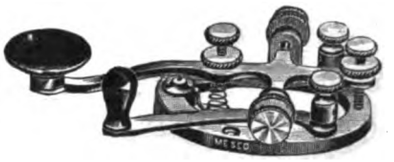

When you buy a Telegraph Instrument, BUY THE BEST. The Bunnell Instruments are the best on earth.

THE NEW YORK PUBLIC LIBRARY
ASTOR, LENOX AND TILDEN FOUNDATIONS.

JOURNAL OF THE TELEGRAPH.

VOL. XXXVII. NEW YORK, OCTOBER 20, 1904 WHOLE NO. 616.

ANNUAL REPORT OF THE PRESIDENT OF THE WESTERN UNION TELEGRAPH COMPANY (INC.) FOR THE YEAR ENDED JUNE 30, 1904.

APPROVED BY THE EXECUTIVE COMMITTEE AND ORDERED TO BE SUBMITTED TO THE STOCKHOLDERS.

CAPITAL STOCK.

The capital stock outstanding is unchanged, namely $97,370,000.00, of which $29,394.00 belongs to and is in the treasury of the Company.

BONDED DEBT.

The bonded debt at the close of the year was as follows:

Funding and Real Estate Mortgage Bonds due May 1, 1950, four and one-half per cent	$17,000,000.00
Collateral Trust Bonds due January 1, 1938, against which bonds and stocks bearing the company's guarantee of interest or dividends at six per cent. per annum have been deposited with the trustee, five per cent.	8,504,000.00
	$25,504,000.00

$1,000,000.00 of the above-mentioned Funding and Real Estate Mortgage Bonds were issued during the year under the terms of, and for the purposes prescribed in, the mortgage of May 1, 1900.

BUSINESS OF THE YEAR.

	Year ended June 30, 1903.	Year ended June 30, 1904.	Increase.	Decrease.
Revenues,	$29,167,686.80	$29,249,390.44	$81,703.64	
Expenses, see statement below,	20,953,215.07	21,361,915.46	408,700.39	
Net revenue,	$8,214,471.73	$7,887,474.98		$326,996.75
Interest on bonds,	1,077,700.00	1,157,700.00	80,000.00	
Profits	$7,136,771.73	$6,729,774.98		$406,996.75
Appropriated for dividends	4,868,050.00	4,868,071.25	21.25	
Surplus	$2,268,721.73	$1,861,703.73		$407,018.00

Surplus July 1, 1903	$13,019,724.55
Carried to surplus as above	1,861,703.73
Surplus June 30, 1904	$14,881,428.28

STATEMENT OF EXPENSES FOR THE YEAR.

Operating and general expenses, including taxes	$15,736,592.24
Rentals of leased lines	1,600,885.06
Maintenance and reconstruction of lines	3,627,196.06
Equipment of offices and wires	397,242.10
Total expenses as above	$21,361,915.46

BALANCE SHEET, JUNE 30, 1904.

ASSETS.

Telegraph lines, stocks owned of leased telegraph companies that are merged in Western Union Co.'s system, franchises, patents, etc.	$114,539,685.84	
Stocks and bonds of leased telegraph companies recived in exchange for collateral trust bonds	8,504,000.00	
Stocks of not leased telegraph companies and other securities	13,634,344.98	
Real estate	4,682,605.80	
Supplies and material in supply departments	542,340.20	
Sundry accounts receivable, etc.	2,221,813.55	
Cash in treasury and in hands of agents (since remitted to treasury)	2,414,103.50	
		$145,538,893.87

LIABILITIES.

Capital stock	$97,370,000.00	
Funded debt	25,504,000.00	
Gold and Stock Telegraph Co. for stocks of other companies held through lease of that company until 1981	1,946,592.00	
Sundry accounts payable, etc. (including dividend July 15, 1904)	4,238,689.56	
Surplus of income prior to October 1, 1881, appropriated for construction and acquisition of telegraph lines and property (in excess of the $15,526,590 capital stock distributed in 1881 on account of such appropriations of income during the 15 years preceding)	1,598,184.03	
Surplus of income subsequent to October 1, 1881 ($14,251,668.37), plus the proportion of surplus of income prior to October 1, 1881 ($629,759.91), that was not appropriated as above	14,881,428.28	
		$145,538,893.87

There was an increase of $81,703.64 in the revenues of the year and of $408,700.39 in the expenses. Of the last named amount $195,373.85 was in maintenance and reconstruction of lines, including nearly $100,000.00 for repairs to the Company's transatlantic cables, and $183,254.93 was in operating and general expenses, including removal and improvement of offices, etc.

From the $6,729,774.98 profits of the year, $4,868,071.25 was paid for dividends and $1,157,700.00 for interest on bonds; the remainder, $1,861,703.73, was added to the surplus.

The net growth of the plant was, in poles and cables, 2,833 miles; in wires, 66,193 miles; in offices, 338.

Of the total of 1,155,405 miles of wire of the Company's system at the close of the year, 290,507 miles were of copper; an increase in opper during the year of 44,257 miles.

The cost of new construction was $2,465,779.69.

The system of inspection referred to in the last Annual Report was continued throughout the year. Among other measures for improving the service was the establishment of a general division for the Southern states with headquarters at Atlanta, Ga. Three districts in other divisions, which had grown too large for careful supervision, were divided and two new districts created out of them; one with headquarters at Dallas, Texas, and the other at Hartford, Conn.

At Boston, Mass., Wheeling, W. Va., and several other places arrangements were made with the Company's landlords to thoroughly reconstruct and remodel the main offices. The leases of the main offices at Philadelphia and Cincinnati expired during the year, and as arrangements could not be made for their renewal, the Company moved into new and modern buildings secured by long leases at both places.

The substitution of dynamo current for chemical cell main batteries has been continued so far as practicable, and, where power could not be obtained to operate dynamos, storage batteries have been employed. Such changes were effected at fifteen important battery centers during the year. The new method of generating current is not only more efficient than the old, but so much cheaper as to save during the first year nearly the entire cost of making the changes.

Other departments have been the subject of careful study and improved methods have been steadily introduced. The system of transferring money by telegraph was reorganized, the rules governing it liberalized, and the scope of the system greatly extended with the result that the latest returns from it show encouraging increases in receipts.

Contracts covering 2,512 miles of railroad were closed during the year with the following named railroad companies:

PITTSBURG JUNCTION RAILROAD COMPANY AND THE OHIO RIVER RAILROAD COMPANY.
WEST VIRGINIA CENTRAL AND PITTSBURG RAILROAD COMPANY.
SAN PEDRO, LOS ANGELES AND SALT LAKE RAILROAD COMPANY.
PITTSBURG, CARNEGIE AND WESTERN RAILROAD COMPANY.
ST. LOUIS, BROWNSVILLE AND MEXICO RAILWAY COMPANY.
ST. LOUIS, EL RENO AND WESTERN RAILWAY COMPANY.
TRINITY AND BRAZOS VALLEY RAILWAY COMPANY.
MEMPHIS AND GULF RAILWAY COMPANY.

Respectfully submitted,
ROBERT C. CLOWRY,
President.

A new District has been established by the Western Union Telegraph Co., to be known as the Fourth District, Western Division, J. C. Smith, Superintendent, headquarters at Dallas, Texas. It will consist of that portion of the Second District, Western Division, embracing the offices and lines in Texas and Western Louisiana and Texarkana, Ark.

him. Please communicate with C. G. Casteen, El Paso, Tex., or Mrs. S. A. Gaston, 1533 Bacon street, St. Louis, Mo.

The whereabouts of Geo. W. Jeroleman is desired by J. G. Jennings, Superintendent of Telegraph C. R. I. & P. Ry. Co., Chicago.

or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

Digitized by Google

T. W. Goulding, formerly Superintendent of the Second District, Pacific Division, Western Union Telegraph Co., has been appointed General Superintendent of that Company's European Cable Department at London, England, vice D. Le Rougetel.

F. V. Moffitt has been appointed Western Union Company's Manager at Chicago, Ill., vice J. C. Smith, appointed Superintendent of the Fourth District Western Division.

F. A. Mohr has been appointed Western Union Company's Manager at Milwaukee, Wis., succeeding F. V. Moffitt, transferred to Chicago.

J. P. O'Donnell has been promoted from Chief Operator to Manager of the Western Union Company's office at Sioux City, Ia., succeeding F. A. Mohr, transferred to Milwaukee.

Alonzo B. Cornell died at Ithaca, N. Y., his native town, on October 15th, aged 72 years. His father was Ezra Cornell, a pioneer in the telegraph field and one of the founders fifty years ago of the Western Union Telegraph Company by the uniting of several western companies then in operation. He became a telegraph operator in 1846 and was a Vice-President of the Western Union Telegraph Company from 1869 until 1875, and a Director of that Company from 1868 until 1900. He was a prominent member of the Republican party in New York State between 1869 and 1882, and was respectively United States Surveyor of the Port, Speaker of the State Assembly, United States Naval Officer of Customs, and Governor of the State.

At the twenty-fourth annual re-union of the Old Time Telegraphers' and Historical Association held at Atlanta, Ga., on September 20th, the following were elected officers for the ensuing year:

President, J. C. Barclay, New York
Vice-Presidents { Francis W. Jones, " / Frederick Pearce, "
Secretary, John Brandt, "
Treasurer, John Brandt, "

Executive Committee: C. C. Adams, New York; U. J. Fry, Milwaukee; G. H. Corse, Ogden; L. B. McFarlane, Montreal.

New York City was selected as the meeting place for the quatri-centennial re-union in 1905, on a date to be announced later.

At the twenty-fourth annual re-union of the Society of the U. S. Military Telegraph Corps, held at Atlanta, Ga., on September 20th, the following officers were elected for the ensuing year and New York City was selected for the meeting place for the quatri-centennial re-union in 1905, on a date to be announced later:

President, W. B. Wilson, Philadelphia.
Vice-President, W. L. Ives, New York.
Secretary, J. E. Pettit, Chicago.
Treasurer, J. E. Pettit, Chicago.

Executive Committee: E. Rosewater, Chairman, Chicago; A. H. Bliss, Chicago; A. B. Chandler, New York; W. R. Plum, Chicago; R. B. Hoover, New York; George C. Maynard, Washington; L. A. Somers, Cleveland; J. D. Cruise, Kansas City; John Wintrop, Philadelphia.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, October 20, 1904.

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet Cheswold and Felton, Del., Goldsboro, Md., Allenport, Bigler, and Falls Creek, Pa.

Ben Alton, Md., should be Bel Alton, Md.

There should also be added to Sheet "O" the following:

Sq.
60 Trappe (Sta.), Md.
53 Alloway Junc., N. J.
53 North Vineland, N. J.
112 Nanty Glo, Pa.

The following list of Changes corrects the Tariff Book of July, 1904, to date.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

The words "Sub. free," "Sub. 10 0," "Sub. mesgs. only," etc., following the name of the transfer point for a number of two and three star stations in the Tariff Book and JOURNAL, indicate that messages of telephone subscribers at such two and three star stations are forwarded beyond the transfer office *free;* or at the rate designated; or that messages to telephone subscribers *only,* can be accepted.

Thus, to Carlton, Col. (page 40 of Tariff Book), messages addressed to telephone subscribers only can be accepted. These are telephoned free from Lamar, Col.

To South Wellington, Conn. (page 48 of Tariff Book), the rate is fifteen cents beyond Willimantic to parties not having telephones. Messages to telephone subscribers are transmitted free from Willimantic.

To Church Creek, Md. (page 161 of Tariff Book), the rate beyond Cambridge, Md., is 15 1 to parties not having telephones. To telephone subscribers the rate beyond Cambridge is but ten cents.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a one, two or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Youngs, Ga., which was formerly a three-star station, but which is now a Western Union office in Square 253.

See Special Notices at end of this circular.

Dutch Guiana	2.51
French Guiana	2.91

Correct Tariff Book, pages 600, 602, 603 and 604.

Wireless Service to Steamships.

Prepaid messages may be accepted for transmission by Wireless Telegraph to S. S. Bavarian, Tunisian and Parisian of the Allan Line at following rates:

Via Belle Isle$2.50—14 beyond Quebec.
Via Point Armour... 2.25—13 beyond Quebec.
Via Heath Point 2.50—14 beyond Gaspe, Que.
Via Fame Point..... 2.00—12 beyond Fame Point, Que.

Attention is called to the fact that the wireless service referred to on page 580 of the Tariff Book is only in connection with steamers leaving or entering the port of New York. At present the S. S. Ivernia and Saxonia of the Cunard line are in the Boston service of that company, and wireless messages thereto should be routed via South Wellfleet and Hyannis, Mass., at rate of $2.00 and 12, added to the rate to South Wellfleet.

The Wireless service *via Siasconsett, Nantucket I.* to S. S. New York, Philadelphia, St. Louis and St. Paul, of the American Line, and S. S. Finland and Kroonland, of the Red Star Line, has been discontinued until further notice.

The Cunard S. S. Pannonia and Ultonia, the Navigazione Generale Italiana S. S. Liguria, Slavonia, Sardegna and Lombardia, and the Holland-American S. S. Noordam, Statendam, Rotterdam, Rhyndam and Potsdam have been equipped with the Marconi Wireless Telegraph System, and should be added to the list given on page 580 of the Tariff Book.

Marine Service.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV page of the Tariff Book.

Particular attention should also be given in the acceptance of messages addressed to Summer resorts, which experience shows are often known to some senders under one name, and to others under another. It is not possible to give all such names, nor even to ascertain them all. Such places are usually found in the Adirondacks, the Catskills, the White Mountains or among the lakes of these regions. The Tariff Book addresses may often be found by questioning the senders of messages thereto.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or Journal which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 588 to 608, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 535, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

The Western Union Telegraph Co.
New York, October 20, 1904.

To all Transfer Agents and Officers:

In the list of Money Transfer offices in the Tariff Book and Journal are many places, whose names are printed in *italics* for which money may be accepted to be paid by some near-by transfer office. A transfer for any of these places can only be accepted subject to delay, as more or less time is required in which to notify payee of the order and secure his presence at the paying office. The notice to such payee should be promptly forwarded (by free service message if necessary) asking him to call within 72 hours, and advising him that identification will be required.

When any of the places shown in italics are made transfer offices, the change will be indicated under changes. Ansonia, Conn., which has been made a transfer office is an example. Its name will be found in the Tariff Book list with the words "Paid by Derby." The notice of the change for Ansonia is as follows:

Ansonia, now Class E....F. E. Clary, Agent.

The class letter "E" should be entered *before* and the agent's name *after* Ansonia in the Tariff Book, page 562.

CHANGES.

The following "changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1904. Those preceded by a (☞) have not been previously published in the Journal.

ALABAMA.

Superintendent.

POCKET EDITION OF DIAGRAMS

And Complete Information for Telegraph Engineers and Students

Revised Edition

BY WILLIS H. JONES.

Bound in Flexible Leather. 334 Pages. 160 Diagrams.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a **practical telegraph** course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

NO PERSON CONNECTED with the telegraph service can afford to be without a copy.

IF DESIRED A DESCRIPTIVE CIRCULAR of the book will be sent on request to any intending buyer. It gives the full table of contents from which any one can form a close estimate of the true value of the volume.

Price, $1.50. Express Charges Prepaid.

Address J. B. TALTAVALL, TELEGRAPH AGE, 253 Broadway, New York.

RESONATORS

FOR

LOUDENING, CONCENTRATING

and directing the signals of an ordinary Morse Sounder to the ear of the receiving operator. Especially adapted for receiving operators using the typewriter and for noisy railway stations, or for all situations where the sound of the instrument is subject to interference from outside noises.

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

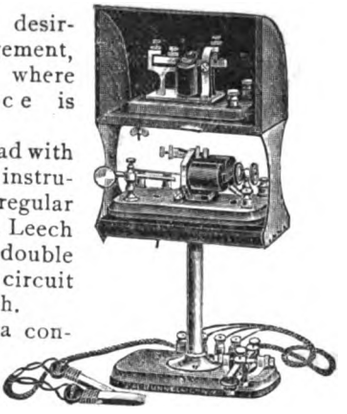

BUNNELL PATTERN

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the intrument.

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

PRICES (Subject to Discount)

DEC 6 04

THE NEW YORK PUBLIC LIBRARY
ASTOR, LENOX AND TILDEN FOUNDATIONS

JOURNAL OF THE TELEGRAPH

VOL. XXXVII. NEW YORK, NOVEMBER 20, 1904 WHOLE NO. 617.

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 27,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

NEW YORK, NOVEMBER 20, 1904.

The Western Union Telegraph Company is meeting with marked success in its criminal prosecution of wire thieves throughout the country. Not only do these thieves, in connection with a low class of junk dealers, prey upon Western Union property, but they steal the wires of telephone, electric light, power and railway companies. The Western Union Telegraph Company has issued printed "Reward" circulars, offering the sum of twenty-five dollars for the arrest and conviction of wire thieves, and others who wilfully and maliciously injure and destroy its lines of wire or any part thereof, so as to interfere with telegraphic communication thereover, etc. Instructions have been given by the Chief Executive to the Legal Department to follow these criminals regardless of the expense of prosecution, in an earnest effort to break up these gangs of thieves and protect property.

Several cases of successful prosecution of wire thieves and junk dealers were reported to the Company by the law department this week. M. Oliva was tried and found guilty at San Antonio, Texas, on November 2d, of cutting wires of the Western Union Telegraph Company near Devine, Texas, and sentenced to confinement in the Texas State prison for seven years. F. Leonhardt and William Minor, charged with theft of wire on the B. & O. R. R. near Rosedale, Md., on July 31, 1904, were tried and convicted on October 31, and sentenced to terms of three years each in the Maryland penitentiary. Convictions were also obtained against Charles Wilson and Frederick Marks at Jersey City, N. J.; against Thomas Ryan and Wm. McDonnell, at Newark, N. J., and against Vito Coluccio and Wm. Carroll, at New Brunswick, N. J. A considerable number are now in jail at the last three places, awaiting trial, having been indicted.

Information wanted concerning C. W. Gaston, operator. Last heard of he was in the employ of I. & G. N. R. R. His relations wish to hear from him. Please communicate with C. G. Casteen, El Paso, Tex., or Mrs. S. A. Gaston, 1533 Bacon street, St. Louis, Mo.

AT the Annual Meeting of the Telegraphers' Mutual Benefit Association held in New York City, on November 16th, the following were elected to serve for the ensuing year:

B. Brooks, President.
W. H. Young, Vice-President.
C. P. Bruch, 2d Vice-President.
M. J. O'Leary, Secretary.
A. R. Brewer, Treasurer.

Executive Committee.

J. Merrihew, New York.
W. C. Humstone, New York.
E. J. Nally, Chicago.
T. A. McCammon, New York.
Geo. H. Fearons, New York.
S. S. Garwood, Philadelphia.

Auditing Committee.

E. B. Pillsbury, W. J. Dealy.
T. E. Fleming.

A large number of members, including delegates from various agencies, were in attendance. The reports of the President, Secretary and Treasurer showed the Association to be in excellent condition, both in membership and financially. The membership is now 5,326 and the assets amount to $246,265.32.

The President, Mr. B. Brooks, in his report and opening address referred to the fact that the Association is now in a most prosperous condition, and fully able to protect its present membership. It has a broad, liberal contract, under which a man or woman, when once admitted to membership, can engage in any vocation or reside in any country; that its mission is to provide protection for the families and dependents of all employees of the telegraph service, and that it is essentially a telegraph society, organized and maintained solely for the benefit of its members.

Every person employed either in telegraph or telephone service, in good health, between the ages of 18 and 45 years, is invited to join, and application for membership can be made to the Secretary at the New York office or to any agent in the Western Union office of any of the principal cities.

After the meeting a large number of the members who had been present at it attended the autumn reunion and dinner of the Magnetic Club, at which were also present a number of the principal officers of the Western Union and the Postal Telegraph companies.

The whereabouts of Geo. W. Jeroleman is desired by J. G. Jennings, Superintendent of Telegraph C. R. I. & P. Ry. Co., Chicago.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, November 20, 1904.

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet Cheswold, Felton, and Woodside, Del., Goldsboro, Md., Alloway, and Quinton, N. J., Allenport, Bigler, and Falls Creek, Pa.

Ben Alton, Md., should be Bel Alton, Md.

There should also be added to Sheet "O" the following:

Sq.	
60	Trappe (Sta.), Md.
53	Alloway Junc., N. J.
53	North Vineland, N. J.
41	Woodbridge, N. J.
112	Irvona, Pa.
112	Nanty Glo, Pa.

The following list of Changes corrects the Tariff Book of July, 1904, to date.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

The words "Sub. free," "Sub. 10 0," "Sub. mesgs. only," etc., following the name of the transfer point for a number of two and three star stations in the Tariff Book and JOURNAL, indicate that messages of telephone subscribers at such two and three star stations are forwarded beyond the transfer office *free;* or at the rate designated; or that messages to telephone subscribers *only*, can be accepted.

Thus, to Carlton, Col. (page 40 of Tariff Book), messages addressed to telephone subscribers only can be accepted. These are telephoned free from Lamar, Col.

To South Wellington, Conn. (page 48 of Tariff Book), the rate is fifteen cents beyond Willimantic to parties not having telephones. Messages to telephone subscribers are transmitted free from Willimantic.

To Church Creek, Md. (page 161 of Tariff Book), the rate beyond Cambridge, Md., is 15 1 to parties not having telephones. To telephone subscribers the rate beyond Cambridge is but ten cents.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

Digitized by Google

When a one, two or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Youngs, Ga., which was formerly a three-star station, but which is now a Western Union office in Square 253.

See Special Notices at end of this circular.

Correct Tariff Book, pages 600, 602, 603 and 604.

Wireless Service to Steamships.

Prepaid messages may be accepted for transmission by Wireless Telegraph to S. S. Bavarian, Tunisian and Parisian of the Allan Line at following rates:

Via Belle Isle$2.50—14 beyond Quebec.
Via Point Armour... 2.25—13 beyond Quebec.
Via Heath Point 2.50—14 beyond Gaspe, Que.
Via Fame Point..... 2.00—12 beyond Fame Point, Que.

Attention is called to the fact that the wireless service referred to on page 580 of the Tariff Book is only in connection with steamers leaving or entering the port of New York. At present the S. S. Ivernia and Saxonia of the Cunard line are in the Boston service of that company, and wireless messages thereto should be routed via South Wellfleet and Hyannis, Mass., at rate of $2.00 and 12, added to the rate to South Wellfleet.

The Wireless service *via Siasconsett, Nantucket I.* to S. S. New York, Philadelphia, St. Louis and St. Paul, of the American Line, and S. S. Finland and Kroonland, of the Red Star Line, has been discontinued until further notice.

The Cunard S. S. Pannonia, Slavonia and Ultonia, the Navigazione Generale Italiana S. S. Liguria, Sardegna and Lombardia, and the Holland-American S. S. Noordam, Statendam, Rotterdam, Rhyndam and Potsdam have been equipped with the Marconi Wireless Telegraph System, and should be added to the list given on page 580 of the Tariff Book.

Marine Service.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV page of the Tariff Book.

Particular attention should also be given in the acceptance of messages addressed to Summer resorts, which experience shows are often known to some senders under one name, and to others under another. It is not possible to give all such names, nor even to ascertain them all. Such places are usually found in the Adirondacks, the Catskills, the White Mountains or among the lakes of these regions. The Tariff Book addresses may often be found by questioning the senders of messages thereto.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or Journal which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 588 to 608, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 535, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

The Western Union Telegraph Co
New York, November 20, 1904.

To all Transfer Agents and Office Managers:

In the list of Money Transfer offices in the Tariff Book and Journal are many places, whose names are printed in *italics* for which money may be accepted to be paid by some near-by transfer office. A transfer for any of these places can only be accepted subject to delay, as more or less time is required in which to notify payee of the order and secure his presence at the paying office. The notice to such payee should be promptly forwarded (by free service message if necessary) asking him to call within 72 hours, and advising him that identification will be required.

When any of the places shown in italics are made transfer offices, the change will be indicated under changes. Ansonia, Conn., which has been made a transfer office is an example. Its name will be found in the Tariff Book list with the words "Paid by Derby." The notice of the change for Ansonia is as follows:

Ansonia, now Class E....F. E. Clary, Agent.

The class letter "E" should be entered *before* and the agent's name *after* Ansonia in the Tariff Book, page 562.

CHANGES.

The following "changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1904. Those preceded by a (☞) have not been previously published in the Journal.

☞The special attention of all Transfer Agents is called to Rules 36 and 48, and they are expected to forward to this office not later than the 8th of each month, their report of abstract of transfers (Form 64).

M. T. WILBUR,
Treasurer.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current (form 4).* Vouchers for such expense must *not* be sent to the Treasurer in cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding $2.50, 3c	Ov r $30.00 to $40.00, 15c
Over $2.50 to 5.00, 5c	Over 40.00 to 50.00, 18c
Over 5.00 to 10.00, 8c	Over 50.00 to 60.00, 20c
Over 10.00 to 20.00, 10c	Over 60.00 to 75.00, 25c
Over 20.00 to 30.00, 12c	Over 75.00 to 100.00, 30c

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money orders can be obtained at less expense*).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

LIST OF OFFICERS AND DIRECTORS OF THE WESTERN UNION TELEGRAPH COMPANY.

ROBERT C. CLOWRY,
President and General Manager.

POCKET EDITION OF DIAGRAMS

And Complete Information for Telegraph Engineers and Students

Revised Edition

BY WILLIS H. JONES.

Bound in Flexible Leather. 334 Pages. 160 Diagrams.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

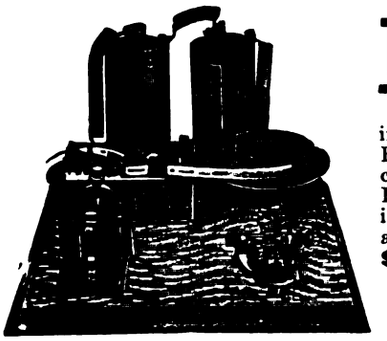

THIS WORK COVERS the entire field of a **practical telegraph** course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

NO PERSON CONNECTED with the telegraph service can afford to be without a copy.

IF DESIRED A DESCRIPTIVE CIRCULAR of the book will be sent on request to any intending buyer. It gives the full table of contents from which any one can form a close estimate of the true value of the volume.

Price, $1.50. Express Charges Prepaid.

Address J. B. TALTAVALL, TELEGRAPH AGE, 253 Broadway, New York.

TELEGRAPHY SELF-TAUGHT.

Our Transmitter, a most successful plan. Entire outfit, including Transmitter, Key and Sounder (Bunnell make), Batteries, the entire set of Records (27 in all, each record containing from 250 to 475 words), and The Telegraph Instructor, silk-bound, containing 284 pages of information invaluable to a student—**$20.00.** Sold upon fifteen days' approval. Same outfit without key, sounder and batteries, **$16.50.** Catalogue free.

TO THE TELEGRAPHIC FRATERNITY

The President, Secretary, Treasurer, Assistant Treasurer and General Manager of the Manhattan Electrical Supply Co., are all experienced ex-telegraphers. The same energy which gave them prominence in telegraphy is displayed in the management of the Factories and Supply Depots of this Corporation, and enables them to devise and construct apparatus which will give the greatest satisfaction for the least expenditure. For instance, the price of Telegraph Keys, which formerly cost the telegrapher $2.00 or more, is now less than $1.00 each, and is a better key. The same proportion of reductions have been made in Relays, Sounders, Learners' Instruments, Bells, Batteries, etc. Our aim is satisfied customers, and lots of them. Compare our prices and quality with other makes.

STEEL LEVER KEYS

The Western Union Telegraph Company are using thousands of our make of Keys of the same design as above illustrations. Every Key is guaranteed in workmanship and materials None better made.

List No. 103. Steel Lever Key with legs - - - - - - - - Net Price, each $0.75
" 108. " " " Legless - - - - - - - - " " " .61
By Mail, extra 11 cents.

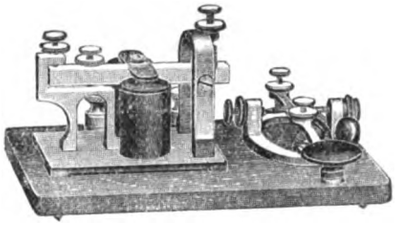

IMPROVED GIANT SOUNDER

Either Aluminum or Brass Lever Furnished

Proportions scientifically correct. One cell of Crowfoot Battery will operate it, producing a sound louder and clearer than any other sounder with two cells of battery.

Thousands of these Sounders are in use by the Postal and Western Union Telegraph Companies.

List No 111. Wound 5 ohms, Price Net, $1.40
" 113. " 20 " " 1.45
By Mail, extra 25 cents.

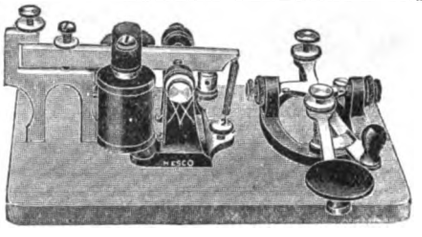

IMPROVED GIANT COMBINATION SET

Our standard first-class Improved Giant Sounder, finely finished with rubber-covered coils, mounted on polished mahogany base, with our regular Steel Lever Key, making the neatest and most perfect Set of Short Line Instruments ever produced.

A book of instructions for amateurs is furnished with each instrument.

List No. 186. Wound 5 Ohms - - - - - - Price Net, $2.05
" 186. " 20 " - - - - - - " 2.20
By Mail, extra 35 cents.

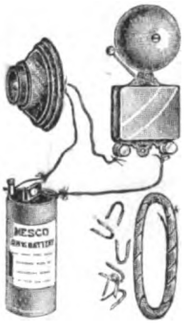

EUREKA TELEGRAPH INSTRUMENT

The Eureka is a first-class, full size telegraph set. All of the working parts are finely finished composition metal, such as used in all high-grade instruments. The base is mahogany and highly polished The key is of the steel lever pattern.

A book of instructions for amateurs is furnished gratis with each instrument.

List No. 178. Wound 5 Ohms. - - - - - - Price Net, $1.05
" 179. " 20 " - - - - - - " 1.10
By Mail, extra 35 cents.

ELECTRIC CALL BELL OUTFIT

Consists of:
One Iron Box Bell, 2½ inch Gong.
One Cell Mesco Dry Battery.
One Wooden Push Button.
Fifty Feet Insulated Wire.

Sufficient staples and printed instructions which will aid any person to put same in successful operation.

Packed in strong straw-board box. Weighs 5 lbs. A first-class outfit.

List No. 1762. Complete each - Price Net, $0.55

THE GEM MOTOR

Finished in black enamel, screws and bearings nickel-plated, mounted on polished wood stand. Used for operating small mechanical toys and advertising devices; runs on a single cell dry battery.

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* (*Formerly* 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

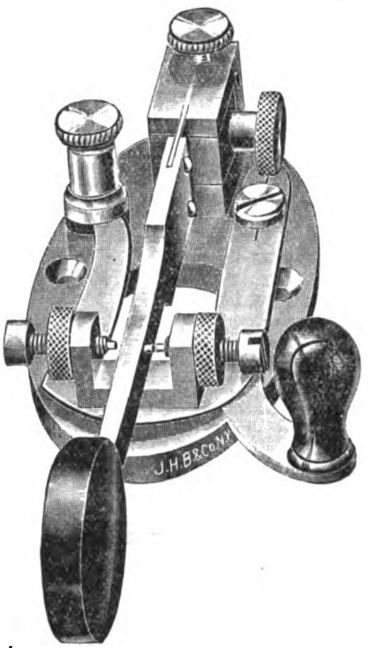

Stem is hollow so that cord can pass through it.

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY
PATENTED

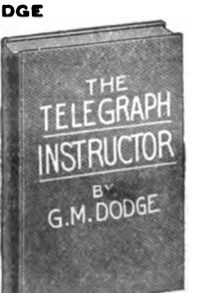

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - - $4.00
Legless Pattern - - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR
BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages, with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 56 cents, net.

MASCOT RESONATOR

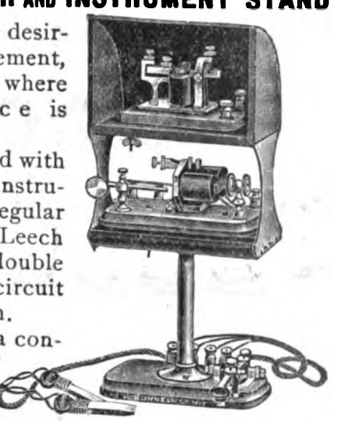

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

PRICES (Subject to Discount)
Resonators and Stand Complete with Relay, Sounder and Leech's Extra Circuit Closer Contact Key, $16.00
Ditto, but with Regular Key - - - - - - 14.00
" " Leech's Key only - - - - - 9.00
" " Regular Key only - - - - - 8.00
Resonators and Stand only - - - - - - 7.00

TABLE JACK SWITCHES

For Switching Resonator Set of Instruments to any desired line.

PRICES

4 Line Table Jack - - - - - $4.00
Additional Lines, each - - - - - .90
Wedge, with 4 ft. Cord, Extra - - 2.50

JANUARY 1905 TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of La Jolla, Calif., which was formerly a three-star station, but which is now a Western Union office in Square 1219.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The following list of Changes corrects the Tariff Book of January, 1905, to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

BRAZIL.

Taking effect January 1, 1905, the rate to Amazon River stations in Brazil *"via* Galveston" and *"via* London" will be increased as follows:

TO	From W. U. and G. N. W. offices in the U. S. (except Louisiana and Texas), and from B. C., Man., N. B., N. W. Terrs., N. S., Ont. and Quebec.	From W. U. offices in Louisiana and Texas.
Alemquer	$1.60	$1.56
Breves	1.30	1.26
Cameta	1.30	1.26
Chaves	1.30	1.26
Gurupa	1.30	1.26
Itacoatiara	1.60	1.56
Macapa	1.30	1.26
Manaos	1.60	1.56
Monte Alegre	1.30	1.26
Mosqueiro	1.30	1.26
Obidos	1.60	1.56
Parintins	1.60	1.56
Pinheiro	1.30	1.26
Santarem	1.30	1.26
Soure	1.30	1.26

Correct page 657 of the January, 1905, Tariff Book accordingly.

CABLES—Continued.

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

Notice of the arrival of Steamships will, if desired, be reported by the U. S. Naval Wireless Service from:

Nantucket Shoals Lightship,
Torpedo Station, Newport,
Montauk Point, L. I.,
Navy Yard, New York (Brooklyn), or
Highlands of Navesink (Highlands), N.J.

Rate for this service to any address in Greater New York, Jersey City, or Hoboken, $2.00. For other places $2.00, plus the tolls on a ten-word message to New York City.

WIRELESS TELEGRAPH TO STEAMSHIPS.

The White Star Line S. S. Oceanic and the Hamburg American Line S. S. Hamburg have been equipped with the Marconi Wireless Telegraph and should be added to the list given on page 629 of the Tariff Book.

South Wellfleet, Mass., is now a check direct W. U. office, Sq. 13, for wireless messages destined beyond that point.

Prepaid messages may be accepted for transmission by Wireless Telegraph to the following Steamships in addition to the list given on page 629 of the Tariff Book:

FALL RIVER LINE.

S. S	RATE.	BEYOND.
Chester W. Chapin	25 and 2	Wilson's Point, Ct., or Point Judith, R. I.
City of Lowell	25 and 2	
Pilgrim	75 and 6	
Plymouth	75 and 6	
Priscilla	75 and 6	
Puritan	75 and 6	

OLD DOMINION LINE.

Hamilton	50 and 3	Cape May, N. J.
Monroe	50 and 3	

MALLORY LINE.

Denver	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
San Jacinto	1.50 and 8	

QUEBEC LINE.

Bermudian	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Trinidad	1.50 and 8	

NEW YORK & PORTO RICO S. S. Co.

Coamo	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Ponce	1.50 and 8	

RED "D" LINE.

Caracas	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Philadelphia	1.50 and 8	

Digitized by Google

CABLES—Continued.

The steamers of the Mallory Line, Quebec Line, New York & Porto Rico S. S. Co. and the Red "D" Line may also be reached via the United States Naval Wireless Stations at:

Highlands of Navesink (Highlands), N. J.,
Cape Henry, Va.,
Norfolk, Va.,
Dry Tortugas, Fla., and
San Juan, Porto Rico.

Messages sent via these stations will be charged for at the regular land line rate to the above named stations, and in addition thereto $1.50 and 8 for "Wireless" service to the steamer.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 638 to 659, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 547, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.,
NEW YORK, February 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Taking effect January 1, 1905, Money Transfer Offices now known as Class "E" will be Class "D". The classification now known as Class "E" will be discontinued. All Money Transfer Offices and Agents should change their Tariff Books in accordance with this notice and be governed accordingly on and after January 1.

Effective February 1, transfer messages will be addressed "Transfer Agent" or "Manager," omitting names, but all such messages will be signed as heretofore.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, *Treasurer,*
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred. Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

☞Money may now be accepted for transfer by telegraph and cable to Great Britain and Ireland, France, Switzerland, Germany, Austria-Hungary, Italy, Sicily, Spain, Portugal, Belgium, Holland, Denmark, Sweden, Norway, Russia in Europe, Turkey in Europe, Roumania, Bulgaria, Servia, Greece, Corsica, Sardinia, and all other countries in Europe. Money for transfer to Alaska, Havana, Cuba; and to the Philippines may also be accepted.

Further information regarding Foreign Money Order transfers has been furnished to all Transfer Agents.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1905. Those preceded by a (☞) have not been previously published in the JOURNAL.

Alamosa, Col., now Class C.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must *not* be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding $2.50, 3c	Over $30.00 to $40.00, 15c
Over $2.50 to 5.00, 5c	Over 40.00 to 50.00, 18c
Over 5.00 to 10.00, 8c	Over 50.00 to 60.00, 20c
Over 10.00 to 20.00, 10c	Over 60.00 to 75.00, 25c
Over 20.00 to 30.00, 12c	Over 75.00 to 100.00, 30c

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money orders can be obtained at less expense*)

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

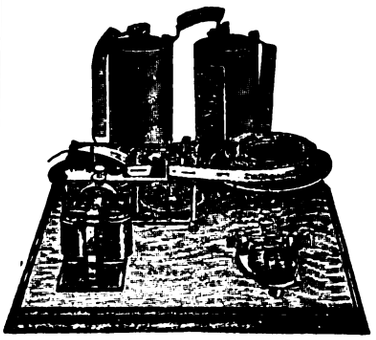

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

TELEGRAPHY SELF-TAUGHT.

Our Transmitter, a most successful plan. Entire outfit, including Transmitter, Key and Sounder (Bunnell make), Batteries, the entire set of Records (27 in all, each record containing from 250 to 475 words), and The Telegraph Instructor, silk-bound, containing 284 pages of information invaluable to a student—**$20.00.** Sold upon fifteen days' approval. Same outfit without key, sounder and batteries, **$16.50.** Catalogue free.

POCKET EDITION OF DIAGRAMS

And Complete Information for Telegraph Engineers and Students

Revised Edition

BY WILLIS H. JONES.

Bound in Flexible Leather. 334 Pages. 160 Diagrams.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a **practical telegraph** course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

NO PERSON CONNECTED with the telegraph service can afford to be without a copy.

IF DESIRED A DESCRIPTIVE CIRCULAR of the book will be sent on request to any intending buyer. It gives the full table of contents from which any one can form a close estimate of the true value of the volume.

Price, $1.50. Express Charges Prepaid.

Address J. B. TALTAVALL, TELEGRAPH AGE, 253 Broadway, New York.

TO THE TELEGRAPHIC FRATERNITY

The President, Secretary, Treasurer, Assistant Treasurer and General Manager of the Manhattan Electrical Supply Co., are all experienced ex-telegraphers. The same energy which gave them prominence in telegraphy is displayed in the management of the Factories and Supply Depots of this Corporation, and enables them to devise and construct apparatus which will give the greatest satisfaction for the least expenditure. For instance, the price of Telegraph Keys, which formerly cost the telegrapher $2.00 or more, is now less than $1.00 each, and is a better key. The same proportion of reductions have been made in Relays, Sounders, Learners' Instruments, Bells, Batteries, etc. Our aim is satisfied customers, and lots of them. Compare our prices and quality with other makes.

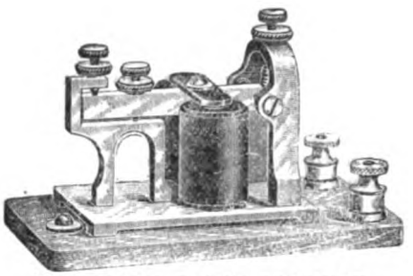

STEEL LEVER KEYS

The Western Union Telegraph Company are using thousands of our make of Keys of the same design as above illustrations. Every Key is guaranteed in workmanship and materials None better made.

List No. 103. Steel Lever Key with legs - - - - - - - - - Net Price, each $0.75

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

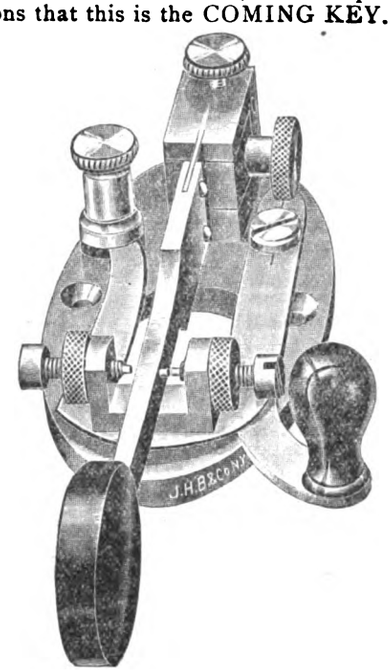

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

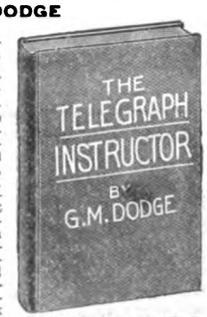

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - - $4.00
Legless Pattern - - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

By G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages with Numerous Examples, Private or Leased Wires, Forms Used, Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

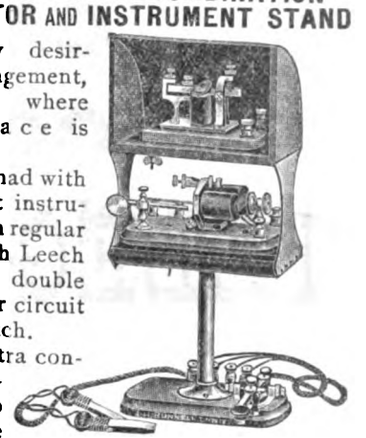

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

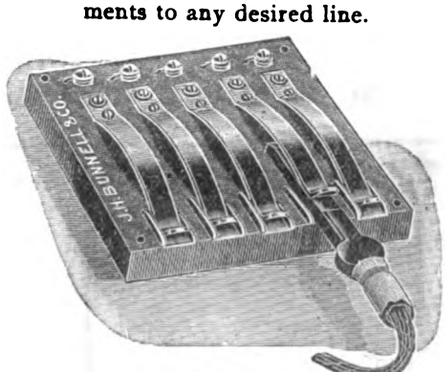

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

MAR 31 05

JOURNAL OF THE TELEGRAPH.

THE NEW YORK PUBLIC LIBRARY

VOL. XXXVIII. NEW YORK, MARCH 20, 1905 WHOLE NO. 621.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, INC., FOR THE QUARTER ENDING MARCH 31, 1905.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, March 8, 1905.

The following statement exhibits the condition of the Company at the close of the quarter ended December 31, 1904:

Surplus October 1, 1904, as per last Quarterly Report		$15,434,862 80
Net revenues, quarter ended December 31, 1904		1,872,965 91
		$17,307,828 71
From which appropriating for—		
Dividend of 1¼ per cent. paid January 15th, 1905	$1,217,021 25	
Interest on bonded debt.	297,550 00	
		1,514,571 25
Left a surplus January 1, 1905		$15,793,257 46
Surplus January 1, 1905, as above		$15,793,257 46
The net revenues for the quarter ending March 31st, instant, based upon nearly completed returns for January, partial returns for February, and estimating the business for March, will be about		1,600,000 00
		$17,393,257 46
From which appropriating for—		
Interest on bonded debt		300,000 00
		$17,093,257 46
It requires for a dividend of 1¼ per cent. on capital stock issued		1,217 021 25
Deducting which, leaves a surplus, after paying dividend, of		$15,876,236 21

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of April next, to stockholders of record at the close of the transfer books on the 20th day of March, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of March, instant, and be reopened on the morning of the 1st day of April next.

Respectfully submitted,

ROBERT C. CLOWRY,
President.

Horace E. Roberts has been appointed Superintendent of Supplies and General Purchasing Agent of the Western Union Telegraph Co., vice Edward C. Cockey, deceased.

Edward Cromwell Cockey, Superintendent of Supplies and General Purchasing Agent of the Western Union Telegraph Company, died at his home in the City of New York, March 15, 1905.

Mr. Cockey was born in Baltimore, Md., September 22, 1832. In 1853 he was employed in the Baltimore Post Office until 1861, when he took charge at Fortress Monroe of the accounts of the United States Ordnance Department. In 1867 he entered the service of the Western Union Telegraph Company in the office of the General Superintendent of the Eastern Division. In 1877 he became Auditor of the Atlantic & Pacific Telegraph Company, and later was purchasing agent of the American Union Telegraph Company. In 1881 he re-entered the service of the Western Union Company as Storekeeper at New York, succeeding on the death of the late William Hunter to the position he until recently held.

For many years he was President of the Magnetic Club of New York City, and in 1895 was President of the Old Time Telegraphers' Association.

Happy and cheerful, under disabilities, and long time adverse conditions of health, his courage and fortitude bound to him the affectionate regard and esteem of all his associates as well as a multitude of friends.

The attention of Managers of Western Union offices at which the International Cable Directory is on file is directed to the advisability of consulting that publication before any cable message received under an abbreviated address is reported undelivered because of the non-registration of such address on the books of the company.

A number of cases have developed lately in which non-deliveries have been reported notwithstanding that the addresses involved were duly recorded in the International Cable Directory, the subscribers to that book, in many cases, being under the erroneous impression that the registration of their cable addresses in the directory is sufficient for the proper delivery of their messages.

THE WESTERN UNION TELEGRAPH CO.

New York, March 8, 1905.

DIVIDEND No. 148.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the Capital Stock of this Company, payable at the office of the Treasurer on and after the 15th day of April next, to shareholders of record at the close of the transfer books on the 20th day of March inst.

The transfer books will be closed at three o'clock on the afternoon of March 20th inst., and reopened on the morning of April 1st next.

M. T. WILBUR, Treasurer.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, March 20, 1905.

It should be noted that the official abbreviation for Oklahoma Territory is "Okla.," or "Okla. T." The abbreviation "O. T." should not be used, as the accidental dropping of the letter "T" causes messages to be missent to points in the State of Ohio.

To OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet the following places:

DELAWARE.

Cheswold,	Woodside
Felton,	

MARYLAND.

Conowingo, C. Co.,	Perryville.
Goldsboro,	

NEW JERSEY.

Alloway,	Medford,
Columbus,	Milford,
Hainesport,	Moorestown, or East
Hartford,	Moorestown,

JANUARY 1905 TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of La Jolla, Calif., which was formerly a three-star station, but which is now a Western Union office in Square 1219.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The following list of Changes corrects the Tariff Book of January, 1905, to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CHANGES.

ALABAMA.

EAST, WEST AND SOUTH AFRICA.

Senegal (page 642 of Tariff Book) should read: Senegal and French Soudan.

BRAZIL.

Taking effect January 1, 1905, the rate to Amazon River stations in Brazil *"via* Galveston" and *"via* London" will be increased as follows:

TO	From W. U. and G. N. W. offices in the U. S. (except Louisiana and Texas), and from B. C., Man., N. B., N. W. Terrs., N. S., Ont. and Quebec.	From W. U. offices in Louisiana and Texas.
Alemquer	$1.60	$1.56
Breves	1.30	1.26
Cameta	1.30	1.26
Chaves	1.30	1.26
Gurupa	1.30	1.26
Itacoatiara	1.60	1.56
Macapa	1.30	1.26
Manaos	1.60	1.56
Monte Alegre	1.30	1.26
Mosqueiro	1.30	1.26
Obidos	1.60	1.56
Parintins	1.60	1.56
Pinheiro	1.30	1.26
Santarem	1.30	1.26
Soure	1.30	1.26

Correct page 657 of the January, 1905, Tariff Book accordingly.

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

Notice of the arrival of Steamships will, if desired, be reported by the U. S. Naval Wireless Service from:

Nantucket Shoals Lightship,
Torpedo Station, Newport,
Montauk Point, L. I.,
Navy Yard, New York (Brooklyn), or
Highlands of Navesink (Highlands), N.J.

Rate for this service to any address in Greater New York, Jersey City, or Hoboken, $2.00. For other places $2.00, plus the tolls on a ten-word message to New York City.

WIRELESS TELEGRAPH TO STEAMSHIPS.

The White Star Line S. S. Oceanic and the Hamburg American Line S. S. Hamburg have been equipped with the Marconi Wireless Telegraph and should be added to the list given on page 629 of the Tariff Book.

Digitized by Google

CABLES—Continued.

South Wellfleet, Mass., is now a check direct W. U. office, Sq. 13, for wireless messages destined beyond that point.

Prepaid messages may be accepted for transmission by Wireless Telegraph to the following Steamships in addition to the list given on page 629 of the Tariff Book:

FALL RIVER LINE.

S. S	RATE.	BEYOND.
Chester W. Chapin	25 and 2	Wilson's Point, Ct., or Point Judith, R. I.
City of Lowell	25 and 2	
Pilgrim	75 and 6	
Plymouth	75 and 6	
Priscilla	75 and 6	
Puritan	75 and 6	

OLD DOMINION LINE.

Hamilton	50 and 3	Cape May, N. J
Monroe	50 and 3	

MALLORY LINE.

Denver	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
San Jacinto	1.50 and 8	

QUEBEC LINE.

Bermudian	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Trinidad	1.50 and 8	

NEW YORK & PORTO RICO S. S. Co.

Coamo	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Ponce	1.50 and 8	

RED "D" LINE.

Caracas	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Philadelphia	1.50 and 8	

The steamers of the Mallory Line, Quebec Line, New York & Porto Rico S. S. Co. and the Red "D" Line may also be reached via the United States Naval Wireless Stations at:

Highlands of Navesink (Highlands), N. J.,
Cape Henry, Va.,
Norfolk, Va.,
Dry Tortugas, Fla., and
San Juan, Porto Rico.

Messages sent via these stations will be charged for at the regular land line rate to the above named stations, and in addition thereto $1.50 and 8 for "Wireless" service to the steamer.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 638 to 659, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 547, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.,
NEW YORK, March 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Taking effect January 1, 1905, Money Transfer Offices now known as Class "E" will be Class "D". The classification now known as Class "E" will be discontinued. All Money Transfer Offices and Agents should change their Tariff Books in accordance with this notice and be governed accordingly on and after January 1.

Effective February 1, transfer messages will be addressed "Transfer Agent" or "Manager," omitting names, but all such messages will be signed as heretofore.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, *Treasurer,*
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

Money may now be accepted for transfer by telegraph and cable to Great Britain and Ireland, France, Switzerland, Germany, Austria-Hungary, Italy, Sicily, Spain, Portugal, Belgium, Holland, Denmark, Sweden, Norway, Russia in Europe, Turkey in Europe, Roumania, Bulgaria, Servia, Greece, Corsica, Sardinia, and all other countries in Europe. Money for transfer to Havana, Cuba, may also be accepted.

Further information regarding Foreign Money Order transfers has been furnished to all Transfer Agents.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1905. Those preceded by a (☞) have not been previously published in the JOURNAL.

☞ Aberdeen, Wash., now Class B.

SHORTHAND BY MAIL

Thoroughly taught by reporters. Special attention to operators. Spare time only required. The combination is a good one. Catalogue and first lesson FREE.

POTT'S SHORTHAND COLLEGE

WILLIAMSPORT, PA.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1903.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must *not* be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding $2.50,	3c	Over $30.00 to $40.00,	15c
Over $2.50 to 5.00,	5c	Over 40.00 to 50.00,	18c
Over 5.00 to 10.00,	8c	Over 50.00 to 60.00,	20c
Over 10.00 to 20.00,	10c	Over 60.00 to 75.00,	25c
Over 20.00 to 30.00,	12c	Over 75.00 to 100.00,	30c

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money orders can be obtained at less expense*)

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency hould be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such t the treasurer

M. T. WILBUR,
Treasurer.

LIST OF OFFICERS AND DIRECTORS OF THE WESTERN UNION TELEGRAPH COMPANY.

ROBERT C. CLOWRY,
President and General Manager.

GEORGE J. GOULD,
J. B. VAN EVERY,

TELEGRAPHERS' MUTUAL BENEFIT ASSOCIATION

B. BROOKS, President

THIRTY-EIGHTH YEAR.

Insurance in Force, $5,000,000
Assets, - - - - 260,000
Claims Paid, - - 1,100,000

The Telegraphers' Mutual Benefit Association, now the oldest co-operative insurance organization in the country, a purely telegraph society, organized by and always managed by telegraphers for the sole benefit of the telegraph fraternity, offers to all persons engaged in telegraphic service between the ages of 18 and 45 protection for their families and dependents in amounts within the reach of every one at net cost.

Life insurance is an absolute necessity to all and can best be had by telegraphers in this association where there are no restrictions as to change of vocation or residence.

INSURANCE

Full Grade $1,000 **Half Grade $500**

Or Both Grades, $1,500

Initiation fee, $3.00 for each grade; no extra expense of any kind.

RATES ARE BASED ON AGE AT ENTRY, AND NOT SUBJECT TO CHANGE.

AGE	FULL GRADE	HALF GRADE
18 to 30	$1.00	50 cents
30 to 35	1.25	63 cents
35 to 40	1.50	75 cents
40 to 45	2.00	$1.00

Monthly payments.

Thirty days allowed for payment.

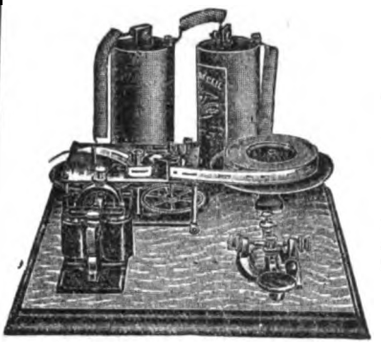

Reserve fund $227,000, equal to four and one-half per cent. of total insurance. The annual income from the fund exceeds the amount derived from two assessments on entire membership.

Application blanks from any Agent, or from

M. J. O'LEARY,

P. O. Box 510, Secretary,

Western Union Building, New York

POCKET EDITION OF DIAGRAMS

And Complete Information for Telegraph Engineers and Students

Revised Edition

BY WILLIS H. JONES.

Bound in Flexible Leather. 334 Pages. 160 Diagrams.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a **practical telegraph** course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

NO PERSON CONNECTED with the telegraph service can afford to be without a copy.

IF DESIRED A DESCRIPTIVE CIRCULAR of the book will be sent on request to any intending buyer. It gives the full table of contents from which any one can form a close estimate of the true value of the volume.

Price, $1.50. Express Charges Prepaid.

Address J. B. TALTAVALL, TELEGRAPH AGE, 253 Broadway, New York.

TO THE TELEGRAPHIC FRATERNITY

The President, Secretary, Treasurer, Assistant Treasurer and General Manager of the Manhattan Electrical Supply Co., are all experienced ex-telegraphers. The same energy which gave them prominence in telegraphy is displayed in the management of the Factories and Supply Depots of this Corporation, and enables them to devise and construct apparatus which will give the greatest satisfaction for the least expenditure. For instance, the price of Telegraph Keys, which formerly cost the telegrapher $2.00 or more, is now less than $1.00 each, and is a better key. The same proportion of reductions have been made in Relays, Sounders, Learners' Instruments, Bells, Batteries, etc. Our aim is satisfied customers, and lots of them. Compare our prices and quality with other makes.

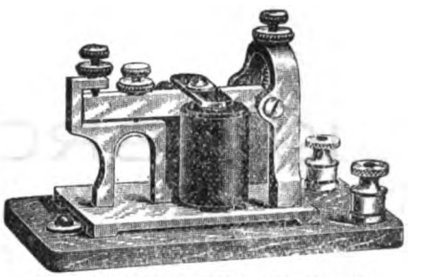

STEEL LEVER KEYS

The Western Union Telegraph Company are using thousands of our make of Keys of the same design as above illustrations. Every Key is guaranteed in workmanship and materials None better made.

List No. 103. Steel Lever Key with legs - - - - - - - - Net Price, each $0.75
" 108. " " " Legless - - - - - - - - - - " " " .61
By Mail, extra 11 cents.

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* (*Formerly* {106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET})

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

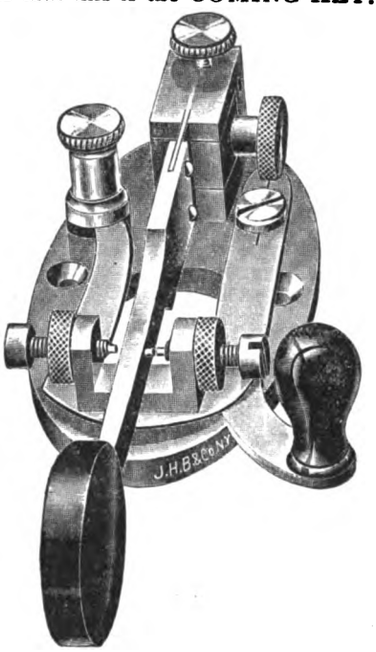

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

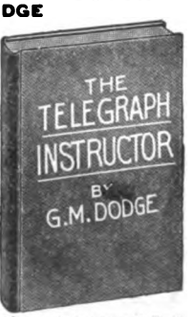

Requires but one-half the motions of the ordinary key, and these are made by a side-wise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - - $4.00
Legless Pattern - - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers), Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

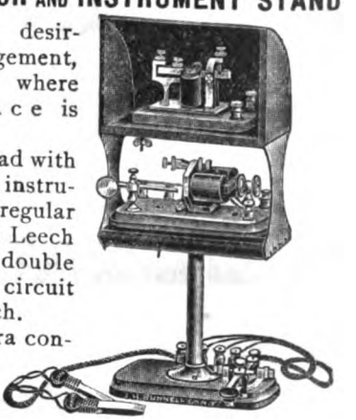

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

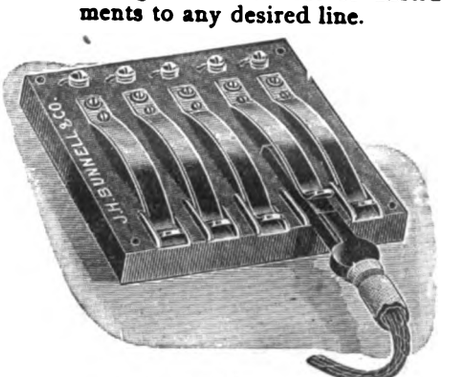

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

PRICES (Subject to Discount)

JANUARY 1905 TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of La Jolla, Calif., which was formerly a three-star station, but which is now a Western Union office in Square 1219.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The following list of Changes corrects the Tariff Book of January, 1905, to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

Santarem	1.30	1.26
Soure	1.30	1.26

Correct page 657 of the January, 1905, Tariff Book accordingly.

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

Notice of the arrival of Steamships will, if desired, be reported by the U. S. Naval Wireless Service from:

Nantucket Shoals Lightship,
Torpedo Station, Newport,
Montauk Point, L. I.,
Navy Yard, New York (Brooklyn), or
Highlands of Navesink (Highlands), N.J.

Rate for this service to any address in Greater New York, Jersey City, or Hoboken, $2.00. For other places $2.00, plus the tolls on a ten-word message to New York City.

WIRELESS TELEGRAPH TO STEAMSHIPS.

The White Star Line S. S. Baltic, Celtic, Cedric, Majestic, Oceanic, Teutonic; the Cunard Line S. S. Caronia; the North German Lloyd S. S. Grosser Kurfurst, and the Anchor Line S. S. Caledonia and Columbia have been equipped with the Marconi Wireless Telegraph and should be added to the list given on page 629 of the Tariff Book.

Wireless messages to steamships Campania, Caronia, Etruria, Lucania and Umbria of the Cunard Line may also be routed via South Wellfleet, Mass., at rate of $5.00 and 50, in addition to the ordinary rate to South Wellfleet.

South Wellfleet, Mass., is now a check direct W. U. office, Sq. 13, for wireless messages destined beyond that point.

Prepaid messages may be accepted for transmission by Wireless Telegraph to the following Steamships in addition to the list given on page 629 of the Tariff Book:

FALL RIVER LINE.

S. S.	RATE.	BEYOND
Chester W. Chapin	25 and 2	Wilson Point, Ct., or Point Judith, R. I.
City of Lowell	25 and 2	
Pilgrim	75 and 6	
Plymouth	75 and 6	
Priscilla	75 and 6	
Puritan	75 and 6	

OLD DOMINION LINE.

Hamilton	50 and 3	Cape May, N. J.
Monroe	50 and 3	

MALLORY LINE.

Denver	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
San Jacinto	1.50 and 8	

QUEBEC LINE.

Bermudian	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Trinidad	1.50 and 8	

NEW YORK & PORTO RICO S. S. CO.

Coamo	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Ponce	1.50 and 8	

RED "D" LINE.

Caracas	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Philadelphia	1.50 and 8	

The steamers of the Mallory Line, Quebec Line, New York & Porto Rico S. S. Co. and the Red "D" Line may also be reached via the United States Naval Wireless Stations at:

Highlands of Navesink (Highlands), N. J.,
Cape Henry, Va.,
Norfolk, Va.,
Dry Tortugas, Fla., and
San Juan, Porto Rico.

Messages sent via these stations will be charged for at the regular land line rate to the above named stations, and in addition thereto $1.50 and 8 for "Wireless" service to the steamer.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 638 to 659, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 547, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.

NEW YORK, April 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Taking effect January 1, 1905, Money Transfer Offices now known as Class "E" will be Class "D". The classification now known as Class "E" will be discontinued. All Money Transfer Offices and Agents should change their Tariff Books in accordance with this notice and be governed accordingly on and after January 1.

Effective February 1, transfer messages will be addressed "Transfer Agent" or "Manager," omitting names, but all such messages will be signed as heretofore.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, Treasurer,
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

Money may now be accepted for transfer by telegraph and cable to Great Britain and Ireland, France, Switzerland, Germany, Austria-Hungary, Italy, Sicily, Spain, Portugal, Belgium, Holland, Denmark, Sweden, Norway, Russia in Europe, Turkey in Europe, Roumania, Bulgaria, Servia, Greece, Corsica, Sardinia, and all other countries in Europe. Money for transfer to Havana, Cuba, may also be accepted.

Further information regarding Foreign Money Order transfers has been furnished to all Transfer Agents.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1905. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective May 1, 1905.

TELEGRAPHERS' MUTUAL BENEFIT ASSOCIATION

B. BROOKS, President

THIRTY-EIGHTH YEAR.

Insurance in Force, $5,000,000
Assets, - - - - 260,000
Claims Paid, - - 1,100,000

The Telegraphers' Mutual Benefit Association, now the oldest co-operative insurance organization in the country, a purely telegraph society, organized by and always managed by telegraphers for the sole benefit of the telegraph fraternity, offers to all persons engaged in telegraphic service between the ages of 18 and 45 protection for their families and dependents in amounts within the reach of every one at net cost.

Life insurance is an absolute necessity to all and can best be had by telegraphers in this association where there are no restrictions as to change of vocation or residence.

INSURANCE

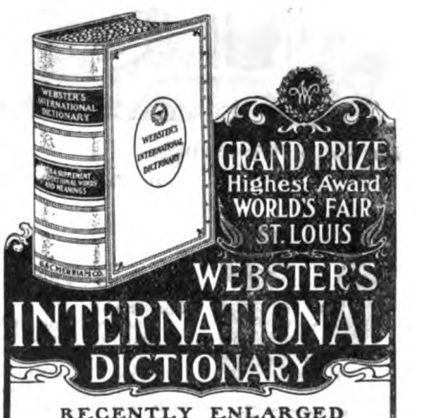

Full Grade	Half Grade
$1,000	$500

Or Both Grades, $1,500

Initiation fee, $2.00 for each grade; no extra expense of any kind.

Application blanks from any Agent, or from

MOUNT

...LEGRAPHIC FRATERNITY

The President, Secretary, Treasurer, Assistant Treasurer and General Manager of the Manhattan Electrical Supply Co., are all experienced ex-telegraphers. The ...ich gave them prominence in telegraphy is displayed in the management of the Factories and Supply Depots ...oration, and enables them to devise and construct apparatus which will give the greatest satisfaction for the least ...re. For instance, the price of Telegraph Keys, which formerly cost the telegrapher $2.00 or more, is now less than ... each, and is a better key. The same proportion of reductions have been made in ...lays, Sounders, Learners' Instruments, Bells, Batteries, etc. Our aim is satisfied customers, and lots of them. Compare our prices and quality with other makes.

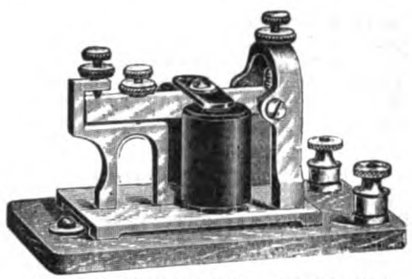

STEEL LEVER KEYS

ESTABLISHED 1879 *INCORPORATED 1899* (*Formerly* {*106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET*)

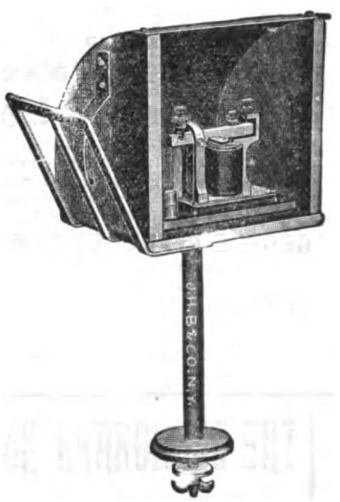

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

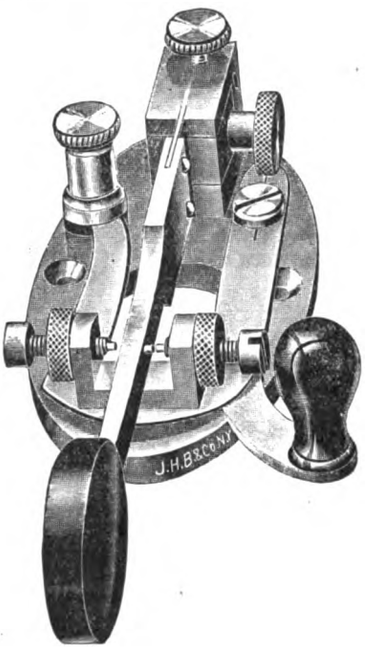

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

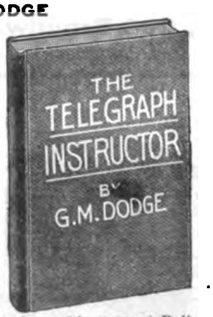

Requires but one-half the motions of the ordinary key, and these are made by a side-wise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - - $4.00
Legless Pattern - - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages, with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

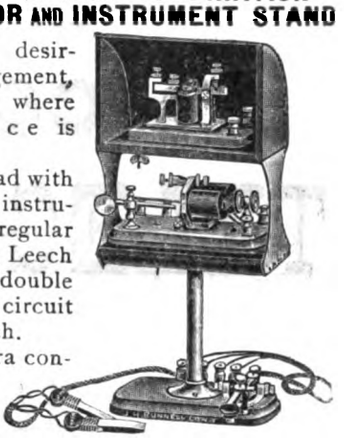

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

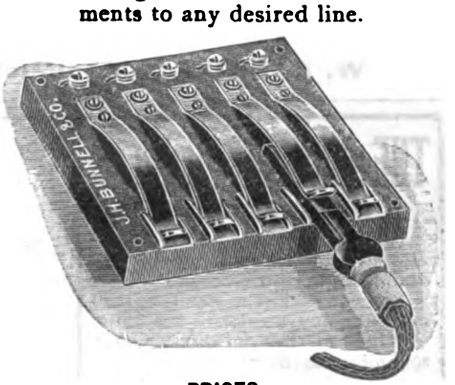

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

PRICES (Subject to Discount)

Resonators and Stand Complete with Relay, Sounder and Leech's Extra Circuit Closer Contact Key, $15.00
Ditto, but with Regular Key - - - - - - 14.00

MAY 2.

THE NEW YORK PUBLIC LIBRARY

JOURNAL OF THE TELEGRAPH.

VOL. XXXVIII. NEW YORK, MAY 20, 1905 WHOLE NO. 623

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 27,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

NEW YORK, MAY 20, 1905.

Major George H. Smith, an old time telegrapher, died at San Diego, Calif., April 30th, in his seventy-second year.

Major Smith was born in Norwich, Chenango County, N. Y., June 23, 1833, where he learned Morse telegraphing in 1849. In 1857 he went West and engaged in telegraph construction between Chicago and St. Louis. In 1861 he was appointed on General Fremont's staff in charge of the military telegraphs of the Department of Missouri. After the close of the war he entered the service of the Western Union Company and was in charge of the construction of the telegraph system in the oil regions of Western Pennsylvania. He thereafter continued in the Western Union Company's service at Rochester, N. Y., and New York City until 1868, when he again went West where for twenty-five years he was successively Northern Pacific R. R. train dispatcher at Brainerd, Minn., St. Paul & Duluth R. R. General Superintendent at St. Paul, Minn., Agent Northern Pacific Ry., at Fergus Falls, Minn., Ticket Agent Union Depot, Superior, Wis. He then entered into mercantile business in New Mexico, and subsequently at San Diego, Cal., at which latter place he died and was buried; his burial being in the G. A. R. Cemetary, under the auspices of General Heintzelmann Post No. 33, G. A. R. He leaves surviving him a widow to whom he was married fifty years ago, at Norwich, N. Y., on May 7, 1855, also six children and five grandchildren.

To obtain payment for U. S. Government Army telegrams, it is requisite that the following be furnished:

By the office of origin—when they are checked "paid"—the actual original copy (on whatever form or paper it may be written) from which the sending was made, bearing operator's indications required by Rule 30 of W. U. Book of Rules.

By the office of destination—when checked "collect"—the impression copy (water or carbon) required by Rule 46 of W. U. Book of Rules.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, May 20, 1905.

It should be noted that the official abbreviation for Oklahoma Territory is "Okla.," or "Okla. T." The abbreviation "O. T." should not be used, as the accidental dropping of the letter "T" causes messages to be missent to points in the State of Ohio.

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet the following places:

DELAWARE.

Cheswold,	Middletown,
Felton,	Woodside.

MARYLAND.

Cockeysville,	Goldsboro,
Conowingo, C. Co.,	Perryville.
Glencoe,	Stevenson.

NEW JERSEY.

Alloway,	Medford,
Columbus,	Milford,
Hainesport,	Moorestown, or East Moorestown,
Hartford,	Pemberton,
Lumberton,	Quinton,
Marlton,	Vincentown.
Martin's Creek,	
Masonville,	

PENNSYLVANIA.

Alexandria,	Pennfield,
Allenport,	Painterville,
Bigler,	Rock Hill, or Rock Hill Furnace,
Falls Creek,	Shirley, or Shirleysburg,
Georgetown,	Tyler, C. Co.,
Mapleton,	Verona.
McClure,	
Medix Run,	

Ben Alton, Md., should be Bel Alton, Md.

There should also be added to Sheet "O" the following:

Sq.	DELAWARE.	
60	Bridgeville,	67 Hartly,
60	Harrington,	60 Houston.

MARYLAND.

54 Newark, or Queponco. 60 Trappe (Sta.)
54 Snow Hill.

NEW JERSEY.

53	Alloway Junc.,	47	Sharon,
47	Haddonfield,	41	Woodbridge.

PENNSYLVANIA.

131	Brackenridge,	112	Nanty Glo,
94	Eyre,	75	Powell,
112	Irvona,	94	Saltillo.

JANUARY 1905 TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of La Jolla, Calif., which was formerly a three-star station, but which is now a Western Union office in Square 1219.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The following list of Changes corrects the Tariff Book of January, 1905, to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CHANGES.

ALABAMA.

CABLES.

CAROLINE IS. AND DUTCH EAST INDIES.

A Cable has been laid from Guam to the Caroline Islands and Dutch East Indies. Rates beyond San Francisco as follows:

	Per Word
Caroline Islands: Yap (Jap)	$1.05
Dutch East Indies: Java	1.09
Sumatra and other Islands	1.18

Rates *to* San Francisco are given on page 640 of the Tariff Book.

EGYPT.

Rate beyond London to Cairo, Port Said, Suez Canal Stations and Lower Egypt (First Region), now thirty-one cents per word, instead of thirty-six as heretofore. (Page 641 of Tariff Book.)

WEST AFRICA.

Senegal (page 642 of Tariff Book) should read: Senegal and French Soudan.

BRAZIL.

Taking effect January 1, 1905, the rate to Amazon River stations in Brazil *"via* Galveston" and *"via* London" will be increased as follows:

TO	From W. U. and G. N. W. offices in the U. S. (except Louisiana and Texas), and from B. C., Man., N. B., N. W. Terra., N. S., Ont. and Quebec.	From W. U. offices in Louisiana and Texas.
Alemquer	$1.60	$1.56
Breves	1.30	1.26
Cameta	1.30	1.26
Chaves	1.30	1.26
Gurupa	1.30	1.26
Itacoatiara	1.60	1.56
Macapa	1.30	1.26
Manaos	1.60	1.56
Monte Alegre	1.30	1.26
Mosqueiro	1.30	1.26
Obidos	1.60	1.56
Parintins	1.60	1.56
Pinheiro	1.30	1.26
Santarem	1.30	1.26
Soure	1.30	1.26

Correct page 657 of the January, 1905, Tariff Book accordingly.

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

Notice of the arrival of Steamships will, if desired, be reported by the U. S. Naval Wireless Service from:

Nantucket Shoals Lightship,
Torpedo Station, Newport,
Montauk Point, L. I.,
Navy Yard, New York (Brooklyn), or
Highlands of Navesink (Highlands), N.J.

Rate for this service to any address in Greater New York, Jersey City, or Hoboken, $2.00. For other places $2.00, plus the tolls on a ten-word message to New York City.

WIRELESS TELEGRAPH TO STEAMSHIPS.

The White Star Line S. S. Baltic, Celtic, Cedric, Majestic, Oceanic, Teutonic; the Cunard Line S. S. Caronia; the North German Lloyd S. S. Grosser Kurfurst, and the Anchor Line S. S. Caledonia and Columbia have been equipped with the Marconi Wireless Telegraph and should be added to the list given on page 629 of the Tariff Book.

In addition to route given on page 629 of the Tariff Book, wireless messages to steamships Campania, Caronia, Etruria, Lucania and Umbria of the Cunard Line may also be routed via South Wellfleet, Mass., at rate of $5.00 and 50, in addition to the ordinary rate to South Wellfleet. Messages via this route for outgoing vessels should reach South Wellfleet not later than 8 P. M., Mondays, and for incoming vessels not later than 8 A. M., Fridays.

South Wellfleet, Mass., is now a check direct W. U. office, Sq. 13, for wireless messages destined beyond that point.

Prepaid messages may be accepted for transmission by Wireless Telegraph to the following Steamships in addition to the list given on page 629 of the Tariff Book:

FALL RIVER LINE.

S. S.	RATE.	BEYOND
Chester W. Chapin	75 and 6	Wilson Point, Ct., or Point Judith, R. I.
City of Lowell	75 and 6	
Pilgrim	75 and 6	
Plymouth	75 and 6	
Priscilla	75 and 6	
Puritan	75 and 6	

OLD DOMINION LINE.

Hamilton	50 and 3	Cape May, N. J.
Monroe	50 and 3	

MALLORY LINE.

Denver	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
San Jacinto	1.50 and 8	

QUEBEC LINE.

Bermudian	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Trinidad	1.50 and 8	

NEW YORK & PORTO RICO S. S. CO.

Coamo	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Ponce	1.50 and 8	

RED "D" LINE.

Caracas	1.50 and 8	New York City, Quogue, N. Y., Hatteras, N. C., or Key West, Fla.
Philadelphia	1.50 and 8	

The steamers of the Mallory Line, Quebec Line, New York & Porto Rico S. S. Co. and the Red "D" Line may also be reached via the United States Naval Wireless Stations at:

Highlands of Navesink (Highlands), N. J.,
Cape Henry, Va.,
Norfolk, Va.,
Dry Tortugas, Fla., and
San Juan, Porto Rico.

Digitized by Google

Messages sent via these stations will be charged for at the regular land line rate to the above named stations, and in addition thereto $1.50 and 8 for "Wireless" service to the steamer.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 638 to 659, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 547, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.

NEW YORK, May 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Taking effect January 1, 1905, Money Transfer Offices now known as Class "E" will be Class "D". The classification now known as Class "E" will be discontinued. All Money Transfer Offices and Agents should change their Tariff Books in accordance with this notice and be governed accordingly on and after January 1.

Effective February 1, transfer messages will be addressed "Transfer Agent" or "Manager," omitting names, but all such messages will be signed as heretofore.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, Treasurer,
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

Money may now be accepted for transfer by telegraph and cable to Great Britain and Ireland, France, Switzerland, Germany, Austria-Hungary, Italy, Sicily, Spain, Portugal, Belgium, Holland, Denmark, Sweden, Norway, Russia in Europe, Turkey in Europe, Roumania, Bulgaria, Servia, Greece, Corsica, Sardinia, and all other countries in Europe.

Further information regarding Foreign Money Order transfers has been furnished to all Transfer Agents.

☞ Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

☞ Monthly reports from all Money Transfer offices should be made on new Forms 54 and 55. The old Forms 54 and 55 and the large report Forms 136 and 142 should no longer be used.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1905. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective June 1, 1905.

VALENTINE'S

SCHOOL OF TELEGRAPHY

JANESVILLE, WIS.

Established under same management thirty-three years. Thousands of graduates in the employ of various railroad and telegraph companies

ILLUSTRATED CATALOGUE FREE

We pay a cash commission of five dollars to any agent or operator sending us a student Correspondence solicited from agents in need of helpers. Write us.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must *not* be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding $2.50,	3c	Over $30.00 to $40.00,	15c
Over $2.50 to 5.00,	5c	Over 40.00 to 50.00,	18c
Over 5.00 to 10.00,	8c	Over 50.00 to 60.00,	20c
Over 10.00 to 20.00,	10c	Over 60.00 to 75.00,	25c
Over 20.00 to 30.00,	12c	Over 75.00 to 100.00,	30c

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money order can be obtained at less expense*).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

TO THE TELEGRAPHIC FRATERNITY

The President, Secretary, Treasurer, Assistant Treasurer and General Manager of the Manhattan Electrical Supply Co., are all experienced ex-telegraphers. The same energy which gave them prominence in telegraphy is displayed in the management of the Factories and Supply Depots of this Corporation, and enables them to devise and construct apparatus which will give the greatest satisfaction for the least expenditure. For instance, the price of Telegraph Keys, which formerly cost the telegrapher $2.00 or more, is now less than $1.00 each, and is a better key. The same proportion of reductions have been made in Relays, Sounders, Learners' Instruments, Bells, Batteries, etc. Our aim is satisfied customers, and lots of them. Compare our prices and quality with other makes.

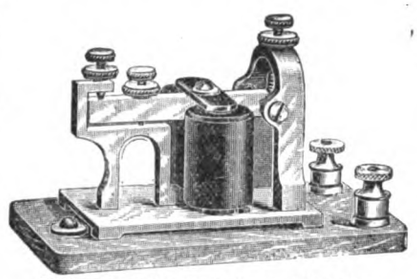

STEEL LEVER KEYS

The Western Union Telegraph Company are using thousands of our make of Keys of the same design as above illustrations. Every Key is guaranteed in workmanship and materials None better made.

List No. 103. Steel Lever Key with legs - - - - - - - - Net Price, each $0.75
" 108. " " " Legless - - - - - - - - " " " .81
By Mail, extra 11 cents.

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

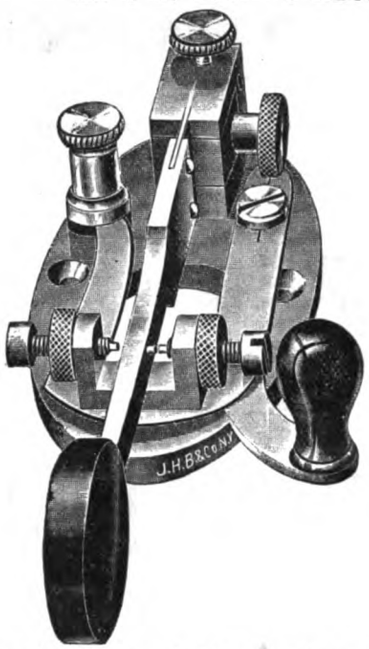

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

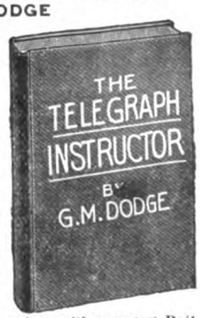

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - - $4.00
Legless Pattern - - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

By G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. JOURNAL OF THE TELEGRAPH

VOL. XXXVIII. NEW YORK, JUNE 20, 1905 WHOLE NO. 624.

THE NEW YORK PUBLIC LIBRARY
ASTOR, LENOX AND TILDEN FOUNDATIONS.

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 27,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

TERMS OF SUBSCRIPTION.

(Invariably in Advance.)

One Copy, one year, postage included	$ 1 00
One Copy, six months, postage included	50
Single Copies	10

NEW YORK, JUNE 20, 1905.

EXECUTIVE OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, June 20, 1905.

Business frank No. 11526, issued on account of Norfolk & Southern R.R., is hereby revoked on request of that Company.

Managers will please take up that frank, if presented, and return it to this Office for Cancellation.

G. W. E. ATKINS,
Superintendent.

To obtain payment for U. S. Government Army telegrams, it is requisite that the following be furnished:

By the office of origin—when they are checked "paid"—the actual original copy (on whatever form or paper it may be written) from which the sending was made, bearing operator's indications required by Rule 30 of W. U. Book of Rules.

By the office of destination—when checked "collect"—the impression copy (water or carbon) required by Rule 46 of W. U. Book of Rules.

WESTERN UNION TELEGRAPH COMPANY.

New York, June 14, 1905.

DIVIDEND No. 147.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the Capital Stock of this Company, payable at the office of the Treasurer on and after the 15th day of July next, to shareholders of record at the close of the transfer books on the 20th day of June inst.

The transfer books will be closed at three o'clock on the afternoon of June 20th inst. and reopened on the morning of July 1st next.

M. T. WILBUR, *Treasurer.*

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, INC., FOR THE QUARTER ENDING JUNE 30, 1905.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 14, 1905.

The following statement exhibits the condition of the Company at the close of the quarter ended March 31, 1905:

Surplus January 1, 1905, as per last Quarterly Report		$15,793,257.46
Net revenues, quarter ended March 31, 1905.		1,546,087.47
		$17,339,344.93
From which appropriating for—		
Dividend of 1¼ per cent. paid April 15, 1905	$1,217,021.25	
Interest on bonded debt	300,800.00	
		1,517,821.25
Left surplus March 31, 1905		$15,821,523.68
The net revenues of the quarter ending June 30th, instant, based upon nearly completed returns for April, partial returns for May, and estimating the business for June, will be about		1,750,000.00
		$17,571,523.68
From which appropriating for—		
Interest on bonded debt		331,300.00
		$17,240,223.68
It requires for a dividend of 1¼ per cent. on capital stock issued		1,217,021.25
Deducting which, leaves a surplus, after paying dividend, of		$16,023,202.43

In view of the preceding statements, the Committee recommends the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of July next, to stockholders of record at the close of the transfer books on the 20th day of June, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of June instant, and be reopened on the morning of the 1st day of July, next.

Respectfully submitted,

ROBERT C. CLOWRY,
President.

112	Nanty Glo,		

Digitized by Google

The July, 1905, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before July 1.

In the first pages of the book will be found General Instructions, and Table of rates for U. S. Government messages, which is followed by the list of Western Union and connecting offices by States.

Following the list of offices will be found the rules, numbered 1 to 130, for Western Union, G.N.W., I.O.T. and press business.

The list of Money Transfer stations is printed on colored paper immediately after the Rules, and after the Transfer matter are the Wireless rates and Cable rules, rates and maps.

The location of cable rate to any desired station will be greatly facilitated by reference to the Cable Index on pages 678 to 682.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any error which they may discover.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Ashland, Ala., which was formerly a three-star station, but which is now a Western Union office in Square 290.

The following list of "Changes" corrects to date the Tariff Book of July, 1905.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CHANGES.

ALABAMA.

*** Ashland, now Sq. 290 Ashland.
*** Ashville, closed.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 656 to 677 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 561, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, June 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, Treasurer,
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

Monthly reports from all Money Transfer offices should be made on new Forms 54 and 55. The old Forms 54 and 55 and the large report Forms 136 and 142 should no longer be used.

☞Transfer Agents having charge of two or more offices, are required to forward to the Treasurer, Form 52 (Transfer Balances).

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1905. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective July 1, 1905.

☞Bellaire, O., Class D. Cleveland, O., Agency. Erase paid by Wheeling, W. Va., and Agency.
☞Belmar, N. J., Class D. Erase paid by Asbury Park, N. J.

We pay a cash commission of five dollars to any agent or operator sending us a student. Correspondence solicited from agents in need of helpers. Write us.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must *not* be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding $2.50,	3c	Over $30.00 to $40.00,	15c
Over $2.50 to 5.00,	5c	Over 40.00 to 50.00,	18c
Over 5.00 to 10.00,	8c	Over 50.00 to 60.00,	20c
Over 10.00 to 20.00,	10c	Over 60.00 to 75.00,	25c
Over 20.00 to 30.00,	12c	Over 75.00 to 100.00,	30c

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money order can be obtained at less expense*).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

Insurance in Force, $5,000,000
Assets, - - - - 260,000
Claims Paid, - - 1,100,000

The Telegraphers' Mutual Benefit Association, now the oldest co-operative insurance organization in the country, a purely telegraph society, organized by and always managed by telegraphers for the sole benefit of the telegraph fraternity, offers to all persons engaged in telegraphic service between the ages of 18 and 45 protection for their families and dependents in amounts within the reach of every one at net cost.

Life insurance is an absolute necessity to all and can best be had by telegraphers in this association where there are no restrictions as to change of vocation or residence.

INSURANCE

Full Grade $1,000 Half Grade $500
Or Both Grades, $1,500

Initiation fee, $2.00 for each grade; no extra expense of any kind.

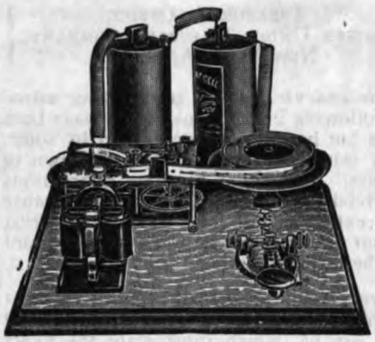

RATES ARE BASED ON AGE AT ENTRY, AND NOT SUBJECT TO CHANGE.

AGE	FULL GRADE	HALF GRADE
18 to 30	$1.00	50 cents
30 to 35	1.25	63 cents
35 to 40	1.50	75 cents
40 to 45	2.00	$1.00

Monthly payments.
Thirty days allowed for payment.
Reserve fund $227,000, equal to four and one-half per cent. of total insurance. The annual income from the fund exceeds the amount derived from two assessments on entire membership.

Application blanks from any Agent, or from

TO THE TELEGRAPHIC FRATERNITY

The President, Secretary, Treasurer, Assistant Treasurer and General Manager of the Manhattan Electrical Supply Co., are all experienced ex-telegraphers. The same energy which gave them prominence in telegraphy is displayed in the management of the Factories and Supply Depots of this Corporation, and enables them to devise and construct apparatus which will give the greatest satisfaction for the least expenditure. For instance, the price of Telegraph Keys, which formerly cost the telegrapher $2.00 or more, is now less than $1.00 each, and is a better key. The same proportion of reductions have been made in Relays, Sounders, Learners' Instruments, Bells, Batteries, etc. Our aim is satisfied customers, and lots of them. Compare our prices and quality with other makes.

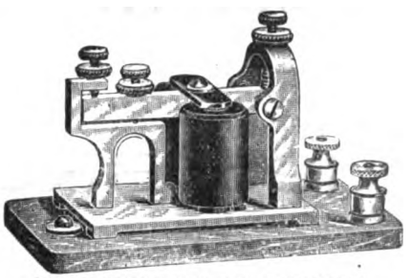

STEEL LEVER KEYS

The Western Union Telegraph Company are using thousands of our make of Keys of the same design as above illustrations. Every Key is guaranteed in workmanship and materials None better made.

List No. 103. Steel Lever Key with legs - - - - - - - - - Net Price, each $0.75
" 108. " " " Legless - - - - - - - - - " " " .61
By Mail, extra 11 cents.

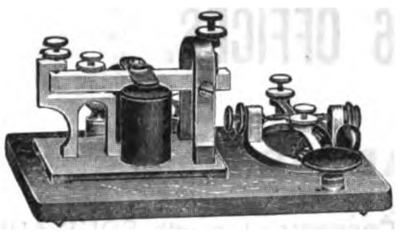

IMPROVED GIANT SOUNDER

Either Aluminum or Brass Lever Furnished

Proportions scientifically correct. One cell of Crowfoot Battery will operate it, producing a sound louder and clearer than any other sounder with two cells of battery.

Thousands of these Sounders are in use by the Postal and Western Union Telegraph Companies.

List No 111. Wound 5 ohms, Price Net, $1.40
" 113. " 20 " " 1.45
By Mail, extra 25 cents.

ESTABLISHED 1879 *INCORPORATED 1899* *(Formerly {106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)*

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

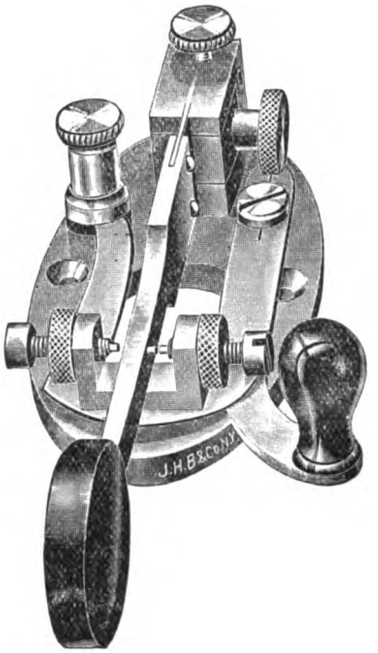

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

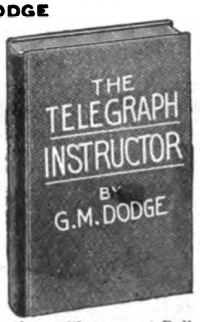

Requires but one-half the motions of the ordinary key, and these are made by a side-wise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

THE NEW YORK PUBLIC LIBRARY

JOURNAL OF THE TELEGRAPH.

VOL. XXXVIII. NEW YORK, OCTOBER 20, 1905 WHOLE NO. 628.

ANNUAL REPORT OF THE PRESIDENT OF THE WESTERN UNION TELEGRAPH COMPANY (INC.) FOR THE YEAR ENDED JUNE 30, 1905.

APPROVED BY THE EXECUTIVE COMMITTEE AND ORDERED TO BE SUBMITTED TO THE STOCKHOLDERS.

Capital Stock.

The capital stock outstanding is unchanged, namely, $97,370,000.00, of which $29,394.00 belongs to and is in the treasury of the Company.

Bonded Debt.

The bonded debt at the close of the year was as follows:

Funding and Real Estate Mortgage Bonds due May 1, 1950, four and one-half per cent.	$20,000,000.00
Collateral Trust Bonds due January 1, 1938, against which bonds and stocks bearing the company's guarantee of interest or dividends at six per cent. per annum have been deposited with the trustee, five per cent.	8,504,000.00
	$28,504,000.00

$3,000,000.00 of the above-mentioned Funding and Real Estate Mortgage Bonds were issued during the year under the terms of, and for the purposes prescribed in, the mortgage of May 1, 1900.

Business of the Year.

	Year ended June 30, 1904.	Year ended June 30, 1905.	Increase.	Decrease.
Revenues,	$29,349,390.44	$29,033,635.04		$215,755.40
Expenses, see statement below,	21,361,915.46	21,845,570.32	$483,654.86	
Net revenue,	$7,887,474.98	$7,188,064.72		$699,410.26
Interest on bonds,	1,157,700.00	1,227,200.00	69,500.00	
Profits	$6,729,774.98	$5,960,864.72		$768,910.26
Appropriated for dividends,	4,868,071.25	4,868,083.75	12.50	
Surplus,	$1,861,703.73	$1,092,780.97		$768,922.76

Surplus July 1, 1904	$14,881,428.28
Carried to surplus as above	1,092,780.97
Surplus June 30, 1905	$15,974,209.25

Statement of Expenses for the Year.

Operating and general expenses, including taxes	$16,165,198.73
Rentals of leased lines	1,591,373.42
Maintenance and reconstruction of lines	3,719,333.64
Equipment of offices and wires	369,664.53
Total expenses as above	$21,845,570.32

Balance Sheet, June 30, 1905.

Assets.

Telegraph lines, stocks owned of leased telegraph companies that are merged in Western Union Co.'s system, franchises, patents, etc.	$115,717,186.08
Stocks and bonds of leased telegraph companies received in exchange for collateral trust bonds	8,504,000.00
Stocks of not leased telegraph companies, and other securities	13,750,749.39
Real estate	4,957,432.12
Supplies and material in supply departments.	465,907.06
Sundry accounts receivable, etc.	2,829,576.40
Cash in treasury and in hands of agents (since remitted to treasury)	4,011,726.47
	$150,236,577.52

Liabilities.

Capital stock	$97,370,000.00
Funded debt	28,504,000.00
Gold and Stock Telegraph Co. for stocks of other companies held through lease of that company until 1981	1,946,592,00
Sundry accounts payable, etc. (including dividend July 15, 1905)	4,213,832.33
Surplus of income prior to October 1, 1881, appropriated for construction and acquisition of telegraph lines and property (in excess of the $15,526,590 capital stock distributed in 1881 on account of such appropriations of income during the 15 years preceding)	1,598,184.03
Surplus of income subsequent to October 1, 1881 ($15,974,209.25), plus the proportion of surplus of income prior to October 1, 1881 ($629,759.91), that was not appropriated as above	16,603,969.16
	$150,236,577.52

There was a large increase of revenue from message business, but the loss resulting from the discontinuance of race reports shortly before the beginning of the fiscal year made a decrease of $215,755.40 in the total earnings. Owing to the conditions under which the race service had been handled, a proportionate decrease could not be made in the expenses, which show an increase of $483,654.86, of which amount about $300,000.00 represents the cost of handling the increased message business. The balance was in the cost of reconstructing the lines, which cost was the largest in the Company's history, and was caused by work designed to raise the standard of the lines, increasing the number of poles per mile on the main routes, substituting copper for iron wire, and sundry other details of improvement. $307,493.88 was in the salaries of employes and general expenses necessary to the efficient handling of the business. In Ordinary Line Repairs, Office Rental, Claims for Damages and Rental Paid for Leased Lines, there was, in each case, a small decrease in expense.

From the $7,188,064.72 net revenue of the year $4,868,083.75 was paid for dividends, and $1,227,200.00 for interest on bonds. The remainder, $1,092,780.97, was added to the surplus.

The net growth of the plant was, in poles and cable, 874 miles; in wires, 29,152 miles; in offices, 356.

Of the total of 1,184,557 miles of wire at the close of the year, 306,736 were of copper, an increase in copper during the year of 16,466 miles.

The cost of new construction was $1,177,500.24, which was $1,288,279.45 less than last year.

The substitution of dynamo or storage batteries for the old-style chemical main batteries was authorized at thirteen important centres.

At Cleveland, Ohio, arrangements were made with the Company's landlords for enlarged and improved main office accommodations in the same building; at St. Louis, Mo., a contract was made for the removal of the main office to a new and modern building, and at Indianapolis, Ind., the Company has contracted to lease, reconstruct and remodel a building in conformity with its own requirements and move its main office thereto. The leases of the offices named are in all cases for long terms. Similar arrangements have been made at many smaller places, looking to more convenient and better and more attractive offices.

Purchases have been completed of the properties Numbers 14, 16 and 18 Dey street, west of and adjoining the Company's main building at the corner of Broadway and Dey street. These properties are available for extension westwardly on Dey street of the present main building when the necessities of the business require it.

Contracts covering 3,474 miles of railroad were closed during the year with the following-named railroad companies:

Lake Tahoe Railway and Transportation Company.
Mississippi Central Railroad Company.
Washington Southern Railway Company.
Richmond, Fredericksburg and Potomac Railroad Company.
New Orleans and North Eastern Railroad Company.
Alabama and Vicksburg Railway Company.
Vicksburg, Shreveport and Pacific Railroad Company.
San Diego, Pacific Beach and La Jolla Railway Company.
Tonopah Railroad Company.
Atlantic and North Carolina Railroad Company.
Maine Central Railroad Company.
Cincinnati, Bluffton and Chicago Railroad Company.
Midland Valley Railroad Company.
Goldfield Railroad Company.
Missouri, Oklahoma and Gulf Railroad Company.
Delaware, Lackawanna and Western Railroad Company.
Transylvania Railroad Company.
South Dakota Central Railroad Company.
Aberdeen and Asheboro Railroad Company.
Eastern Railway of Minnesota.
Park Rapids and Leech Creek Railway.
Ohio River and Columbus Railway Company.

Respectfully submitted,

ROBERT C. CLOWRY,
President.

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT

195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 27,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

NEW YORK, OCTOBER 20, 1905.

EXECUTIVE OFFICES
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, July 18, 1905.

Following business franks are requested to be taken up and cancelled, by the Companies named:

Half rate business frank No. 955, issued on account of Kanawha Despatch.

Full rate business frank No. 11526, issued on account of Norfolk & Southern R.R.

Managers will please take up those franks, if presented, and return them to this office for cancellation.

G. W. E. ATKINS,
Superintendent.

To obtain payment for U. S. Government Army telegrams, it is requisite that the following be furnished:

By the office of origin—when they are checked "paid"—the actual original copy (on whatever form or paper it may be written) from which the sending was made, bearing operator's indications required by Rule 30 of W. U. Book of Rules.

By the office of destination—when checked "collect"—the impression copy (water or carbon) required by Rule 46 of W. U. Book of Rules.

The President of the Old Time Telegraphers' and Historical Association has appointed as the Washington additional members of the Executive Committee, H. F. Taff, Western Union Manager; P. V. De Graw, Fourth Assistant Postmaster General; G. C. Maynard, assistant curator, division of technology U. S. National Museum; E. W. Emery, of Associated Press, and J. H. Robinson, chief operator of weather bureau.

Ralph Leslie, a former Western Union employe, was recently convicted for obtaining money on forged Western Union Telegraph Co.'s money orders at various places in New England, and was sentenced to a five years term in the New Hampshire State Prison.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,

WIRELESS TELEGRAPH.

Effective October 16th, the wireless rate beyond Honolulu to Islands of Hawaii, Maui and Kauai, will be $1.50 and 15, instead of $1.00 and 10, as a present.

A wireless telegraph station has been established on Sable Island, off the Coast of Nova Scotia, and passing New York steamships may be communicated with from that station at the regular commercial rate to Halifax, N. S., plus $4.00 and 24 for wireless, beyond.

The rate for wireless transmission to Allan Line Steamships via Cape Race, or via Cape Ray, is now 2.60 18 beyond North Sydney, N. S. (Tariff Book, page 647.)

The Steamer Providence of New England Navigation Co., is now equipped with wireless telegraph. Rate 75 and 6 beyond Wilson Point, Ct., or Point Judith, R. I.

The S. S. Havana and Allianca, of the Panama R. R. S. S. Line, is now equipped with wireless telegraph. Rate 1.00 and 7 beyond New York City, N. Y., Atlantic City, N. J., Hatteras, N. C., or Savannah, Ga.

Substitute Atlantic City, N. J., for Quogue, N. Y., as transfer office for steamers of the Mallory Line, Ocean S. S. Co., Quebec Line, N. Y. & P. R. S. S. Co., and Red "D" Line, on page 648 of the Tariff Book.

Substitute New Haven for Bridgeport, Conn., as transfer office for Maine S. S. Co. on page 648.

The wireless route via Cape May, N. J., to Old Dominion steamers has been discontinued temporarily. (Page 648.)

Page 664 of Tariff Book.		
India	.49	
Japan—via Eastern or Indo	1.47	

SPECIAL NOTICES.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 656 to 677 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 561, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, October 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, Treasurer,
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

☞The above amendment should be strictly complied with by all Transfer Agents.

MONEY TRANSFER SERVICE
(Continued.)

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

Monthly reports from all Money Transfer offices should be made on new Forms 54 and 55. The old Forms 54 and 55 and the large report Forms 136 and 142 should no longer be used.

☞Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1905. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective November 1, 1905.

TELEGRAPHERS' MUTUAL BENEFIT ASSOCIATION

B. BROOKS, President

THIRTY-EIGHTH YEAR.

Claims Paid, - - $1,100,000
Insurance in Force, 5,000,000
Assets, - - - - 260,000

The Telegraphers' Mutual Benefit Association, now the oldest co-operative insurance organization in the country, a purely telegraph society, organized by and always managed by telegraphers for the sole benefit of the telegraph fraternity, offers to all persons engaged in telegraphic service between the ages of 18 and 45 protection for their families and dependents in amounts within the reach of every one at net cost.

Life insurance is an absolute necessity to all and can best be had by telegraphers in this association where there are no restrictions as to change of vocation or residence.

INSURANCE

Full Grade	Half Grade
$1,000	$500

Or Both Grades, $1,500

Initiation fee, $3.00 for each grade; no extra expense of any kind.

MESCO Monthly Message

FOR

October

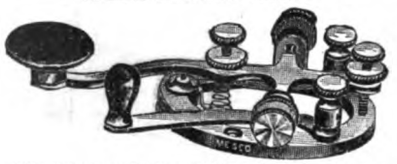

The Wheels of Traffic and Trade

turn to the "click" of Manhattan Telegraph Instruments.

Our goods represent the newest and most advanced ideas in telegraph apparatus - making, and are endorsed in the strongest terms by the biggest companies and the best operators.

Sixty-four-page Catalog No. 22 for the asking.

STEEL LEVER KEYS

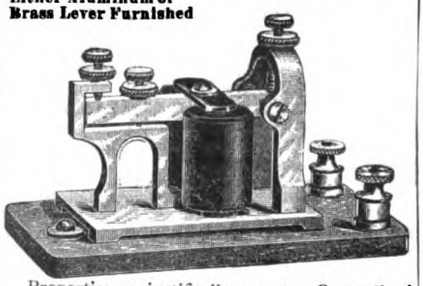

The Western Union Telegraph Company uses thousands of our make of Keys of the same design as above illustration. Every Key is guaranteed in workmanship and materials. None better made.

List No.		Net price, each.
103.	Steel Lever Key with legs	$0.75
108.	Steel Lever Key, Legless	.81

By mail, extra 11 cts.

IMPROVED GIANT SOUNDER

Either Aluminum or Brass Lever Furnished

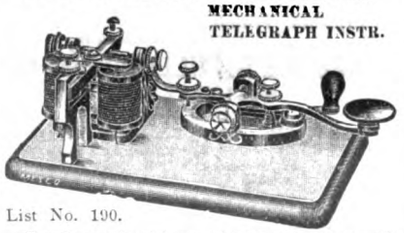

Proportions scientifically correct. One cell of Crowfoot Battery will operate it, producing a sound louder and clearer than any other sounder with two cells of battery.

Thousands of these Sounders are in use by the Postal and Western Union Telegraph Companies.

List No.		Price Net,
111.	Wound 5 ohms,	$1.40
113.	" 20 " " "	1.45

By mail, extra 25 cents.

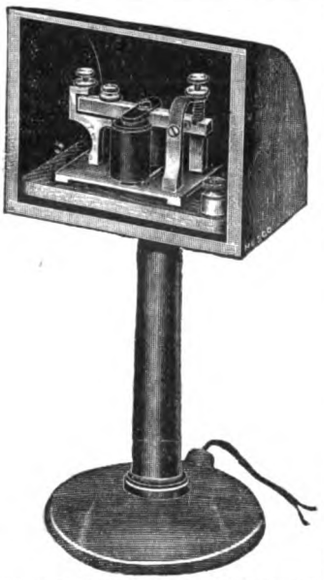

EUREKA COMBINATION ELECTRIC AND MECHANICAL TELEGRAPH INSTR.

List No. 190.

Can be used with or without a battery. Mechanical attachment easily disconnected, when the outfit remains entirely electrical. Can be operated mechanically when the battery is in circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

List No.		Price, each.
190.	Combination Eureka Set, 5 ohms	$1.25
191.	Combination Eureka Set, 20 ohms	1.30

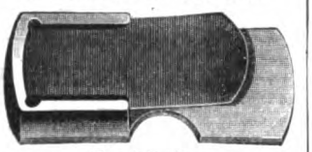

"PERFECT" PORTABLE RESONATOR

This is the best low-priced Resonator made. The base is broad and heavy, and is enameled black and striped with gold. Box is well made of nicely polished hard wood, and finished natural. Conducting Cords pass through the base and hollow standard.

List No.		Price.
654.	Complete with Sounder and 6 ft. Cord	$3.00
655.	Resonator and Base only	1.35

SNAPPER SOUNDERS

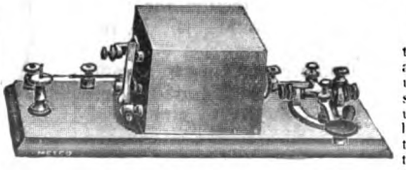

Cut full size.

This little instrument makes a clear distinct noise quite similar to a telegraph sounder.

Morse Alphabet Characters can be made and heard at a distance of two or three hundred feet. Telegraph operators or advanced students signal and converse with each other as intelligently as if regular telegraph instruments were being used. Neat, small and well made; can be carried in the vest pocket.

List No. 196. Snapper Sounder complete, Price each, 10c. By mail, extra 2c.

BOX-SOUNDING RELAY

The Box Relay is designed to combine all the advantages to be obtained by the use of a relay, and at the same time dispense with the usual local sounder and local battery, but it is arranged so that local sounder and battery can be connected if desired.

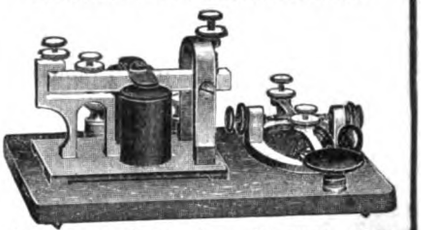

List No.			Price,
127.	150 ohms, with Key		$3.50
129.	150 ohms, without Key	"	2.65

Our new catalog, No. 22, shows our full line of telegraph goods. Also telephones, call bells, batteries, medical apparatus and other novelties and supplies. Mailed post-paid on request.

Seven-hundred-page General Catalog No 21 will be forwarded on receipt of 50 cents. Certificate given covering this amount, which will be accepted as part payment on any order amounting to Five Dollars or more.

No man who buys electrical goods should be without a copy of our catalog.

IMPROVED GIANT COMBINATION SET

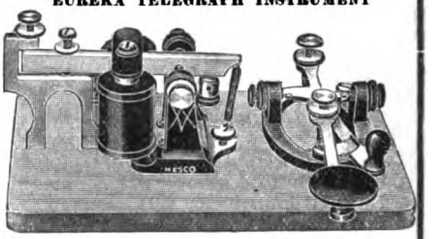

Our standard first-class Improved Giant Sounder, finely finished with rubber-covered coils, mounted on polished mahogany base, with our regular Steel Lever Key, making the neatest and most perfect Set of Short Line Instruments ever produced.

A book of instructions for amateurs is furnished with each instrument.

List No.		Price Net.
185.	Wound 5 ohms	$2.05
186.	Wound 20 ohms	2.20

By mail, extra 35 cents.

EUREKA TELEGRAPH INSTRUMENT

The Eureka is a first-class, full size telegraph set. All of the working parts are finely finished composition metal, such as used in all high-grade instruments. The base is mahogany and highly polished. The key is of the steel lever pattern.

A book of instructions for amateurs is furnished gratis with each instrument.

List No.		Price Net.
178.	Wound 5 ohms	$1.05
179.	Wound 20 ohms	1.10

By mail, extra 35 cents.

STANDARD PONY RELAY

Mounted on Polished Mahogany Base, with Metallic Surbase

Its use will permit work on lines up to 20 miles, with perfect ease, in cases where main line sounders fail to give satisfaction. Requires less battery to operate than any main line sounder of like resistance.

List No.		Price.
115.	20 ohms, for 1 to 20 miles	$1.40
116.	50 ohms, for 20 to 40 miles	1.45

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* (*Formerly* 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

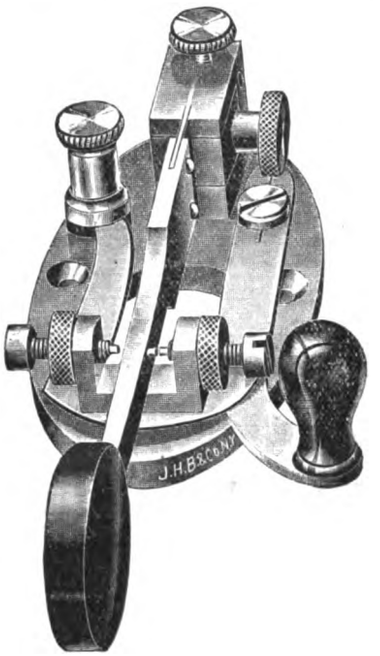

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

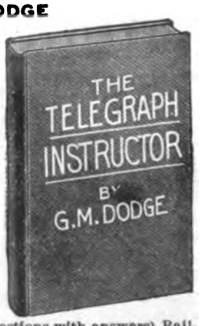

Requires but one-half the motions of the ordinary key, and these are made by a side-wise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages, with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

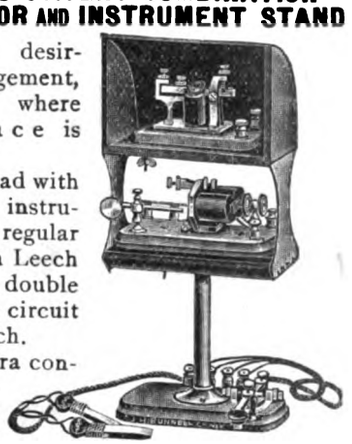

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

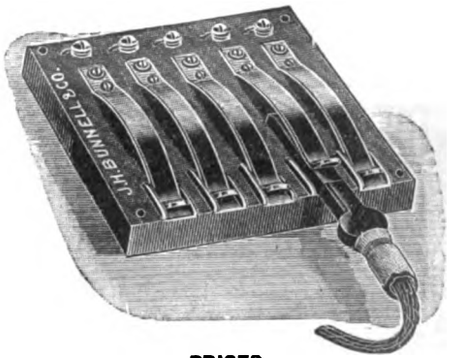

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

PRICES (Subject to Discount)

Resonators and Stand Complete with Relay, Sounder and Leech's Extra Circuit Closer Contact Key,	$15.00
Ditto, but with Regular Key	14.00
" " Leech's Key only	9.00
" " Regular Key only	8.00
Resonators and Stand only	7.00

TABLE JACK SWITCHES

For Switching Resonator Set of Instruments to any desired line.

PRICES

4 Line Table Jack	$4.00
Additional Lines, each	.90
Wedge, with 4 ft. Cord, Extra	2.50

PENNSYLVANIA.

112 Coalport, C. Co. 131 Glassmere.

JULY 1905 TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Ashland, Ala., which was formerly a three-star station, but which is now a Western Union office in Square 290.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of July, 1905.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CHANGES.

WIRELESS TELEGRAPH.

Effective October 16th, the wireless rate beyond Honolulu to Islands of Hawaii, Maui and Kauai, will be $1.50 and 15, instead of $1.00 and 10, as at present.

A wireless telegraph station has been established on Sable Island, off the Coast of Nova Scotia, and passing New York steamships may be communicated with from that station at the regular commercial rate to Halifax, N. S., plus $4.00 and 24 for wireless, beyond.

The Hamburg American SS. Amerika has been equipped with the Marconi Wireless Telegraph and should be added to list given on page 647 of the Tariff Book.

The rate for wireless transmission to Allan Line Steamships via Cape Race, or via Cape Ray, is now 2.60 18 beyond North Sydney, N. S. (Tariff Book, page 647.)

The Steamer Providence of New England Navigation Co., is now equipped with wireless telegraph. Rate 75 and 6 beyond Wilson Point, Ct., or Point Judith, R. I.

The S. S. Havana and Allianca, of the Panama R. R. S. S. Line, is now equipped with wireless telegraph. Rate 1.00 and 7 beyond New York City, N. Y., Atlantic City, N. J., Hatteras, N. C., or Savannah, Ga.

Substitute Atlantic City, N. J., for Quogue, N. Y., as transfer office for steamers of the Mallory Line, Ocean S. S. Co., Quebec Line, N. Y. & P. R. S. S. Co., and Red "D" Line, on page 648 of the Tariff Book.

Substitute New Haven for Bridgeport, Conn., as transfer office for Maine S. S. Co. on page 648.

The wireless route via Cape May, N. J., to Old Dominion steamers has been discontinued temporarily. (Page 648.)

CABLES.

The following changes in word rates beyond London and beyond San Francisco, are now in force:

India	.49	
Japan—via Eastern or Indo	1.47	

SPECIAL NOTICES.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

Digitized by Google

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 656 to 677 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 561, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE

THE WESTERN UNION TELEGRAPH CO.

NEW YORK, November 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, Treasurer,
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."
24 words free.

☞The above amendment should be strictly complied with by all Transfer Agents.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

Monthly reports from all Money Transfer offices should be made on new Forms 54 and 55. The old Forms 54 and 55 and the large report Forms 136 and 142 should no longer be used.

☞ Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1905. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective December 1, 1905.

MESCO Monthly Message

FOR

NOVEMBER

Readers of the Journal are requested to carefully consider the goods and SPECIAL LOW PRICES, which constitute our November offering on this page.

Orders should be sent in promptly, as the prices shown will prevail only during December.

ANTI-DOC MEDICAL APPARATUS

No fluids to spill. Polished hardwood oak case, metal trimmings nickel plated.

Electricity is the best medicine in the world.

For quick and positive relief in cases of rheumatism, operators' "cramp," etc., there is nothing that can equal our Anti-Doc Medical Apparatus.

An electrical current of varying intensity can be generated instantly.

This outfit is of the newest and most approved pattern and made throughout of the best material.

Descriptive folder upon application.

List No. **2215.** Apparatus, with Battery and Electrodes complete, special price **$2.00.**

MAGNETO SIGNAL BELL

These Magneto Bells are all carefully tested both as to the correctness of the circuits and the resistance to which they will ring through. Unless otherwise stated, 80 ohm ringers or their equivalent are used by us in all series bells.

The patented positive rubbing contact on the hinges makes it impossible to have a poor electrical connection at the hinge, whether the door is open or closed. Every part of the bell is well made and nicely finished. Furnished in one size only. The armature is centrally pivoted, and magnets easily adjusted.

Prices cover oak cases—other woods to order.

List No. **825.** To ring through 10,000 ohms series without Automatic Hook, special price for one month only **$3.00.**

ELECTRIC ALARM CLOCK OUTFIT

This Combination Alarm Clock Outfit and Flash Lamp is one of the most useful articles we have ever offered. By pressing the button on top of the case the electric lamp will light. The lamp is of two candle power and not only illuminates the dial of clock, but will light the entire room. The lamp can be lighted from bedside by attaching a flexible cord with pear-shape push to binding posts on the back of case.

List No. **1752.** As illustrated, special for 30 days only, price each **$2.50.**

List No. **1753.** With pear-shade push and 15 feet flexible cord, price **$3.00.**

TELEPHONE OUTFITS

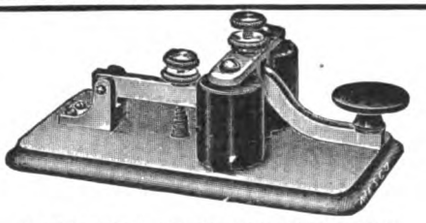

In this outfit we offer a neat, compact, reliable and finely finished apparatus suitable for interior or outdoor lines up to 500 feet in length. Transmitter is our long distance solid back type; Pony Receiver with nickel-plated steel back. Vibrating Bell is enclosed with gong only exposed; a neat nickel-plated push button is mounted on front of case under transmitter mouth-piece; case is made of oak, cabinet finish. The best materials are used in the construction of this apparatus, and each telephone is thoroughly tested before delivery. Guaranteed to give perfect satisfaction.

List No. **1561.** One Telephone, complete, without battery, each **$2.20.**

These Instruments are carefully constructed and finely finished. Just the thing for private lines up to 10 miles in length, and give perfect satisfaction with two or three telephones in circuit. Furnished with 10,000 Ohm Generator; improved adjustable ringer magnets, wound 80 Ohms. Long distance transmitter attached to inside of bell box cover. Standard compound bar Receiver with cord; improved short lever double prong hook and two Mesco Dry Batteries. Furnished in oak or walnut and every Telephone guaranteed.

List No. 1514. One Series Telephone, 80 Ohm Ringers, price **$5.25.**

MECHANICAL TELEGRAPH INSTRUMENT

This instrument is devised for use without batteries. The key knob is standard size, and the sounder will give a clear, resonant sound similar to a regular telegraph sounder. Carefully constructed and will give the best obtainable results for an instrument of its kind. Made in brass, nickel-plated or bronzed metal. Mounted on polished oak base,

List No. **194.** Mech. Tele. Inst., bronzed metal, price **$0.75**
" **195.** " " " nickel-plated " **0.90**

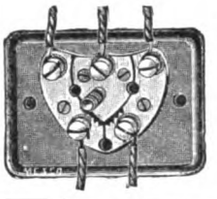

By mail, extra **10c.**

TELEGRAPH INSTRUMENTS

Operators who want the latest and most approved styles of telegraph instruments—keys, sounders, relays, etc.—should buy only such goods as bear the Manhattan mark.

Upon application, we shall be pleased to mail descriptive literature and special prices to operators.

UNION LIGHTNING ARRESTER

This combined Cut-out, Ground Switch and Lightning Arrester enables the operator to terminate the line at his station by grounding the circuit, which is often convenient when troubles occur such as a broken line wire, a key left open, etc., also the instrument can be cut out or disconnected from the main line when desired.

List No. 749. Union Lightning Arrester, complete with Cut-out Pin, price each **$0.80.**

By mail, **$0.05.**

ELECTRICIAN'S POCKET TOOL KIT

This outfit is indispensable to the practical electrician. It contains
1 Electrican's Knife,
1 Oil Can,
1 pair nickel-plated 6-inch Pliers,
1 File,
1 pair Tweezers,
1 pair Electrician's Shears,
and 1 Screw Driver.
All enclosed in a handsome hand-stitched russet leather case, with strong metal clasp. Size of case 3 x 6 inches.

List No 4685 For Complete Kit, price each **$2.60.**
By mail, extra **$0.18.**

UNIVERSAL BATTERY GAUGE

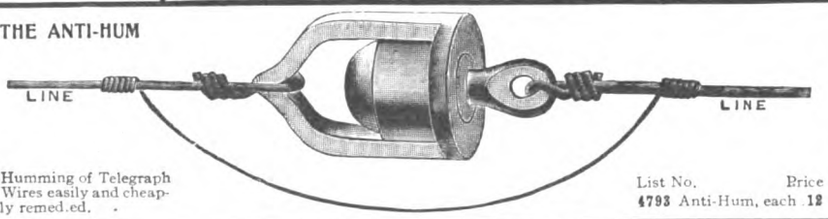

The Universal Battery Gauge is sold at a popular price and made in two styles—one for testing a single cell (List No. 3349) and the other for testing from two to five cells in series (List No. 8634). List No. 3349 is quite accurate for measuring voltage. A battery showing 25 on this gauge has a voltage of 1. When the gauge measures 38, the battery has a voltage of about 1½. A handy device is a detachable flexible conductor ten inches long, with a metallic tip; this attached to the insulated binding post allows the case to be used on one post of battery and the tip of the cord for the opposite post. This cord is extra and not included in price of the gauges. These Gauges are guaranteed, and no charge for repairs will be made for the first year.

List No. 3349	One Cell	Price each **$3.00**
" 8634.	Two to Five Cells	" **3.25**
" 9167.	Detachable Cord, 10 in. long	" **.50**
	By mail, extra	**.04**

Our New Catalogue No. 22

shows our full line of telegraph goods. Also telephones, call bells, batteries, medical apparatus and other novelties and supplies. Mailed post-paid on request. Send for it.

THE ANTI-HUM

Humming of Telegraph Wires easily and cheaply remedied.

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

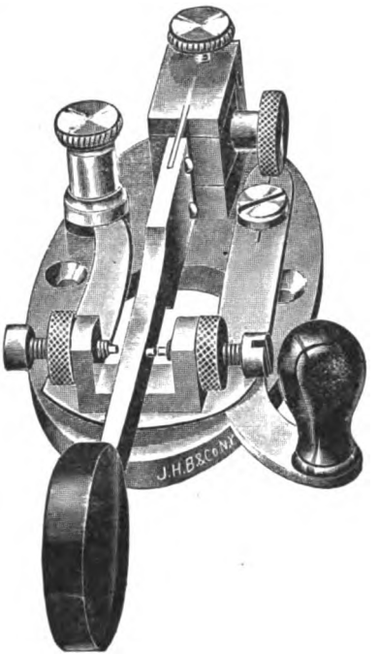

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

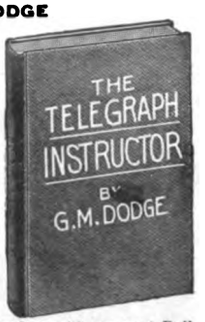

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - - $4.00
Legless Pattern - - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. N YORK
LIBRARY

JOURNAL OF THE TELEGRAPH.

VOL. XXXVIII. NEW YORK, DECEMBER 20, 1905 WHOLE NO. 630.

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 27,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

NEW YORK, DECEMBER 20, 1905.

EXECUTIVE OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, December 12, 1905.

Attention of Managers and Receivers is specially called to the terms of the cards which are issued to persons in the service of the United States Government, authorizing the transmission of messages at Government rates and reporting the same for collection by the Auditor. These cards read as follows:

FACE.

No. ——

The Western Union Telegraph Company will transmit at Government rates on account of the when endorsed OFFICIAL BUSINESS,
Messages signed by
and answers thereto
between all points on its lines unless otherwise ordered.

R. C. CLOWRY,
President.

BACK.

NOTICE.

Messages sent under this frank will be checked "Paid" at Government rates and be taken credit for in and returned with the Monthly Form No. 4 Report to be collected by the Auditor of the Western Union Telegraph Company, payment not being required from the Sender at the time of transmission.

Complaint is made by some Holders of these cards that messages are sometimes refused transmission unless the tolls are prepaid, owing to apparent unfamiliarity with the terms of the cards. Messages of holders of such cards should be treated as directed by the terms thereof.

G. W. E. ATKINS,
Superintendent.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, INC., FOR THE QUARTER ENDING DECEMBER 31, 1905.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, December 13, 1905.

The following statement exhibits the condition of the Company at the close of the quarter ended September 30, 1905:

Surplus July 1, 1905, as per last Quarterly Report		$15,974,209.25
Net revenues, quarter ended September 30, 1905		2,007,593.36
		$17,981,802.61
From which appropriating for—		
Dividend of 1¼ per cent. paid Oct. 15, 1905	$1,217,021.25	
Interest on Bonded Debt.	331,300.00	
		1,548,321.25
Left Surplus September 30, 1905		$16,433,481.36
The net revenues of the quarter ending December 31st, instant, based upon nearly completed returns for October, partial returns for November, and estimating the business for December, will be about		1,900,000.00
		$18,333,481.36
From which appropriating for—		
Interest on bonded debt		331,300.00
		$18,002,181.36
It requires for a dividend of 1¼ per cent. on capital stock issued		1,217,021.25
Deducting which, leaves a surplus, after paying dividend, of		$16,785,160.11

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of January next, to stockholders of record at the close of the transfer books on the 20th day of December, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of December, instant, and be reopened on the morning of the 2d day of January, next.

Respectfully submitted,
ROBERT C. CLOWRY,
President.

George W. Lloyd has been appointed Superintendent second district Southern Division Western Union Telegraph Co., vice J. M. Stephens, resigned.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, December 20, 1905.

RULE 15.

Effective January 1, 1906, rule fifteen in regard to acceptance of night messages will be changed to read as follows:

A night message will be written upon a night message form, and will be accepted only between the hour of opening and *two o'clock a. m.* An office closing before *two o'clock a. m.* will not accept a night message that cannot be started before the closing hour. In case of an interruption of the lines, which it is believed will prevent the transmission of a night message before the following morning, such messages will not be accepted.

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet the following places:

DELAWARE.

60 Broadkill. 60 Ellendale.
60 Dagsboro. 60 Millsboro.

MARYLAND.

54 Snow Hill. 85 Taneytown.

NEW JERSEY.

47 Bay Head. 47 Raven Rock.
47 Mantoloking. 47 Stockton, H. Co.

PENNSYLVANIA.

122 Buffalo Mills. 112 La Jose.

122 Fossilville. 122 State Line,
93 Gillett. Bedford Co.
76 High Spire. 121 Westover.
112 Irvona.

There should be added to Sheet "O," the following:

NEW JERSEY.

53 Beach Haven. 53 Tuckerton.

PENNSYLVANIA.

112 Coalport, C. Co. 66 Retreat.
131 Glassmere.

Digitized by Google

January 1906 Tariff Book.

The January, 1906, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before January 1.

As in the preceding book, the Money Transfer pages are, for convenient reference, printed on colored paper. These pages immediately follow W. Union Rules, and precede "Wireless" and Cable rates.

A new cable map has been added showing Western terminals of the trans-Atlantic cables via which the Western Union Company routes its messages to Europe and beyond.

The map of Alaska (No. 10) has been amplified and brought up to date.

The location of cable rate to any desired station will be greatly facilitated by reference to the Cable Index on pages 698 to 702.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any error which they may discover.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Beckemeyer, Ill., which was formerly a three-star station, but which is now a Western Union office in Square 390.

The following list of "Changes" corrects to date the Tariff Book of January, 1906.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CHANGES.

ALASKA.

WIRELESS TELEGRAPH.

The following steamships have been equipped with wireless telegraph and may be added to list shown on page 667 of the Tariff Book:

ROYAL MAIL STEAM PACKET CO.

S. S.	RATE.	BEYOND
Atrato	1.50 and 8	New York,
Tagus	1.50 and 8	Atlantic City, N. J.
La Plata	1.50 and 8	Hatteras, N. C.,
Trent	1.50 and 8	Guantanamo, Cuba,
Orinoco	1.50 and 8	or Colon, Panama.

MUNSON LINE.

Prince George	1.00 and 7	Mobile, Ala., Key West, Flo., or Havana, Cuba.

SOUTHERN PACIFIC LINE.

Prince Arthur	1.00 and 7	New Orleans, La., Mobile, Ala., Key West, Flo., or Havana, Cuba.

SPECIAL NOTICES.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 676 to 697 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 579, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, December 20, 1905.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Effective February 1, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, Treasurer,
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

☞The above amendment should be strictly complied with by all Transfer Agents.

MONEY TRANSFER SERVICE
(Continued.)

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

Monthly reports from all Money Transfer offices should be made on new Forms 54 and 55. The old Forms 54 and 55 and the large report Forms 136 and 142 should no longer be used.

☞Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1906. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective January 1, 1906.

☞Palm Beach, Flo., service resumed.
☞Pinehurst, N. C., service resumed.

Changes in Agencies, Pages 662-664.

☞Alma, Mich., now Class D. Erase paid by St. Louis, Mich.
☞Billings, Mont., should be J. C. Sheffer, Agent.
☞Elgin, Ill., should be E. R. Prazak, Agent.
☞Huntsville, Ala., should be R. L. Goolsby, Agent.
☞Jackson, Tenn., should be J. M. Laurendine, Agent.
☞Macon, Ga., should be W. B. Stuart, Agent.
☞Union Furnace, H. Co., should be Ohio. Erase letter G.
☞Worcester, Mass., should be P. Cunningham, Agent.

Price

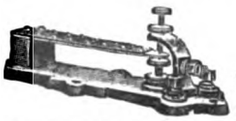

Is the keynote of our December offering to the fraternity. We have made an especially careful and varied selection of goods and priced them in a way which, in our opinion, must surely command the attention of all. In view of the fact that the prices shown are unusually low, we are compelled to limit their life—they are subject to withdrawal in 60 days. Send in your orders promptly.

TRADE MARK
ELECTRICAL SUPPLY CO.

Quality

always has been and always will be the strongest characteristic of Manhattan Electrical Supplies. We guarantee, in the most emphatic terms, everything we make and sell and in this way offer buyers every assurance that in dealing with us they may depend upon receiving nothing but first class stock and the very lowest prices possible.

Buy Your Electrical Goods

ADJUSTABLE THERMOSTAT

Can be set for any desired degree of temperature, and will make electrical contact on the rise or fall of temperature. Call bells, or other electrical alarms, can be connected in the circuit at any desired distance from the thermostat. Often used for Fire Alarms, in hot houses, incubators, etc.

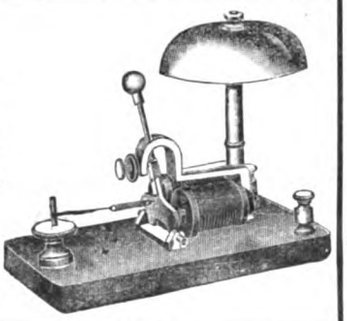

List No. **1673.** Price each..... **.65**

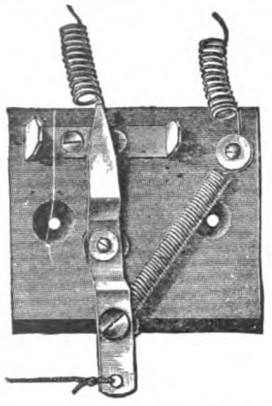

DISTRICT SIGNAL BELL

Oblong base. Mounted on a polished black walnut base.

List No. **1912.** Price each

1.40

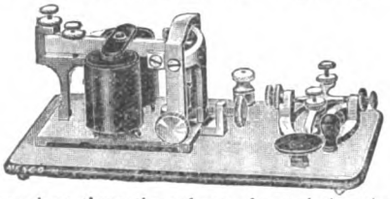

BURGLAR ALARM TRAP

The slightest disturbance of string draws the needle to the right and closes bell circuit, and if the string is broken the spring draws needle to the left, when the circuit is completed and bell gives an alarm.

List No. **1605.** Price, each,

.15

MAIN LINE SOUNDING RELAY (NO KEY)

Gives three times the volume of sound that the very best box relays, or any other form of Sounding Relays ever before produced.

It is sensitive to weak currents, giving a clear working sound on circuits where, without it, a relay with local sounder and battery would be absolutely necessary.

List No. **136.** Without a Key, 150 ohms. Price **3.20**

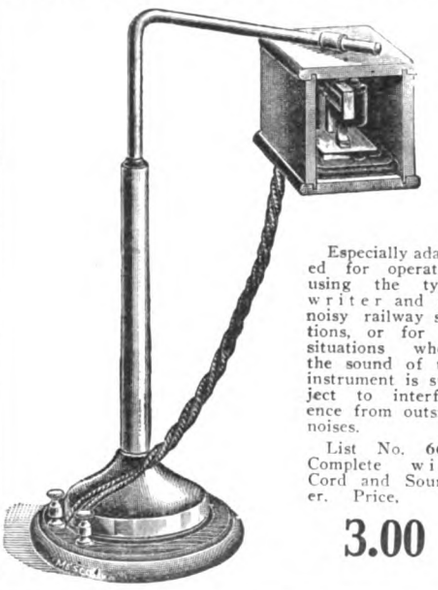

OUR CATALOGUE A

Our new Condensed Catalog, No. 22, now under way, shows our full line of telegraph goods. Also telephones, call bells, batteries, medical apparatus and hundreds of other novelties and supplies. Mailed post-paid on request about February 15.

Seven-hundred-and-fifty-page General Catalog No. 21 will be forwarded on receipt of 50 cents. Certificate given covering this amount, which will be accepted as part payment on any order amounting to Five Dollars or more.

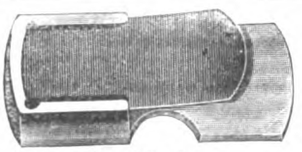

No man who buys electrical goods can afford to be without our Catalog.

ADJUSTABLE RESONATOR FOR LOCAL SOUNDERS

Especially adapted for operators using the typewriter and for noisy railway stations, or for all situations where the sound of the instrument is subject to interference from outside noises.

List No. **661.** Complete with Cord and Sounder. Price, **3.00**

Cut full size.

SNAPPER SOUNDER

Makes a clear distinct noise quite similar to a telegraph sounder.

Morse Alphabet Characters can be made and heard at a distance of two or three hundred feet. Telegraph operators can signal and converse with each other intelligently. Can be carried in the vest pocket.

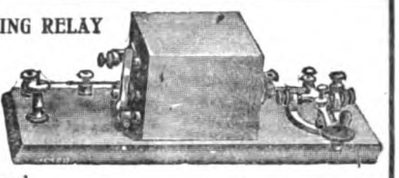

List No. **196.** Snapper Sounder complete. Price, each **.10**

By mail, extra 2c.

Direct From The Makers

BOX-SOUNDING RELAY

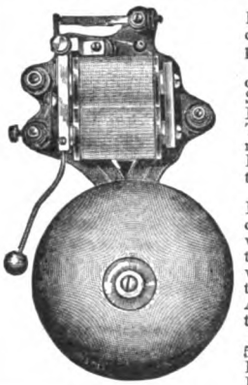

Arranged so that local sounder and battery can be connected if desired, or dispensed with if preferred.

List No. **127.** 150 ohms, with Key. Price..... **3.00**

List No. **129.** 150 ohms, without Key. Price **2.35**

PIVOTED ARMATURE SKELETON BELL

Every Bell tested. Every Bell guaranteed. A first-class Bell at a reasonable price.

Every part is carefully constructed and tested. Stamped Steel Nickel-Plated Gongs are used. The working parts are nickel-plated and polished. Every Bell is guaranteed to work satisfactory.

We manufacture more Bells than any other concern in the world, and without hesitancy claim that better value is given with this Bell at the price than with any other Pivoted Armature Bell manufactured.

List No. **7913.** 5-Inch Nickel-Plated Gong. Price, each..... **1.00**

Union Spring Cut-Out and Lightning Arrester

Fills the place in telegraphic apparatus of the old form known as plug switch, and is the best spring Cut-Out for city "branch offices" or "way offices," where it is not required at any time to make cross connections of wires or other changes besides simply changing instruments from one line to another with plug and cord.

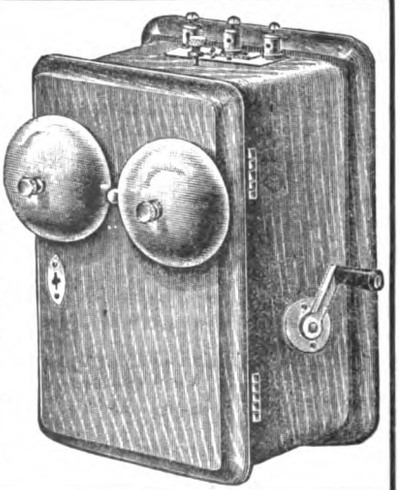

List No. **733.** 1-Line. Price..... **.95**
List No. **734.** 2-Line. Price..... **1.45**
List No. **735.** 3-Line. Price..... **2.20**

MAGNETO SIGNAL BELL

These Bells are specially adapted for telephone work, are reliable and have mechanism of superior quality. The cases are well made and finished.

Prices for Oak or Walnut

List No. **825.** To ring through 10,000 ohms, without automatic hook Price **2.85**

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* *(Formerly 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)*

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

"THE JONES" RESONATOR

Postal Telegraph Style, with Message Clip and Lateral Adjustment.

Stem is hollow so that cord can pass through it.

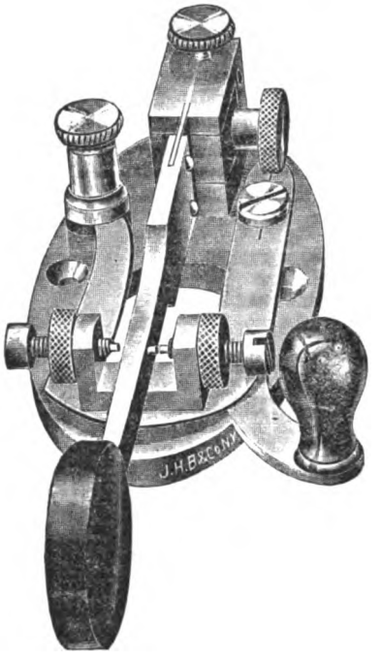

Hood has lateral motion, permitting it to be turned three-quarters around.

Price, complete with Sounder and Cord, $6.50
Resonator only, - - - - - 4.00
Cord only, - - - - - .40

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

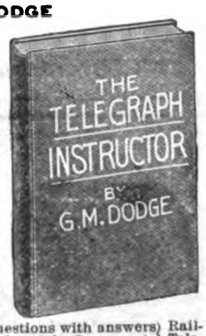

Requires but one-half the motions of the ordinary key, and these are made by a side-wise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

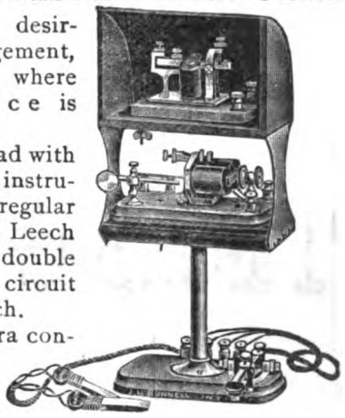

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

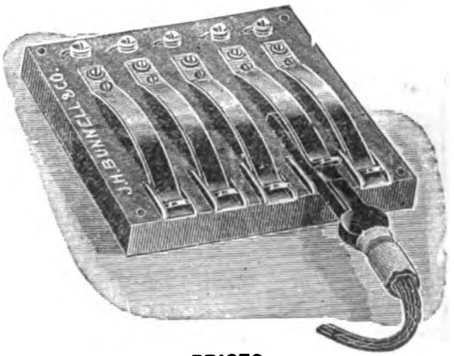

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

PRICES (Subject to Discount)

Resonators and Stand complete with Relay, Sounder and Leech's Extra Circuit Closer Contact Key, $15.00
Ditto, but with Regular Key - - - - - - 14.00
" " Leech's Key only - - - - - - 9.00
" " Regular Key only - - - - - - 8.00
Resonators and Stand only - - - - - - 7.00

TABLE JACK SWITCHES

For Switching Resonator Set of Instruments to any desired line.

PRICES

4 Line Table Jack - - - - - $4.00
Additional Lines, each - - - - - .90
Wedge, with 4 ft. Cord, Extra - - 2.50

THE NEW YORK PUBLIC LIBRARY
422794
ASTOR, LENOX AND TILDEN FOUNDATIONS.
1908

JOURNAL OF THE TELEGRAPH.

VOL. XXXIX. 422794 NEW YORK, JANUARY 20, 1906 WHOLE NO. 631-647

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 27,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

NEW YORK, JANUARY 20, 1906.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January 20, 1906.

RULE 15.

Effective January 1, 1906, rule fifteen in regard to acceptance of night messages will be changed to read as follows:

A night message will be written upon a night message form, and will be accepted only between the hour of opening and *two o'clock a. m.* An office closing before *two o'clock a. m.* will not accept a night message that cannot be started before the closing hour. In case of an interruption of the lines, which it is believed will prevent the transmission of a night message before the following morning, such messages will not be accepted.

RULE 59.

Rule 59 has also been changed to read as follows:

A night message will not, unless called for, be delivered until morning, but if called for, it may be delivered upon payment of full day rates in the case of a collect message, and the difference betwen the night and day rates in the case of a paid message. The additional amount collected will be accounted for as "Sundry Receipts."

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet the following places:

DELAWARE.

60 Broadkill.
60 Dagsboro.
60 Ellendale.
60 Greenwood.
60 Millsboro.

MARYLAND.

67 Centreville.
85 Taneytown.

NEW JERSEY.

47 Bay Head.
47 Mantoloking.
47 Raven Rock.
47 Stockton, H. Co.

PENNSYLVANIA.

122 Buffalo Mills.

112 Irvona.
112 La Jose.
140 Manorville.
112 McGees.
122 State Line, Bedford Co.
121 Westover.

There should be added to Sheet "O," the following:

NEW JERSEY.

53 Beach Haven.
53 Tuckerton.

PENNSYLVANIA.

112 Coalport, C. Co.
66 Retreat.
131 Glassmere.

JANUARY 1906 TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Beckemeyer, Ill., which was formerly a three-star station, but which is now a Western Union office in Square 390.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of January, 1906.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

During interruption of cable between Cadiz and Teneriffe, messages for the Canary Islands will be sent via Brest-Dakar cable at rate of 29 cents per word beyond London.

The rate to Spain via Eastern or Direct Spanish route is 15 cents instead of 51 cents as shown on page 685. of the Tariff Book.

WIRELESS TELEGRAPH.

The following steamships have been equipped with wireless telegraph and may be added to list shown on page 667 of the Tariff Book:

ROYAL MAIL STEAM PACKET CO.

S. S.	RATE.	BEYOND
Atrato	1.50 and 8	New York,
Tagus	1.50 and 8	Atlantic City, N. J.
La Plata	1.50 and 8	Hatteras, N. C.,
Trent	1.50 and 8	Guantanamo, Cuba,
Orinoco	1.50 and 8	or Colon, Panama.

MUNSON LINE.

Prince George	1.00 and 7	Mobile, Ala., Key West, Flo., or Havana, Cuba.

SOUTHERN PACIFIC LINE.

Prince Arthur	1.00 and 7	New Orleans, La., Mobile, Ala., Key West, Flo., or Havana, Cuba.

In addition to routes shown on pages 667 and 668 of Tariff Book, Steamers on the Mallory Line, equipped with Wireless apparatus, may also be reached via U. S. Naval Wireless Station at Jupiter, Fla., at the ordinary rate to Jupiter, plus 100 and 7 beyond.

SPECIAL NOTICES.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 676 to 697 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 579, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, January 20, 1906.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Effective February 1, 1906, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.
M. T. WILBUR, Treasurer,
New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

☞The above amendment should be strictly complied with by all Transfer Agents.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

☞Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1906. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective Februarv 1. 1906.

☞ Alamitos Beach, Calif, name changed to First St. Long Beach., Calif.
☞ Anaconda, Mont. should be Anaconda, Mont. agency.
☞ Anderson, Ind. should be Anderson, Ind. agency.
☞ Atchison, Kas. should be Atchison, Kas. agency.
☞ Baton Rouge, La. should be Baton Rouge, La. agency.
☞ Battle Creek, Mich. should be Battle Creek, Mich. agency.
☞ Bluff Point Sta., N. Y. name changed to Buff Point, C. Co., N. Y.
☞ Brinckerhoff, N. Y. should be Hartford, Conn. agency.
☞ Bristol, Tenn. should be Bristol, Tenn. agency.
☞ Butler, Pa. should be Butler, Pa. agency.
☞ Camden, N. J. should be Camden, N. J. agency.
☞ Columbia, Tenn. should be Columbia, Tenn., agency.
☞ Coney Island, N. Y. should be Brooklyn, N. Y. agency.
☞ Deadwood, S. D. should be Deadwood, S. D. agency.
☞ Durango, Col. should be Durango, Col. agency.
☞ Fishkill, N. Y. should be Hartford, Conn. agency.
☞ Fremont, O. should be Fremont, O. agency.
☞ French Lick, Ind. should be French Lick, Ind. agency.

M. T. WILBUR,
Treasurer.

MONEY TRANSFER SERVICE—Continued.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo & Co., or Western Express Companies, at the following rates, viz :

Not exceeding $2.50,	8c	Over $30.00 to $40.00,	15c
Over $2.50 to 5.00,	5c	Over 40.00 to 50.00,	18c
Over 5.00 to 10.00,	8c	Over 50.00 to 60.00,	20c
Over 10.00 to 20.00,	10c	Over 60.00 to 75.00,	25c
Over 20.00 to 30.00,	12c	Over 75.00 to 100.00,	30.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money order can be obtained at less expense.*)

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

JOURNAL OF THE TELEGRAPH.

VOL. XXXIX. NEW YORK, FEBRUARY 20, 1906 WHOLE NO. 632.

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

THE JOURNAL is issued on the 20th of each month. Its circulation is over 27,000 and is steadily increasing. It goes to every State, Territory and Province on the Continent, and is delivered to all the offices of the Western Union Telegraph Company, which now exceed 23,000 in number. Hence it is the best advertising medium of its class in the world.

NEW YORK, FEBRUARY 20, 1906.

EXECUTIVE OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, FEBRUARY 12, 1906.

Attention of Managers and Receivers is specially called to the terms of the cards which are issued to persons in the service of the United States Goverment, authorizing the transmission of messages at Government rates and reporting the same for collection by the Auditor. These cards read as follows:

FACE.

No. ——

The Western Union Telegraph Company will transmit at Government rates on account of the when endorsed OFFICIAL BUSINESS,
Messages signed by
and answers thereto
between all points on its lines unless otherwise ordered.

R. C. CLOWRY,
President.

BACK.

NOTICE.

Messages sent under this frank will be checked "Paid" at Government rates and be taken credit for in and returned with the Monthly Form No. 4 Report to be collected by the Auditor of the Western Union Telegraph Company, payment not being required from the Sender at the time of transmission.

Complaint is made by some Holders of these cards that messages are sometimes refused transmission unless the tolls are prepaid, owing to apparent unfamiliarity with the terms of the cards. Messages of holders of such cards should be treated as directed by the terms thereof.

G. W. E. ATKINS,
Superintendent.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, FEBRUARY 20, 1906.

RULE 15.

Effective January 1, 1906, rule fifteen in regard to acceptance of night messages will be changed to read as follows:

A night message will be written upon a night message form, and will be accepted only between the hour of opening and *two o'clock a. m.* An office closing before *two o'clock a. m.* will not accept a night message that cannot be started before the closing hour. In case of an interruption of the lines, which it is believed will prevent the transmission of a night message before the following morning, such messages will not be accepted.

RULE 59.

Rule 59 has also been changed to read as follows:

A night message will not, unless called for, be delivered until morning, but if called for, it may be delivered upon payment of full day rates in the case of a collect message, and the difference betwen the night and day rates in the case of a paid message. The additional amount collected will be accounted for as "Sundry Receipts."

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet the following places:

DELAWARE.

60 Broadkill.
60 Dagsboro.
60 Ellendale.
60 Greenwood.
60 Millsboro.

MARYLAND.

67 Centreville.
85 Taneytown.

NEW JERSEY.

47 Bay Head.

There should be added to Sheet "O," the following:

NEW JERSEY.

53 Beach Haven. 53 Tuckerton.

PENNSYLVANIA.

112 Coalport, C. Co. 66 Retreat.
131 Glassmere.

JANUARY 1906 TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Beckemeyer, Ill., which was formerly a three-star station, but which is now a Western Union office in Square 390.

The hand (☞) indicates those changes which have not been published in the preceding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of January, 1906.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

In Cable Rule 23, page 673 of the Tariff Book the indication "T. C." shown on fourth and seventh lines of the paragraph, should read; "P. C."

Until further notice the route "Via Khabarovsk" to Dalny, Guirine, Hailar, Harbine and other places in Manchuria (China) named on page 683 of the Tariff Book, is not available.

During interruption of cable between Cadiz and Teneriffe, messages for the Canary Islands will be sent via Brest-Dakar cable at rate of 29 cents per word beyond London.

The rate to Spain via Eastern or Direct Spanish route is 15 cents instead of 51 cents as shown on page 685. of the Tariff Book.

WIRELESS TELEGRAPH.

Note 1 at the foot of page 666 of Tariff Book, has been revised as follows:

Note 1.—A wireless telegraph station has been established on Sable Island, off the Coast of Nova Scotia, and passing New York steamships may be communicated with from that station at the regular commercial rate to Camperdown, N. S, plus $4.00 and 24 for wireless, beyond. Check Halifax, N. S.

If for any reason a message is not delivered on board the vessel to which it is addressed, refund will be made of wireless tolls only beyond Sable Island of $3.00 and 18.

The following steamships have been equipped with wireless telegraph and may be added to list shown on page 667 of the Tariff Book:

ROYAL MAIL STEAM PACKET CO.

S. S.	RATE.	BEYOND
Atrato	1.50 and 8	New York,
Tagus	1.50 and 8	Atlantic City, N. J.
La Plata	1.50 and 8	Hatteras, N. C.,
Trent	1.50 and 8	Guantanamo, Cuba,
Orinoco	1.50 and 8	or Colon, Panama.

MUNSON LINE.

Prince George	1.00 and 7	Mobile, Ala., Key West, Flo., or Havana, Cuba.

SOUTHERN PACIFIC LINE.

Prince Arthur	1.00 and 7	New Orleans, La., Mobile, Ala., Key West, Flo., or Havana, Cuba.

In addition to routes shown on pages 667 and 668 of Tariff Book, Steamers on the Mallory Line, equipped with Wireless apparatus, may also be reached via U. S. Naval Wireless Station at Jupiter, Fla., at the ordinary rate to Jupiter, plus 100 and 7 beyond.

SPECIAL NOTICES.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools,

Digitized by Google

Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 676 to 697 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 579, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the tolls on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, FEBRUARY 20, 1906.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

Effective February 1, 1906, Rule 36 is hereby amended to read as follows:

"At the close of each day's business Transfer Agents will notify the Treasurer by wire of every deposit for transfers exceeding $100 at offices in their respective districts, *also of every order received for payment of transfers exceeding* $100 *at offices in their respective districts.* See examples 16 on page 20, and 17, as follows:

EXAMPLE 17.

PHILADELPHIA, PA., May 5, 1903.

M. T. WILBUR, Treasurer,

New York.

Received special transfers for payment to-day from New York to Philadelphia two hundred, Chicago to Lancaster two hundred fifty, Pittsburg to Altoona one hundred fifty. J. W. REED."

24 words free.

☞The above amendment should be strictly complied with by all Transfer Agents.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

☞Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

CHANGES.

NEW YORK CHICAGO JERSEY CITY
MANHATTAN MESCO ELECTRICAL SUPPLY CO.

AT THE SPECIAL NET PRICES

which we have applied to the articles shown on this page, another opportunity is offered to secure

MANHATTAN TELEGRAPH INSTRUMENTS AND OTHER ELECTRICAL SUPPLIES

at unusually attractive figures. As these prices are subject to change, and will, in any event, be withdrawn in sixty days, prompt advantage should be taken of them. All Manhattan goods are standard, of exceptionally high quality and guaranteed. Send in your orders while these prices are effective.

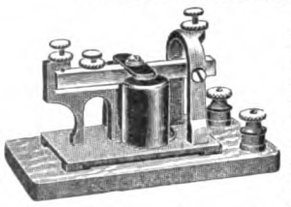

OUR NEW CATALOGS

Numbers 21 and 22, will soon be ready.

Number 21 is a large 750-page book, covering electrical apparatus and supplies of every description. It will be forwarded, *charges prepaid*, upon receipt of 50 cents, which amount will be rebated on first order amounting to $5.00 or more.

Catalog No. 22 will contain 144 pages and cover the more important articles in our stock. It will be ready in a few weeks, and mailed postpaid to any address on request.

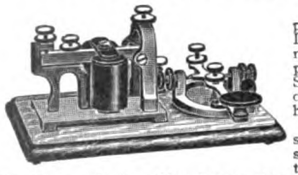

IMPROVED GIANT SOUNDER

This instrument is scientifically correct in every respect. Quick acting and gives a loud, clear sound. Magnet Cores and Armatures are made from selected soft iron. Coils are covered with polished hard rubber, brass or aluminum lever and polished brass base plate. It is of standard size and design. Mounted on highly polished mahogany base. This instrument is in constant use by the largest railroad and telegraph companies. In ordering state whether brass or aluminum lever is wanted. List No. 111 Special net price **$1.40**

Postage 22c.

IMP. GIANT COMBINATION SET.

This set is composed of our Steel Lever solid trunnion key and Improved Giant Sounder mounted on a polished mahogany base.

The key and sounder are the same in every detail as our regular instruments. It is without exception the best combination telegraph set manufactured. A copy of Philosophy and Practice of Morse Telegraphy is furnished free with each outfit.

List No. 185. Improved Giant Combination Set, wound for 5 ohms. Special net price. Price each **$2.05**

PRIVATE LINE TELEPHONE

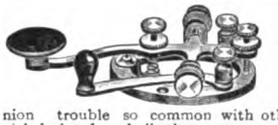

This instrument is carefully constructed and finely finished. It will do the work of apparatus costing ten times our price. For private lines up to 20 miles in length it will give perfect satisfaction with two or three telephones in circuit.

Furnished with a 10,000 Ohm Generator; improved adjustable ringer magnets, wound 80 Ohms. Long distance transmitter attached to inside of bell box cover. Standard compound bar Receiver with cord. improved short lever double prong hook and two Mesco Dry Batteries. Made in Oak or Walnut. Every Telephone guaranteed.

List No 1514. One Series Telephone, 80 Ohm Ringers, special net price - - - - **$5.25**

LEGLESS KEY

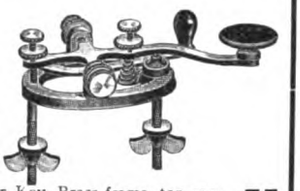

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished. Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type.

List No. 108. Steel Lever Key, Brass frame, top connection - - - - - - - - - - - - - - - **.81**

By mail, extra 8c.

LEG KEY

The durability, lightness and quick action of the steel lever as compared with other makes is recognized by experts and operators and is preferred by them to any other type.

List No. 103. Steel Lever Key, Brass frame, top connection **.75**

By mail, extra 10c.

TEST YOUR BATTERIES WITH THIS INSTRUMENT

Size of Watch

Can be Carried in Vest Pocket

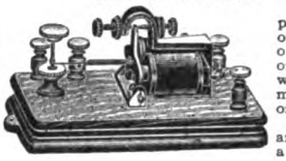

THE UNIVERSAL BATTERY GUAGE

is an accurate, reliable instrument of our own make. With one of these gauges the strength and condition of one or more batteries can be determined instantly.

List No. 3349, One Cell. Special net price - **$3.00**

Postage, 4 cents.

STANDARD PONY RELAY

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.

The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pony Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase

List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price - - **$1.40**

ELECTRIC ALARM CLOCK

The "Manhattan" Clock is set in the usual manner to ring at a certain hour, and the movement of the clock throws into circuit a vibrating bell which will ring for almost two hours, unless switched off.

The clock can be placed on a shelf or table, and the bell and switch arranged near the bed. Any vibrating bell described in this book can be used with the clock.

List No. 1748. Clock as shown. Special net price, Each **$1.25**

ELECTRIC CALL BELL OUTFIT

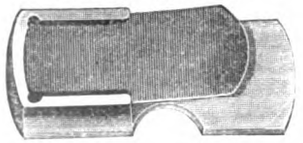

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire.

Sufficient staples and printed instructions which will aid any person to put same in successful operation,

Packed in strong straw-board box. Weighs 5 lbs. A first-class outfit.

List No. 1762. Special net price. Complete, each **.50**

SNAPPER SOUNDER

CUT FULL SIZE.

This little instrument makes a clear, distinct noise quite similar to a telegraph sounder. Morse Alphabet characters can be made on it and heard at a distance of two or three hundred feet. Telegraph operators can signal and converse with each other as intelligently as if regular telegraph instruments were being used. It is neat, small and well made; can be carried in the vest pocket.

List No. 196. Special net price, Snapper Sounder complete - - - - - **.10**

Postage 2 cents.

ELECTRIC SEARCHLIGHT

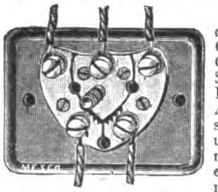

SIZE 1½X9 INCHES

Its uses are numerous. Everyone needs it. In stores, in factories, on railroads, or ships, anywhere, everywhere, anytime, where a bright, steady light is instantly required, our Eureka Search Light has no equal. Not intended to be used to produce a continuous, steady light, for any length of time. It is an emergency light. Should be used for intermittent lighting only, and as such is the acme of perfection. Our Eureka Search Lights mark a distinct era and a positive advance in portable lights. They produce a brilliant light, which sheds its illumination a great distance. They are made of material impervious to water, and are well nigh indestructible. They are handsomely finished, carefully adjusted, and fitted with the finest reflectors procurable.

List No. 5280. Search Light as illustrated, with Battery, special net price **$1.25**

By mail, extra 18c

UNION LIGHTNING ARRESTOR

This is a combined Cut-out, Ground Switch and Lightning Arrester and should be used in connection with each instrument on systems with out-door lines. It protects the instruments and house from damage by lightning. It enables the operator to terminate the line at his station by grounding the circuit, which is often convenient when troubles occur, such as a broken line wire, a key left open, etc. Also the instrument can be cut out or disconnected from the main line when desired.

List No. 749. Union Lightning Arrester, complete with Cut-out Pin. Special net price. Price each.. **.30**

By mail, extra 5c.

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* *(Formerly 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)*

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

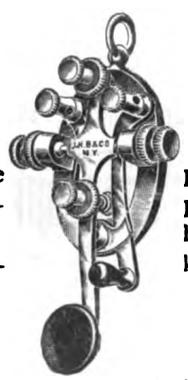

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the instrument.

Price, complete with Cord and Sounder - $6.25
Without Sounder - - - - - - 4.00

Beware of inferior imitations.

SOUVENIR WATCH CHARM KEY.

Body and screws made of composition bronze gold lacquered.

Nickel-plated lever, polished hard rubber knobs.

Cut above shows full size

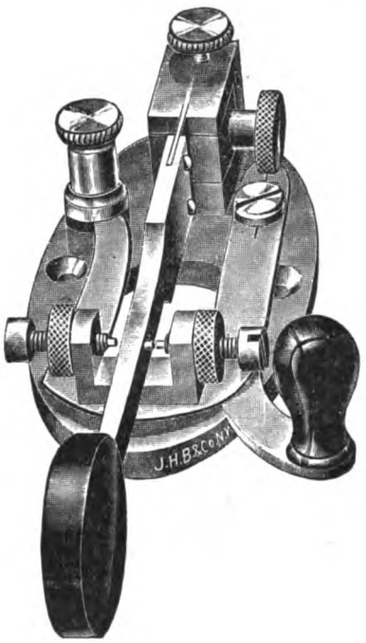

A Perfect Working Model of the Standard Bunnell Legless Key.

BY REGISTERED MAIL, - - $1.50

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

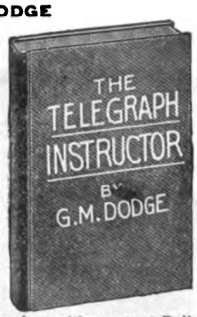

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages, with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

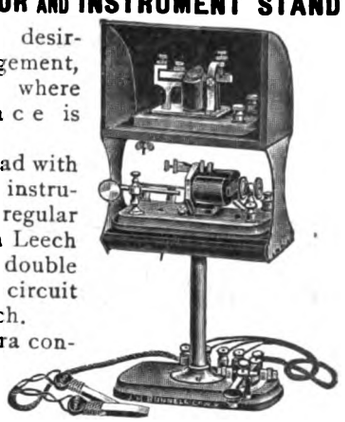

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

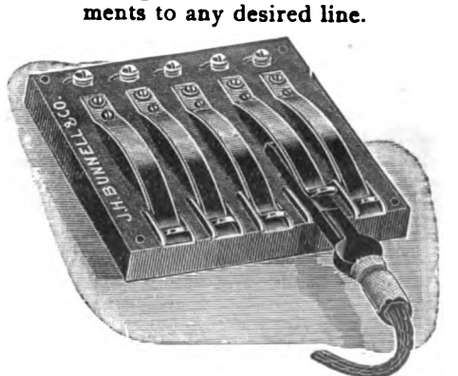

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

JUL 8 '06

JOURNAL OF THE TELEGRAPH.

VOL. XXXIX. NEW YORK, JUNE 20, 1906 WHOLE NO. 636.

JOURNAL OF THE TELEGRAPH.

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

NEW YORK, JUNE 20, 1906.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, INC., FOR THE QUARTER ENDING JUNE 30th, 1906.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 13, 1906.

The following statement exhibits the condition of the Company at the close of the quarter ended March 31st, 1906:

Surplus January 1st, 1906, as per last Quarterly Report		$16,738,355 61
Net revenues, quarter ended March 31st, 1906		1,469,158 62
		$18,207,514 23
From which appropriating for—		
Dividend of 1¼ per cent. paid April 16th, 1906	$1,217,022 50	
Interest on bonded debt	331,300 00	
		1,548,322 50
Left surplus March 31st, 1906		$16,659,191 73
The net revenues of the quarter ending June 30th, instant, based upon nearly completed returns for April, partial returns for May, and estimating the business for June, will be about		1,750,000 00
		$18,409,191 73
From which appropriating for—		
Interest on bonded debt		331,300 00
		$18,077,891 73
It requires for a dividend of 1¼ per cent. on capital stock issued		1,217,022 50
Deducting which, leaves a surplus, after paying dividend, of		$16,860,869 23

In view of the preceding statements, the Committee recommended the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 16th day of July next, to stockholders of record at the close of the transfer books on the 20th day of June, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of June, instant, and be reopened on the morning of the 2d day of July, next.

Respectfully submitted,
ROBERT C. CLOWRY,
President.

JULY, 1906, TARIFF BOOK.

The July, 1906, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before July 1.

As in the preceding book, the Money Transfer pages are, for convenient reference, printed on colored paper. These pages immediately follow W. Union Rules, and precede "Wireless" and Cable rates.

The attention of Managers is called to the tables of Cable Word Rates shown in pages 703 to 707. These tables show word rates, arranged for easy reference, from all offices in the United States and Canada, to the most important foreign countries and places.

Rates to places not given in these tables, and rates via other than the cheapest route, will be found in the usual complete list shown in pages 708 to 730.

The location of cable rate to any desired station, not shown in the tables above referred to will be greatly facilitated by reference to the Cable Index in Pages 731 to 735.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any error which they may discover.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Thatcher, Ariz., which was formerly a three-star station, but which is now a Western Union office in Square 1002.

The following list of "Changes" corrects to date the Tariff Book of July, 1906.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CHANGES

ALABAMA.

* Buell Mines, now Sq. 331 Buell's Mine. P. O. Horse Creek.
343 Darlington. Add: P. O. Isbell.

CABLES.

BRAZIL.

Until further notice, messages for offices in State of Matto Grosso, Brazil, must be written in plain language, and are subject to censorship.

RUSSIA IN ASIA.

Hereafter messages for Vladivostock, Russia in Asia, may be forwarded via Commercial Pac. Cable at rate of $1.56 per word beyond San Francisco. For rate to San Francisco, see page 710 of the July Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 702 to 730 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 595, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the toll on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

WESTERN UNION TELEGRAPH CO.
NEW YORK, June 20, 1906.

To all Transfer agents and Office Managers:

SPECIAL NOTICES.

☞Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1906. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective July 1, 1906.

☞ Fisher's Island, N. Y. has "other line" charge of 25c.

MONEY TRANSFER SERVICE

M. T. WILBUR,
Treasurer.

The Western Union Telegraph Co.

New York, June 18th, 1906.

DIVIDEND No. 151.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the Capital Stock of this Company, payable at the office of the Treasurer on and after the 16th day of July next, to shareholders of record at the close of the transfer books on the 20th day of June inst.

The transfer books will be closed at three o'clock on the afternoon of June 20th inst., and reopened on the morning of July 2d next.

M. T. WILBUR, Treasurer.

EXECUTIVE OFFICE,
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPT.
NEW YORK, June 11, 1906.

The originals of free messages transmitted from San Francisco, Cal., between March 1st, and April 18th, 1906, inclusive, having been destroyed in the recent fire, Offices which received such messages from San Francisco between those dates will please send the received copies of the same (W. U. service messages excepted) as early as practicable, to the Bureau of Free Service. The name of the receiving office and amount of toll should be stated plainly on each message.

G. W. E. ATKINS,
Superintendent.

EXECUTIVE OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, FEBRUARY 12, 1906.

Attention of Managers and Receivers is specially called to the terms of the cards which are issued to persons in the service of the United States Government, authorizing the transmission of messages at Government rates and reporting the same for collection by the Auditor. These cards read as follows:

FACE.

No. ——

The Western Union Telegraph Company will transmit at Government rates on account of the when endorsed OFFICIAL BUSINESS,
Messages signed by
and answers thereto
between all points on its lines unless otherwise ordered.

R. C. CLOWRY,
President.

BACK.

NOTICE.

Messages sent under this frank will be checked "Paid" at Government rates and be taken credit for in and returned with the Monthly Form No. 4 Report to be collected by the Auditor of the Western Union Telegraph Company, payment not being required from the Sender at the time of transmission.

Complaint is made by some Holders of these cards that messages are sometimes refused transmission unless the tolls are prepaid, owing to apparent unfamiliarity with the terms of the cards. Messages of holders of such cards should be treated as directed by the terms thereof.

G. W. E. ATKINS,
Superintendent.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo & Co., or Western Express Companies, at the following rates, viz.:

Not exceeding $2.50, 3c	Over $30.00 to $40.00, 15c
Over $2.50 to 5.00, 5c	Over 40.00 to 50.00, 18c
Over 5.00 to 10.00, 8c	Over 50.00 to 60.00, 20c
Over 10.00 to 20.00, 10c	Over 60.00 to 75.00, 25c
Over 20.00 to 30.00, 12c	Over 75.00 to 100.00, 30.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money order can be obtained at less expense.*)

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

NEW YORK CHICAGO JERSEY CITY
MANHATTAN MESCO ELECTRICAL SUPPLY CO.

AT THE SPECIAL NET PRICES which we have applied to the articles shown on this page, another opportunity is offered to secure

MANHATTAN TELEGRAPH INSTRUMENTS AND OTHER ELECTRICAL SUPPLIES

at unusually attractive figures. As these prices are subject to change, and will, in any event, be withdrawn in sixty days, prompt advantage should be taken of them. All Manhattan goods are standard, of exceptionally high quality and guaranteed. Send in your orders while these prices are effective.

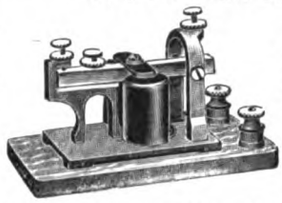

OUR NEW CATALOGS

Numbers 21 and 22, will soon be ready.

Number 21 is a large 750-page book, covering electrical apparatus and supplies of every description. It will be forwarded, *charges prepaid*, upon receipt of 50 cents, which amount will be rebated on first order amounting to $5.00 or more.

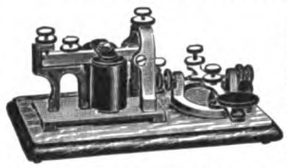

Catalog No. 22 will contain 144 pages and cover the more important articles in our stock. It will be ready in a few weeks, and mailed postpaid to any address on request.

IMPROVED GIANT SOUNDER

This instrument is scientifically correct in every respect. Quick acting and gives a loud, clear sound. Magnet Cores and Armatures are made from selected soft iron. Coils are covered with polished hard rubber, brass or aluminum lever and polished brass base plate. It is of standard size and design. Mounted on highly polished mahogany base. This instrument is in constant use by the largest railroad and telegraph companies. In ordering state whether brass or aluminum lever is wanted. List No. 111 Special net price..... **$1.40**
Postage 22c.

IMP. GIANT COMBINATION SET.

This set is composed of our Steel Lever solid trunnion key and Improved Giant Sounder mounted on a polished mahogany base.

The key and sounder are the same in every detail as our regular struments. It is without exception the best combinaon telegraph set manufactured A copy of Philosophy nd Practice of Morse Telegraphy is furnished free with ach outfit.

List No. 185. Improved Giant Combination Set, wound for 5 ohms. Special net price. Price each.. **$2.05**

PRIVATE LINE TELEPHONE

This instrument is carefully constructed and finely finished It will do the work of apparatus costing ten times our price. For private lines up to 20 miles in length it will give perfect satisfaction with two or three telephones in circuit.

Furnished with a 10,000 Ohm Generator; improved adjustable ringer magnets, wound 80 Ohms. Long distance transmitter attached to inside of bell box cover. Standard compound bar Receiver with cord improved short lever double prong hook and two Mesco Dry Batteries. Made in Oak or Walnut. Every Telephone guaranteed.

List No 1514, One Series Telephone, 80 Ohm Ringers, special net price - - - - **$5.25**

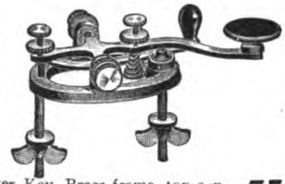

LEGLESS KEY

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type.

List No. 108. Steel Lever Key, Brass frame, top connection - - - - - - - - - - - - - - **.81**
By mail, extra 8c.

LEG KEY

The durability, lightness and quick action of the steel lever as compared with other makes is recognized by experts and operators and is preferred by them to any other type.

List No, 103. Steel Lever Key, Brass frame, top connection..... **.75**
By mail, extra 10c.

TEST YOUR BATTERIES WITH THIS INSTRUMENT

Size of Watch

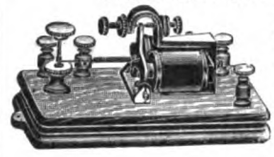

Can be Carried in Vest Pocket

THE UNIVERSAL BATTERY GUAGE

is an accurate, reliable instrument of our own make. With one of these gauges the strength and condition of one or more batteries can be determined instantly.

List No. 3349, One Cell. Special net price - **$3.00**
Postage, 4 cents.

STANDARD PONY RELAY

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.

The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pony Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase

List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price - - **$1.40**

ELECTRIC ALARM CLOCK

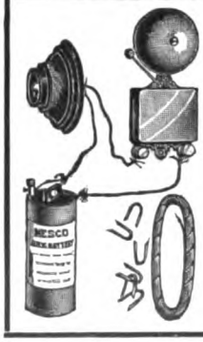

The "Manhattan" Clock is set in the usual manner to ring at a certain hour, and the movement of the clock throws into circuit a vibrating bell which will ring for almost two hours, unless switched off.

The clock can be placed on a shelf or table, and the bell and switch arranged near the bed. Any vibrating bell described in this book can be used with the clock.

List No. 1748. Clock as shown. Special net price, Each **$1.25**

ELECTRIC CALL BELL OUTFIT

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire.

Sufficient staples and printed instructions which will aid any person to put same in successful operation,

Packed in strong straw-board box. Weighs 5 lbs. A first-class outfit.

List No. 1702. Special net price. Complete, each..... **.50**

SNAPPER SOUNDER

CUT FULL SIZE.

This little instrument makes a clear, distinct noise quite similar to a telegraph sounder. Morse Alphabet characters can be made on it and heard at a distance of two or three hundred feet. Telegraph operators can signal and converse with each other as intelligently as if regular telegraph instruments were being used. It is neat, small and well made; can be carried in the vest pocket,

List No. 196. Special net price, Snapper Sounder complete - - - - **.10**
Postage 2 cents.

ELECTRIC SEARCHLIGHT

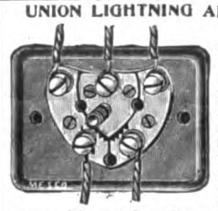

SIZE 9½X9 INCHES

Its uses are numerous. Everyone needs it. In stores, in factories, on railroads, or ships, anywhere, everywhere, anytime, where a bright, steady light is instantly required, our Eureka Search Light has no equal. Not intended to be used to produce a continuous, steady light, for any length of time. It is an emergency light. Should be used for intermittent lighting only, and as such is the acme of perfection. Our Eureka Search Lights mark a distinct era and a positive advance in portable lights. They produce a brilliant light, which sheds its illumination a great distance They are made of material impervious to water, and are well nigh indestructible. They are handsomely finished, carefully adjusted, and fitted with the finest reflectors procurable.

List No. 5260. Search Light as illustrated, with Battery, special net price **$1.25**
By mail, extra 18c

UNION LIGHTNING ARRESTOR

This is a combined Cut-out, Ground Switch and Lightning Arrester and should be used in connection with each instrument on systems with out-door lines. It protects the instruments and house from damage by lightning. It enables the operator to terminate the line at his station by grounding the circuit, which is often convenient when troubles occur, such as a broken line wire, a key left open, etc. Also the instrument can be cut out or disconnected from the main line when desired.

List No. 749. Union Lightning Arrester, complete with Cut-out Pin. Special net price Price each., **.30**
By mail, extra 5c.

TELEGRAPHERS' MUTUAL BENEFIT ASSOCIATION

B. BROOKS, President

THIRTY-NINTH YEAR.

Claims Paid, - - $1,200,000
Insurance in Force, 5,250,000
Assets, - - - - - 270,000

The Telegraphers' Mutual Benefit Association, now the oldest co-operative insurance organization in the country, a purely telegraph society, organized by and always managed by telegraphers for the sole benefit of the telegraph fraternity, offers to all persons engaged in telegraphic service between the ages of 18 and 45 protection for their families and dependents in amounts within the reach of every one at net cost.

INSURANCE

Full Grade $1,000 — Half Grade $500
Or Both Grades, $1,500

Initiation fee, $2.00 for each grade; no extra expense of any kind.

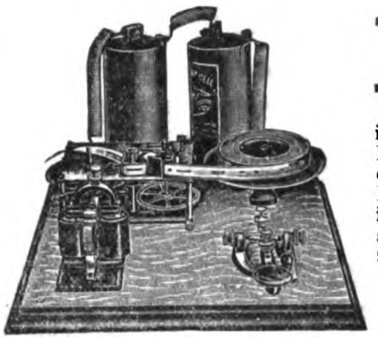

THE RATES

are based on age at entry, and not subject to change, in accordance with the following table:

AGE	FULL GRADE	HALF GRADE
18 to 30	$1.00	$0.50
30 to 35	1.25	0.63
35 to 40	1.50	0.75
40 to 45	2.00	1.00

Application blanks and rates from any agent, or from

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* *(Formerly 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)*

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

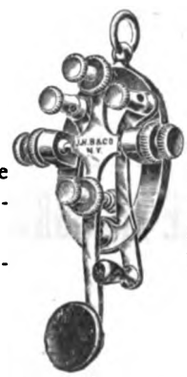

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the instrument.

Price, complete with Cord and Sounder - $6.25
Without Sounder - - - - - - 4.00

Beware of inferior imitations.

SOUVENIR WATCH CHARM KEY.

Body and screws made of composition bronze gold lacquered.

Nickel-plated lever, polished hard rubber knobs.

Cut above shows full size

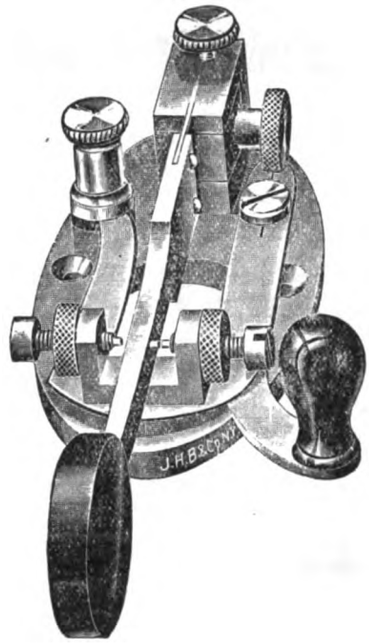

A Perfect Working Model of the Standard Bunnell Legless Key.

BY REGISTERED MAIL, - - $1.50

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

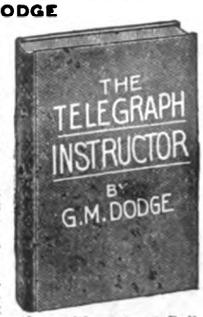

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

131 New Florence.
66 Retreat.
94 Ryde.

JULY, 1906, TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Thatcher, Ariz., which was formerly a three-star station, but which is now a Western Union office in Square 1002.

The hand (☞) indicates those changes which have not been published in the preceeding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of July, 1906.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

The following additions and changes in cable rates beyond London should be noted:

ADDITIONS.

AFRICA.

Congo Free State $1.39 per word.

CHINA.

Messages may now be accepted via Khabarovsk for Guirine, Hailar, Harbine, Koantchensi, Ningouta and Tzitzikar in Manchuria, at rate of 25 cents per word beyond London. Messages sent via this route only when expressly ordered, and then only at sender's risk of delay or non-delivery. Messages to other places in Manchuria cannot be accepted via Khabarovsk.

CHANGES.

ARABIA.

Rate to Djedda, Mecca and all Hedjaz now 76c. per word, instead of 80c. as shown in Tariff Book.

RUSSIA IN ASIA.

Hereafter messages for Vladivostock, Russia in Asia, may be forwarded via Commercial Pac. Cable at rate of $1.56 per word beyond San Francisco. For rate to San Francisco, see page 710 of the July Tariff Book.

HONDURAS (BRITISH).

Hereafter the rate to Belize "Via Payo Obispo" (Mexico), will be 56 cents *per word* beyond Galveston, Tex. Page 725 should be corrected accordingly.

WEST INDIES.

Rates in second column of page 724 should be corrected as follows:

Martinique	$1.05,	instead of blank.
Porto Rico—San Juan..	.80,	instead of 1.05.
Other offices	.80,	(no change).
St. Christopher	.94,	instead of .80.
St. Croix	1.07,	instead of .94.
St. Kitts	.94,	instead of 1.07.
St. Lucia	.90,	instead of .94.
St. Thomas	1.01,	instead of .90.
St. Vincent	.91,	instead of 1.01.
San Domingo	1.42	instead of .91.

BRAZIL.

Messages for offices in State of Matto Grosso, Brazil, are no longer subject to censorship, and code messages may again be accepted.

WIRELESS.

The Old Dom. S. S. Monroe has been equipped with wireless apparatus and messages may now be accepted for that vessel at rate of $1.00 and 7 beyond New York, Atlantic City, N. J., or Norfolk, Va.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message, and the tolls should be prepaid.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 702 to 730 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 595, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the toll on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

Digitized by Google

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, August 20, 1906.
To all Transfer agents and Office Managers:

SPECIAL NOTICES.

☞ Small circulars, containing as an advertisement, the matter printed on page 617 of the Tariff Book have been prepared for distribution to the public, by *Money Transfer Offices.* These circulars have been numbered.

"Form 2193"

and will be furnished on requisition. They should be freely distributed by all Money Transfer Offices.

Offices which accept foreign orders for payment through the New York Transfer Agency should send by first mail, to the New York Agent, copies, on Form 72, of all such transfers.

Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

The attention of all Managers is called to the changes in the 4th and 6th paragraphs of RULE No. 12 in book of Rules for "Money Transfer Service."

Rule 28, Page 11 new book of "Rules for Money Transfer Service" third line should read "as provided in Rule 25" etc., instead of Rule 24, etc.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1906. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective September 1, 1906.

☞ Allentown, Pa., should read Class B.
Cape Girardeau, Mo., should read Class C.
Douglas, Ariz., should read Class A.
Fisher's Island, N. Y. has "other line" charge of 25c.
Geneva, N. Y., should be Buffalo, N. Y. agency.
☞ D. Fraserville, Que. now "paid by" Riviere du Loup (en bas) Sta.
London, Ky. should be Louisville, Ky. agency.
Mayfield, Ky. should be Memphis, Tenn agency
Menlo Park, Calif., should read paid by Palo Alto, Calif.
☞ Milford, Mass., should be Milford, Mass. agency.
☞ Mount Clemens, Mich. should be Mount Clemens, Mich. agency.
Muskogee, Ind. T., should read Muskogee, Ind. T. agency.
New Albany, Miss. should be Memphis, Tenn agency.
☞ Norton, Va. service suspended.
Oakland, Calif., should read Class A.
Oakfield, N. Y. service discontinued.
☞ Riviere du Loup (en bas) Que. now "paid by" Rievere du Loup (en bas) Sta. (See new offices.)
Roaring Brook, Mich., has "other" line charge of 25 and 2.
Silverlyville, Pa., should be Siverlyville, Pa.
Somerset, Ky. should be Cincinnati, O. agency.
Spangler, Pa. service discontinued.
☞ Tallahassee, Flo. should be Tallahassee, Flo. agency.
Tupelo, Miss should be Memphis, Tenn. agency.
Yarmouth, N. S., should be Yarmouth, N. S. agency.

Changes in Agencies, Pages 688-689.

☞ Miford, Mass. new agency.
☞ Mount Clemens, Mich. new agency.
☞ Tallahassee, Flo. new agency.
Yarmouth, N. S. New agency.

M. T. WILBUR,
Treasurer.

EXECUTIVE OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, August 16, 1906.

The following business franks are hereby revoked by requests of the Companies named:

No. 8946 issued on account of the Lake Shore & Michigan Southern Ry.

No. 12837 issued on account of the Cleveland, Cincinnati, Chicago & St. Louis R. R.

No. 13120 issued on account of the Grand Trunk Railway.

Managers will, therefore, please take up those franks, if presented, and return them to this Office for cancellation.

G. W. E. ATKINS,
Superintendent.

EXECUTIVE OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, FEBRUARY 12, 1906.

Attention of Managers and Receivers is specially called to the terms of the cards which are issued to persons in the service of the United States Government, authorizing the transmission of messages at Government rates and reporting the same for collection by the Auditor. These cards read as follows:

FACE.

No. ——

The Western Union Telegraph Company will transmit at Government rates on account of the when endorsed OFFICIAL BUSINESS,
Messages signed by
and answers thereto
between all points on its lines unless otherwise ordered.

R. C. CLOWRY,
President.

BACK.

NOTICE.

Messages sent under this frank will be checked "Paid" at Government rates and be taken credit for in and returned with the Monthly Form No. 4 Report to be collected by the Auditor of the Western Union Telegraph Company, payment not being required from the Sender at the time of transmission.

Complaint is made by some Holders of these cards that messages are sometimes refused transmission unless the tolls are prepaid, owing to apparent unfamiliarity with the terms of the cards. Messages of holders of such cards should be treated as directed by the terms thereof.

G. W. E. ATKINS,
Superintendent.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo & Co., or Western Express Companies, at the following rates, viz.:

Not exceeding $2.50,	3c	Over $30.00 to $40.00,	15c
Over $2.50 to 5.00,	5c	Over 40.00 to 50.00,	18c
Over 5.00 to 10.00,	8c	Over 50.00 to 60.00,	20c
Over 10.00 to 20.00,	10c	Over 60.00 to 75.00,	25c
Over 20.00 to 30.00,	12c	Over 75.00 to 100.00,	30.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money order can be obtained at less expense.*)

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

ELECTRICAL SUPPLIES

Whatever you require in the way of Electrical Apparatus or Supplies of any description can be secured from us promptly and at the lowest prices

NEW YORK CHICAGO JERSEY CITY MANHATTAN MESCO ELECTRICAL SUPPLY CO.

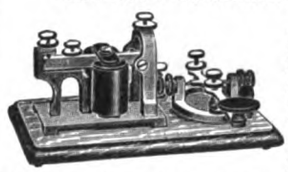

We are now occupying our own building, and the five big floors and two basements comprising it contain the largest and most complete stock of Electrical Goods in this country

IMPROVED GIANT SOUNDER

This instrument is scientifically correct in every respect. Quick acting and gives a loud, clear sound. Magnet Cores and Armatures are made from selected soft iron. Coils are covered with polished hard rubber, brass or aluminum lever and polished brass base plate It is of standard size and design. Mounted on highly polished mahogany base. This instrument is in constant use by the largest railroad and telegraph companies. In ordering state whether brass or aluminum lever is wanted. List No. 111 Special net price **$1.40**
Postage 22c.

IMP. GIANT COMBINATION SET.

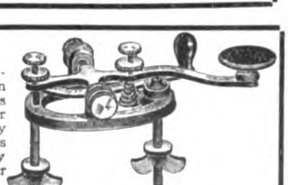

This set is composed of our Steel Lever solid trunnion key and Improved Giant Sounder mounted on a polished mahogany base.
The key and sounder are the same in every detail as our regular struments. It is without exception the best combination telegraph set manufactured A copy of Philosophy nd Practice of Morse Telegraphy is furnished free with ach outfit.
List No. 185. Improved Giant Combination Set, wound for 5 ohms. Special net price. Price each.. **$2.05**

PRIVATE LINE TELEPHONE

This instrument is carefully constructed and finely finished It will do the work of apparatus costing ten times our price. For private lines up to 20 miles in length it will give perfect satisfaction with two or three telephones in circuit.
Furnished with a 10,000 Ohm Generator; improved adjustable ringer magnets, wound 80 Ohms. Long distance transmitter attached to inside of bell box cover. Standard compound bar Receiver with cord improved short lever double prong hook and two Mesco Dry Batteries. Made in Oak or Walnut. Every Telephone guaranteed.
List No 1514. One Series Telephone, 80 Ohm Ringers, special net price - - - - **$5.25**

LEG KEY

The durability, lightness and quick action of the steel lever as compared with other makes is recognized by experts and operators and is preferred by them to any other type.
List No. 103. Steel Lever Key, Brass frame, top connection - - - - - - - - - **.75**
By mail, extra 10c.

ONE OF OUR NEWEST PRODUCTIONS *and* AN INSTRUMENT YOU OUGHT TO OWN : : :

AVERY TESTING GALVANOMETER

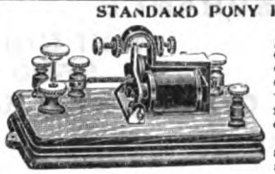

SMALL ENOUGH FOR THE POCKET—LARGE ENOUGH FOR SERIOUS WORK.

ALWAYS TELLS THE TRUTH

Illustration is 1-3 size of outfit. Weight of instrument and case complete, 8 oz.
The Avery Testing Galvanometer supplants the clumsy testing bell. It is extremely sensitive in locating leaks and is a practical instrument for measuring resistance.
Delicate parts in the make-up of this galvanometer have been omitted. Once the needle is locked all the hard knocks in the world can't derange its adjustment or mechanism.
Battery can be easily renewed at small expense.
The beauty and value of the Avery Galvanometer to linemen lies in its accuracy, portability, convenience and surprising resistance to everyday wear and tear. It goes in the pocket and is always ready for instant use.
Catalog No. 13,395. Price, $4.00. Postage 15 cents additional.

STANDARD PONY RELAY

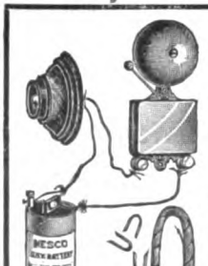

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.
The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pony Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase
List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price - - **$1.40**

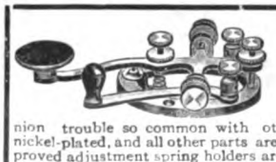

ELECTRIC ALARM CLOCK

The "Manhattan" Clock is set in the usual manner to ring at a certain hour, and the movement of the clock throws into circuit a vibrating bell which will ring for almost two hours, unless switched off.
The clock can be placed on a shelf or table, and the bell and switch arranged near the bed. Any vibrating bell described in this book can be used with the clock.
List No. 1748. Clock as shown. Special net price, Each **$1.25**

ELECTRIC CALL BELL OUTFIT

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire
Sufficient staples and printed instructions which will aid any person to put same in successful operation,
Packed in strong straw-board box. Weighs 5 lbs, A first-class outfit.
List No. 1762. Special net price. Complete, each **.50**

LEGLESS KEY

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished. Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type.
List No. 108. Steel Lever Key, Brass frame, top connection - - - - - - - - **.81**
By mail, extra 8c.

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* *(Formerly 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)*

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

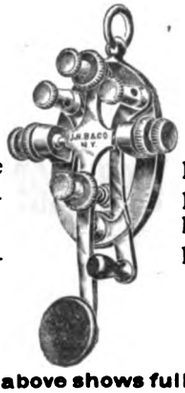

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the instrument.

Price, complete with Cord and Sounder - $6.25
Without Sounder - - - - - - 4.00

Beware of inferior imitations.

SOUVENIR WATCH CHARM KEY.

Body and screws made of composition bronze gold lacquered.

Nickel-plated lever, polished hard rubber knobs.

Cut above shows full size

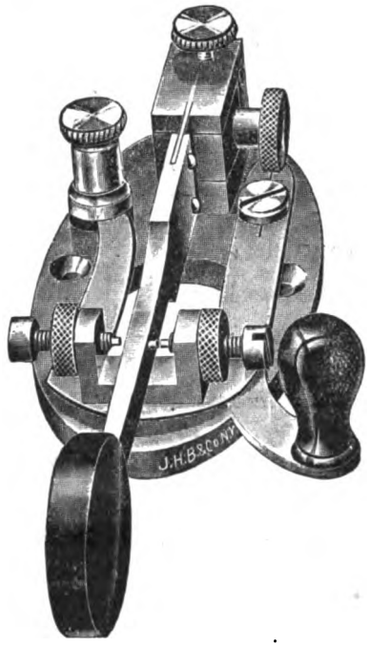

A Perfect Working Model of the Standard Bunnell Legless Key.

BY REGISTERED MAIL, - - $1.50

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

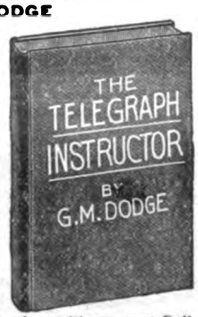

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

THE NEW YORK PUBLIC LIBRARY
ASTOR, LENOX AND TILDEN FOUNDATIONS

JOURNAL OF THE TELEGRAPH.

VOL. XXXIX. NEW YORK, OCTOBER 20, 1906 WHOLE NO. 640.

ANNUAL REPORT OF THE PRESIDENT OF THE WESTERN UNION TELEGRAPH COMPANY (INC.) FOR THE YEAR ENDED JUNE 30, 1906.

APPROVED BY THE EXECUTIVE COMMITTEE AND ORDERED TO BE SUBMITTED TO THE STOCKHOLDERS.

Capital Stock.

The capital stock outstanding is unchanged, namely $97,370,000.00, of which $29,394.00 belongs to and is in the treasury of the company.

Bonded Debt.

The bonded debt at the close of the year was as follows:

Funding and Real Estate Mortgage Bonds due May 1, 1950, four and one-half per cent.	$20,000,000 00	
Collateral Trust Bonds due January 1, 1938, against which bonds and stocks bearing the company's guarantee of interest or dividends at six per cent. per annum have been deposited with the trustee, five per cent	8,615,000 00	
		$28,615,000 00

During the year $111,000.00 Collateral Trust Bonds were issued in exchange for a corresponding amount of capital stock of the Maine Telegraph Company, upon which, under lease of that company, interest was being paid at the rate of 10 per cent. per annum.

Business of the Year.

	Year ended June 30, 1905.	Year ended June 30, 1906.	Increase.	Decrease.
Revenues,	$29,033,635.04	$30,675,654.53	$1,642,019.49	
Expenses, see statement below	21,845,570.32	23,605,071.65	1,759,501.33	
Net Revenue	$7,188,064.72	$7,070,582.88		$117,481.84
Interest on bonds	1,227,200.00	1,327,975.00	100,775.00	
Profits	$5,960,864.72	$5,742,607.88		$218,256.84
Appropriated for dividends	4,868,083.75	4,868,088.75	5.00	
Surplus	$1,092,780.97	$874,519.13		$218,261.84

Surplus July 1st, 1905	$15,974,209.25
Carried to surplus as above	874,519.13
Surplus June 30th, 1906	$16,848,728.38

Statement of Expenses for the Year.

Operating and general expenses, including taxes	$17,191,039 47
Rental of leased lines	1,553,287 84
Maintenance and reconstruction of lines	4,422,959 70
Equipment of offices and wires	437,784 64
Total expenses as above	$23,605,071 65

The large increase in the revenues for the year has warranted a continuance of the policy of making liberal appropriations from earnings for raising the standard and improving the stability and operating efficiency of the lines, by adding to the number of poles per mile on trunk lines, replacing small poles with larger ones, substituting copper for iron wire in reconstruction work, and renewing insulation and cross-arms, thus increasing the reliability of the service and developing the traffic, which shows an increase of over 4,000,000 in the number of messages transmitted during the year.

The expenditures for these purposes and for the general maintenance and repair of the lines during the year amounted to $4,442,959.70, an increase of $703,626.06 over last year.

A large part of this amount was devoted to the betterment of the property, and might with propriety be charged to capital account, but has been charged to maintenance and reconstruction, in pursuance of the conservative policy of paying for betterments out of earnings, instead of capitalizing them.

From the $7,070,582.88 net revenue of the year, $4,868,088.75 was paid for dividends, and $1,327,975.00 for interest on bonds. The remainder, $874,519.13, was added to the surplus.

The net growth of the plant was: in poles and cables 2,735 miles; in wire 71,590 miles; in offices 509.

Of the total of 1,256,147 miles of wire at the close of the year, 352,164 miles were of copper and 903,983 of iron; an increase in copper of 45,428 miles, and of iron 26,162 miles during the year.

Cost of new construction was $3,292,981.36, which was $2,115,481.12 more than last year.

The increase of 4,009,762 in the number of messages resulted in a corresponding increase in the operating and general expenses.

A purchase has been made of property 134.3 by 187.9 feet with a five-story brick building thereon at the corner of Sixteenth and Clark streets in Chicago, for the Supply Department, at a cost for the property and improvements on the building, of $106,000.00, and it is now occupied and used for that purpose.

The cost of telegraph materials, especially poles, copper wire, cross-arms, insulators and battery supplies, is steadily increasing and the supply is not alway equal to the demand. We also have much difficulty in securing railroad cars for the prompt transportation of the large quantities of such material, required to take proper care of our rapidly increasing traffic; but, notwithstanding these facts and the growing exactions of the public for more rapid and accurate work, our service has never been so generally satisfactory as at the present time. We are constantly introducing, at considerable expense, new inventions and improvements in our machinery, especially of an automatic character, to improve and quicken the service.

Contracts covering 8,311 miles of railroad were closed during the year with the following-named railroad companies:

Uintah Railway Company.
Dublin & Southwestern Railroad Company.
Raleigh & Southport Railway Company.
Weatherford Mineral Wells & Northwestern Railway Company.
Toledo, St. Louis & Western Railroad Company.
Denver, Enid & Gulf Railroad Company.
Las Vegas & Tonopah Railroad Company.
Denver Northwestern & Pacific Railway Company.
Pacific Railway and Navigation Company.
Northampton & Bath Railroad Company.
Hannibal Connecting Railroad Company.
Colorado Southern, New Orleans & Pacific Railroad Company.
Beaumont, Sour Lake & Western Railway Company.
Orange & Northwestern Railroad Company.
Louisiana Railway and Navigation Company.
Trinity & Brazos Valley Railroad Company.
Illinois Central Railroad Company.
Aberdeen & Rockfish Railway Company.
Tallulah Falls Railway Company.
Live Oak, Perry & Gulf Railroad Company.
Terminal Railroad Association of St. Louis and St. Louis Merchants' Bridge Terminal Railway Company.
Wrightsville & Tennille Railroad Company.
Kansas City & Memphis Railway and Bridge Company.
New Orleans Great Northern Railroad Company.
Detroit, Toledo & Ironton Railway Company.
Oklahoma Central Railway Company.
Beaumont & Great Northern Railroad Company.
Atlanta & St. Andrews Bay Railway Company.
Hocking Valley Railway Company.
Montana Central Railway Company.
Montana & Great Northern Railway Company.
Minnesota & Great Northern Railway Company.
Dakota & Great Northern Railway Company.

Respectfully submitted,

ROBERT C. CLOWRY,
President

The Third District of the Pacific Division of the Western Union Telegraph Co. has been established, consisting of the southern portion of the former First District.

The headquarters of the First District remain at San Francisco, I. N. Miller, Jr., Superintendent, vice F. H. Lamb transferred by his own request.

The headquarters of the Third District are established at Los Angeles, F. H. Lamb, Superintendent.

Alfred S. Brown, a telegrapher for fifty years, from learning Bain telegraphy in Syracuse, N. Y. about 1852 until as the Western Union Co.'s Electrical Engineer he retired in 1902 since when he has been in failing health, died at his home in New York City on September 25th, 1906.

Mr. Brown was born November 8th, 1836 and as a resident of New York City for fifty years, he passed through the various grades of telegraph service, as Operator, Manager, District Superintendent, General Superintendent, and Electrical Engineer, always in his honorable career a highly appreciated employe and official.

To obtain payment for U. S. Government Army telegrams, it is requisite that the following be furnished:

By the office of origin—when they are checked "paid"—the actual original copy (on whatever form or paper it may be written) from which the sending was made, bearing operators indications required by Rule 30 of W. U. Book of Rules.

By the office of destination—when checked "collect"—the impression copy (water or carbon) required by Rule 46 of W. U. Book of Rules.

EXECUTIVE OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.
NEW YORK, October 17, 1906.

The following full rate business franks are hereby revoked by request of the Companies named:

No. 6360 issued on account of Georgia Southern & Florida Ry.

No. 8946 issued on account of Lake Shore & Michigan Southern Ry.

No. 12837 issued on account of Cleve. Cincinnati Chicago & St. Louis Ry.

No. 13120 issued on account of Grand Trunk Ry.

No. 13330 issued on account of Ft. Worth & Denver City Ry.

No. 14121 issued on account of Minneapolis Base Ball Club.

The following half rate franks are also revoked:

Numbers 2067, 2068, 2069 and 2070, issued on account Milwaukee, Wis. Herold.

Managers will please take up the above franks if presented, and return them to this office for cancellation.

G. W. E. ATKINS, Superintendent.

JULY, 1906, TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Thatcher, Ariz., which was formerly a three-star station, but which is now a Western Union office in Square 1002.

The hand (☞) indicates changes not shown in the preceding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of July, 1906.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

FAROE ISLANDS AND ICELAND.

A cable has been laid and is now open for business from Shetland Islands to the Faroe Islands and from the Faroe Islands to Iceland. Following are the rates per word beyond London:

To Thorshavn, Faroe Islands.....11c
To Akureyri, Reykjavik and Seydisfjord, Iceland 17c

The following additions and changes in cable rates beyond London should be noted:

ADDITIONS.

AFRICA.

Congo Free State $1.39 per word.

CHINA.

Messages may now be accepted via Khabarovsk for Guirine, Hailar, Harbine, Koantchensi, Ningouta and Tzitzikar in Manchuria, at rate of 25 cents per word beyond London. Messages sent via this route only when expressly ordered, and then only at sender's risk of delay or non-delivery. Messages to other places in Manchuria cannot be accepted via Khabarovsk.

CHANGES.

Rate to Madagascar is now 65c. per word beyond London, via Aden or Brest-Dakar routes.

Reunion Island is now also 65c. per word beyond London via Aden or Brest-Dakar routes, instead of "Mail Aden, etc."

ARABIA.

Rate to Djedda, Mecca and all Hedjaz now 76c. per word, instead of 80c. as shown in Tariff Book.

RUSSIA IN ASIA.

Hereafter messages for Vladivostock, Russia in Asia, may be forwarded via Commercial Pac. Cable at rate of $1.56 per word beyond San Francisco. For rate to San Francisco, see page 710 of the July Tariff Book.

HONDURAS (BRITISH).

Hereafter the rate to Belize "Via Payo Obispo" (Mexico), will be 56 cents *per word* beyond Galveston, Tex. Page 725 should be corrected accordingly.

WEST INDIES.

Rates in second column of page 724 should be corrected as follows:

Martinique	$1.05,	instead of	blank.
Porto Rico—San Juan..	.80,	instead of	1.05.
Other offices	.80,	(no change).	
St. Christopher	.94,	instead of	.80.
St. Croix	1.07,	instead of	.94.
St. Kitts	.94,	instead of	1.07.
St. Lucia	.90,	instead of	.94.
St. Thomas	1.01,	instead of	.90.
St. Vincent	.91,	instead of	1.01.
San Domingo	1.42	instead of	.91.

BRAZIL.

Messages for offices in State of Matto Grosso, Brazil, are no longer subject to censorship, and code messages may again be accepted.

WIRELESS.

The Steamers La Lorraine and La Savoie of the French Line, have been equipped with long range wireless apparatus, and can now be communicated with via the South Wellfleet, Mass. Station at any time during voyage. Rate $5.00 & 50 beyond So. Wellfleet.

The Old Dom. S. S. Monroe has been equipped with wireless apparatus and messages may, now be accepted for that vessel at rate of $1.00 and 7 beyond New York, Atlantic City, N. J., or Norfolk, Va.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

SEND FOR NEW CIRCULAR
Dept. 1 New York City
Digitized by Google

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message, and the tolls should be prepaid.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from "other' line telegraph or telephone stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 702 to 730 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 595, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the toll on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, October 20, 1906.
To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

☞ Small circulars, containing as an advertisement, the matter printed on page 617 of the Tariff Book have been prepared for distribution to the public, by *Money Transfer Offices.* These circulars have been numbered.

"Form 2193"

and will be furnished on requisition. They should be freely distributed by all Money Transfer Offices.

Offices which accept foreign orders for payment through the New York Transfer Agency should send by first mail, to the New York Agent, copies, on Form 72, of all such transfers.

Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

The attention of all Managers is called to the changes in the 4th and 6th paragraphs of RULE No. 12 in book of Rules for "Money Transfer Service."

Rule 28, Page 11 new book of "Rules for Money Transfer Service" third line should read "as provided in Rule 25" etc., instead of Rule 24, etc.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1906. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective November 1, 1906.

Allentown, Pa., should read Class B.
☞ Ashland, Ky., should be Ashland, Ky. agency.
Cape Girardeau, Mo., should read Class C.
☞ Charlottesville, Va., should be Charlottesville, Va., agency.
☞ Dayton, Tenn., service dicontinued.
☞ Danville, Va. should be Danville, Va., agency.
Douglas, Ariz., should read Class A.
☞ Durham, N. C. should be Durham, N. C., agency.
Fisher's Island, N. Y. has "other line" charge of 25c.
Geneva, N. Y., should be Buffalo, N. Y. agency.
D. Fraserville, Que. now "paid by" Riviere du Loup (en bas) Sta.
☞ Hot Springs, Va., should be Hot Springs, Va., agency.
Jasper, Ala. service discontinued.
Kent, O., should be Cleveland, O., agency.
☞ Kewaunee, Wis., now "paid by" Greenbay, Wis., Green Bay, Wis., agency., erase class D. and Minneapolis, Minn., agency.
London, Ky. should be Louisville, Ky. agency.
Magnolia, Mass. Now class D., Boston, Mass. agency. Erase "Paid by Gloucester, Mass., and agency."
Mayfield, Ky. should be Memphis, Tenn agency.
Menlo Park, Calif., should read paid by Palo Alto, Calif.
Milford, Mass., should be Milford, Mass. agency.
Mount Clemens, Mich. should be Mount Clemens, Mich. agency.
Muskogee, Ind. T., should read Muskogee, Ind. T. agency.

75 Masten. 94 Vineyard

☞ *** Huron, or Huron Sta., now Tariff same as Sq. 1091. Ck. Prescott.

*** Independence Lake, now 50 - 0 Truckee.
*** Laguna Beach, closed.

ELECTRICAL SUPPLIES

Whatever you require in the way of Electrical Apparatus or Supplies of any description can be secured from us promptly and at the lowest prices

NEW YORK CHICAGO JERSEY CITY
MANHATTAN MESCO ELECTRICAL SUPPLY CO.

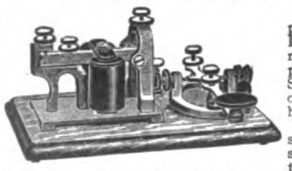

We are now occupying our own building, and the five big floors and two basements comprising it contain the largest and most complete stock of Electrical Goods in this country

IMPROVED GIANT SOUNDER

This instrument is scientifically correct in every respect. Quick acting and gives a loud, clear sound. Magnet Cores and Armatures are made from selected soft iron. Coils are covered with polished hard rubber, brass or aluminum lever and polished brass base plate It is of standard size and design. Mounted on highly polished mahogany base. This instrument is in constant use by the largest railroad and telegraph companies. In ordering state whether brass or aluminum lever is wanted. List No. 111 Special net price **$1.40**
Postage 22c.

IMP. GIANT COMBINATION SET.

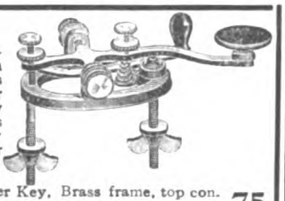

This set is composed of our Steel Lever solid trunnion key and Improved Giant Sounder mounted on a polished mahogany base.
The key and sounder are the same in every detail as our regular struments. It is without exception the best combinaon telegraph set manufactured A copy of Philosophy nd Practice of Morse Telegraphy is furnished free with ach outfit.
List No. 185. Improved Giant Combination Set, wound for 5 ohms. Special net price. Price each.. **$2.05**

PRIVATE LINE TELEPHONE

This instrument is carefully constructed and finely finished It will do the work of apparatus costing ten times our price. For private lines up to 20 miles in length it will give perfect satisfaction with two or three telephones in circuit.
Furnished with a 10,000 Ohm Generator; improved adjustable ringer magnets, wound 80 Ohms. Long distance transmitter attached to inside of bell box cover. Standard compound bar Receiver with cord improved short lever double prong hook and two Mesco Dry Batteries. Made in Oak or Walnut Every Telephone guaranteed.
List No 1514, One Series Telephone, 80 Ohm Ringers, special net price - - - - **$5.25**

LEG KEY

The durability, lightness and quick action of the steel lever as compared with other makes is recognized by experts and operators and is preferred by them to any other type.
List No. 108. Steel Lever Key, Brass frame, top connection - - - - - - - - - **.75**
By mail, extra 10c

ONE OF OUR NEWEST PRODUCTIONS *and* AN INSTRUMENT YOU OUGHT TO OWN : : :

AVERY TESTING GALVANOMETER

SMALL ENOUGH FOR THE POCKET—LARGE ENOUGH FOR SERIOUS WORK.

ALWAYS TELLS THE TRUTH

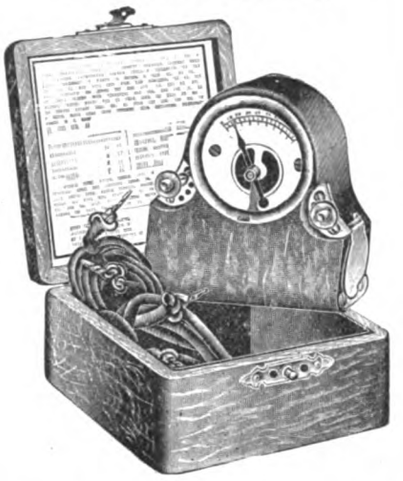

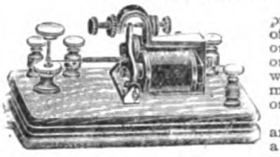

Illustration is 1-3 size of outfit. Weight of instrument and case complete, 8 oz.
The Avery Testing Galvanometer supplants the clumsy testing bell. It is extremely sensitive in locating leaks and is a practical instrument for measuring resistance.
Delicate parts in the make-up of this galvanometer have been omitted. Once the needle is locked all the hard knocks in the world can't derange its adjustment or mechanism.
Battery can be easily renewed at small expense.
The beauty and value of the Avery Galvanometer to linemen lies in its accuracy, portability, convenience and surprising resistance to everyday wear and tear. It goes in the pocket and is always ready for instant use.
Catalog No. 13,395. Price, $4.00. Postage 15 cents additional.

STANDARD PONY RELAY

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.
The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pony Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase
List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price - - **$1.40**

ELECTRIC ALARM CLOCK

The "Manhattan" Clock is set in the usual manner to ring at a certain hour, and the movement of the clock throws into circuit a vibrating bell which will ring for almost two hours, unless switched off.
The clock can be placed on a shelf or table, and the bell and switch arranged near the bed. Any vibrating bell described in this book can be used with the clock.
List No. 1748. Clock as shown. Special net price, Each **$1.25**

ELECTRIC CALL BELL OUTFIT

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire.
Sufficient staples and printed instructions which will aid any person to put same in successful operation,
Packed in strong straw-board box. Weighs 5 lbs. A first-class outfit.
List No. 1762. Special net price. Complete, each **.50**

LEGLESS KEY

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type.
List No. 108. Steel Lever Key, Brass frame, top connection - - - - - - - **.81**
By mail, extra 8c.

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* *(Formerly 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)*

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

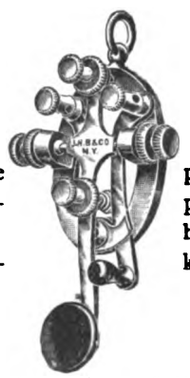

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - - 4.00

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the instrument.

Price, complete with Cord and Sounder - $6.25
Without Sounder - - - - - - 4.00

Beware of inferior imitations.

SOUVENIR WATCH CHARM KEY.

Body and screws made of composition bronze gold lacquered.

Nickel-plated lever, polished hard rubber knobs.

Cut above shows full size

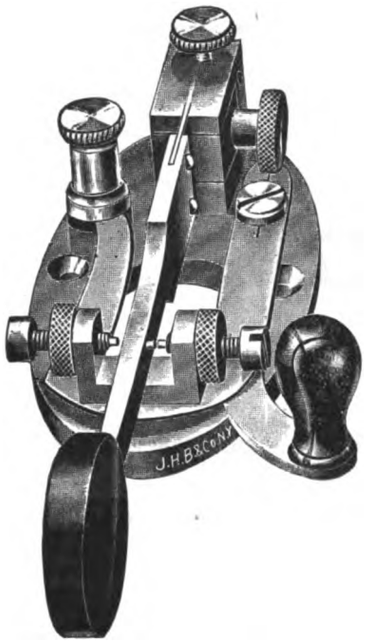

A Perfect Working Model of the Standard Bunnell Legless Key.

BY REGISTERED MAIL, - - $1.50

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

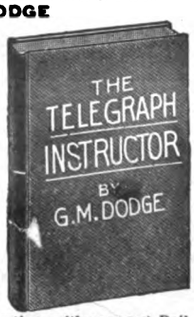

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

JULY, 1906, TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Thatcher, Ariz., which was formerly a three-star station, but which is now a Western Union office in Square 1002.

The hand (☞) indicates changes not shown in the preceding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of July, 1906.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

FAROE ISLANDS AND ICELAND.

A cable has been laid and is now open for business from Shetland Islands to the Faroe Islands and from the Faroe Islands to Iceland. Following are the rates per word beyond London:

To Thorshavn, Faroe Islands.....11c
To Akureyri, Reykjavik and Seydisfjord, Iceland 17c

The following additions and changes in cable rates beyond London should be noted:

ADDITIONS.

AFRICA.

Congo Free State $1.39 per word.

CHINA.

Messages may now be accepted via Khabarovsk for Guirine, Hailar, Harbine, Koantchensi, Ningouta and Tzitzikar in Manchuria, at rate of 25 cents per word beyond London. Messages sent via this route only when expressly ordered, and then only at sender's risk of delay or non-delivery. Messages to other places in Manchuria cannot be accepted via Khabarovsk.

CHANGES.

Rate to Madagascar is now 65c. per word beyond London, via Aden or Brest-Dakar routes.

Reunion Island is now also 65c. per word beyond London via Aden or Brest-Dakar routes, instead of "Mail Aden, etc."

ARABIA.

Rate to Djedda, Mecca and all Hedjaz now 76c. per word, instead of 80c. as shown in Tariff Book.

RUSSIA IN ASIA.

Hereafter messages for Vladivostock, Russia in Asia, may be forwarded via Commercial Pac

Digitized by Google

Cable at rate of $1.56 per word beyond San Francisco. For rate to San Francisco, see page 710 of the July Tariff Book.

HONDURAS (BRITISH).

Hereafter the rate to Belize "Via Payo Obispo" (Mexico), will be 56 cents *per word* beyond Galveston, Tex. Page 725 should be corrected accordingly.

WEST INDIES.

Rates in second column of page 724 should be corrected as follows:

Martinique	$1.05,	instead of blank.
Porto Rico—San Juan..	.80,	instead of 1.05.
Other offices	.80,	(no change).
St. Christopher	.94,	instead of .80.
St. Croix	1.07,	instead of .94.
St. Kitts	.94,	instead of 1.07.
St. Lucia	.90,	instead of .94.
St. Thomas	1.01,	instead of .90.
St. Vincent	.91,	instead of 1.01.
San Domingo	1.42	instead of .91.

BRAZIL.

Messages for offices in State of Matto Grosso, Brazil, are no longer subject to censorship, and code messages may again be accepted.

WIRELESS.

The White Star Line S. S. Arabic and Cymric, in the Boston-Liverpool service, and Republic, in the Boston-Mediterranean service, have been equipped with Wireless apparatus.

The Arabic and Cymric can be reached via So. Wellfleet at rate of $2.00 and 12, or via Camperdown at rate of $4.00 and 24.

The Republic can be reached via So. Wellfleet only, at rate of $2.00 and 12.

The Can. Pac. S. S. Empress of Britain and Empress of Ireland cannot yet be reached via South Wellfleet Station, and should be erased from page 692.

The Steamers La Lorraine and La Savoie of the French Line, have been equipped with long range wireless apparatus, and can now be communicated with via the South Wellfleet, Mass. Station at any time during voyage. Rate $5.00 & 50 beyond So. Wellfleet.

The Old Dom. S. S. Hamilton, Jamestown, Jefferson, Monroe and Princess Anne, have been equipped with wireless apparatus and messages may now be accepted for those vessels at rate of $1.00 and 7 beyond New York, Atlantic City, N. J., or Norfolk, Va.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message, and the tolls should be prepaid.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from "other' line telegraph or telephone stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 702 to 730 both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 595, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the toll on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.
NEW YORK, November 20, 1906.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

☞ Small circulars, containing as an advertisement, the matter printed on page 617 of the Tariff Book have been prepared for distribution to the public, by *Money Transfer Offices.* These circulars have been numbered.

"Form 2193"

and will be furnished on requisition. They should be freely distributed by all Money Transfer Offices.

Offices which accept foreign orders for payment through the New York Transfer Agency should send by first mail, to the New York Agent, copies, on Form 72, of all such transfers.

Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

The attention of all Managers is called to the changes in the 4th and 6th paragraphs of RULE No. 12 in book of Rules for "Money Transfer Service."

Rule 28, Page 11 new book of "Rules for Money Transfer Service" third line should read "as provided in Rule 25" etc., instead of Rule 24, etc.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1906. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective December 1, 1906.

Managers will please take up the above franks, if presented, and return them to this office for cancellation.

G. W. E. ATKINS,
Acting Vice-President.

MONEY TRANSFER SECVICE
NEW OFFICES—Continued.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo & Co., or Western Express Companies, at the following rates, viz.:

Not exceeding $3.50,	5c	Over $30.00 to $40.00,	15c
Over $3.50 to 5.00,	8c	Over 40.00 to 50.00,	18c
Over 5.00 to 10.00,	8c	Over 50.00 to 60.00,	20c
Over 10.00 to 20.00,	10c	Over 60.00 to 75.00,	25c
Over 20.00 to 30.00,	12c	Over 75.00 to 100.00,	30.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money order can be obtained at less expense.*)

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

Charles B. Horton, Superintendent of the Third District, Western Division, of the Western Union Telegraph Co., died at his home at Omaha, Neb., on October 20th. Mr. Horton was born at Geneva, N. Y., January 25th, 1850. He entered the Western Union Co.'s service in 1878, and for nearly thirty years remained therein until his death—as operator-cashier of Omaha office—chief clerk and then Assistant Superintendent there, to the late Superintendent J. J. Dickey—Assistant Superintendent to him at Denver, Col.—and successor to him at Omaha.

S. E. Leonard, Assistant Superintendent at Denver, Col., of the Third District, Western, Division, Western Union Telegraph Co., has been promoted to be Superintendent at Omaha, Neb., of that District vice. C. B. Horton, deceased.

John Spellman for nearly fifty years connected with the Western Union Supply Department—prior to 1866 at Cleveland, O., and since then in New York City, died at his residence in Brooklyn, N. Y., on November 9th.

The widow of the late Norvin Green, Vice-President and President of the Western Union Telegraph Co. for nearly thirty years, died at her home in Louisville, Ky., on November 6th.

NEW YORK CHICAGO JERSEY CITY MANHATTAN MESCO ELECTRICAL SUPPLY CO.

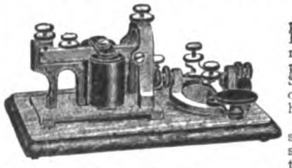

Whatever you require in the way of Electrical Apparatus or Supplies of any description can be secured from us promptly and at the lowest prices

IMPROVED GIANT SOUNDER

This instrument is scientifically correct in every respect. Quick acting and gives a loud, clear sound. Magnet Cores and Armatures are made from selected soft iron. Coils are covered with polished hard rubber, brass or aluminum lever and polished brass base plate It is of standard size and design. Mounted on highly polished mahogany base. This instrument is in constant use by the largest railroad and telegraph companies. In ordering state whether brass or aluminum lever is wanted. List No. 111 Special net price **$1.40**
Postage 22c.

IMP. GIANT COMBINATION SET.

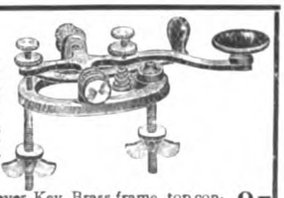

This set is composed of our Steel Lever solid trunnion key and Improved Giant Sounder mounted on a polished mahogany base.
The key and sounder are the same in every detail as our regular struments. It is without exception the best combinaon telegraph set manufactured A copy of Philosophy nd Practice of Morse Telegraphy is furnished free with ach outfit.
List No. 185. Improved Giant Combination Set, wound for 5 ohms. Special net price. Price each **$2.35**

PRIVATE LINE TELEPHONE

This instrument is carefully constructed and finely finished It will do the work of apparatus costing ten times our price. For private lines up to 20 miles in length it will give perfect satisfaction with two or three telephones in circuit.
Furnished with a 10,000 Ohm Generator; improved adjustable ringer magnets, wound 80 Ohms. Long distance transmitter attached to inside of bell box cover. Standard compound bar Receiver with cord improved short lever double prong hook and two Mesco Dry Batteries. Made in Oak or Walnut Every Telephone guaranteed.
List No 1514. One Series Telephone, 80 Ohm Ringers, special net price **$5.25**

LEG KEY

The durability, lightness and quick action of the steel lever as compared with other makes is recognized by experts and operators and is preferred by them to any other type.
List No. 103. Steel Lever Key, Brass frame, top connection. **95**
By mail extra 10c.

ONE OF OUR NEWEST PRODUCTIONS *and* AN INSTRUMENT YOU OUGHT TO OWN : : :

AVERY TESTING GALVANOMETER

SMALL ENOUGH FOR THE POCKET—LARGE ENOUGH FOR SERIOUS WORK.

ALWAYS TELLS THE TRUTH

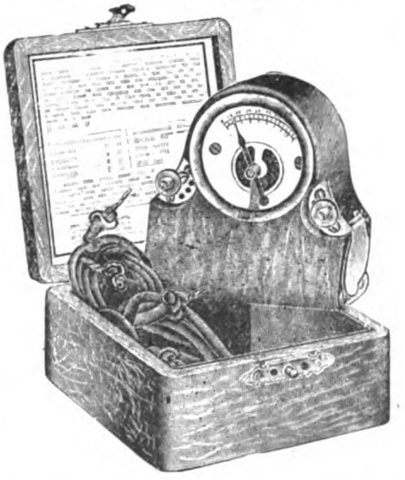

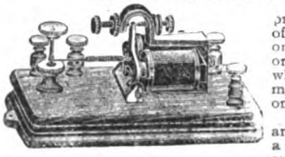

Illustration is 1-8 size of outfit. Weight of instrument and case complete, 8 oz.
The Avery Testing Galvanometer supplants the clumsy testing bell. It is extremely sensitive in locating leaks and is a practical instrument for measuring resistance.
Delicate parts in the make-up of this galvanometer have been omitted. Once the needle is locked all the hard knocks in the world can't derange its adjustment or mechanism.
Battery can be easily renewed at small expense.
The beauty and value of the Avery Galvanometer to linemen lies in its accuracy, portability, convenience and surprising resistance to everyday wear and tear. It goes in the pocket and is always ready for instant use.
Catalog No. 13,895. Price, $4.00. Postage 15 cents additional.

STANDARD PONY RELAY

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.
The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pony Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase
List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price **$1.50**

ELECTRIC ALARM CLOCK

The "Manhattan" Clock is set in the usual manner to ring at a certain hour, and the movement of the clock throws into circuit a vibrating bell which will ring for almost two hours, unless switched off.
The clock can be placed on a shelf or table, and the bell and switch arranged near the bed. Any vibrating bell described in this book can be used with the clock.
List No. 1748. Clock as shown. Special net price, Each **$1.25**

ELECTRIC CALL BELL OUTFIT

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire

Sufficient staples and printed instructions which will aid any person to put same in successful operation,

Packed in strong straw-board box. Weighs 5 lbs. A first-class outfit.

List No. 1762. Special net price. Complete, each **.50**

LEGLESS KEY

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type
List No. 108. Steel lever key, Brass frame, top connection. **$1.05**
By mail, extra 8c.

LAUGHLIN FOUNTAIN PEN.

FOR CHRISTMAS GIFTS.

A USEFUL AND APPROPRIATE CHRISTMAS PRESENT FOR ALL WHO WRITE. A GIFT OF NEVER ENDING USEFULNESS. A CONSTANT PLEASING REMINDER OF THE GIVER.

But be careful that you get the GENUINE LAUGHLIN, there are many imitations on the market, and some dealers, on account of the larger margin of profit the sale of a substitute yields him, offers them as being "just as good," as the Laughlin. Tell such dealers it is not ADVICE you want but a GENUINE LAUGHLIN FOUNTAIN PEN, the kind that's advertised, and guaranteed by a responsible manufacturer, whose guarantee means something. If your dealer will not supply you, order direct from us and take no chances on inferior substitutes or imitations.

The above cut illustrates the Laughlin Automatic Self Filler Fountain Pen, furnished in plain black, chased or mottled as desired. Acknowledged the best Self Filler Fountain Pen on the market to-day.

Fancy satin lined leather case included with each pen.

The above designs are all strictly new patterns, and at the low prices we quote, you will do well to confine your Christmas buying this year to **Laughlin Fountain Pens.**

We guarantee our gold filled mountings to be 18-K fine, and to wear for twenty (20) years. They are better than solid gold mountings because harder, therefore more durable, and cannot possibly be distinguished from a solid mounting any more than a filled watch case can be distinguished from a solid one—and at less than one-fourth the price.

Our line of Ladies' Pearl Pen Holders, fitted with gold pens, complete in fancy cases for presentation purposes, was never so complete as this season. They run in price as follows: $1.00, $1.50, $2.00, $2.50 and $3.00, delivered.

We Guarantee every Laughlin Pen to be as represented and entirely satisfactory or your money back.

Do not wait until the eleventh hour to make your selection. Remember that you cannot select a more useful or appropriate gift for ANY ONE than GENUINE LAUGHLIN FOUNTAIN PEN. SEND IN YOUR ORDERS TO-DAY. Address

J. H. BUNNELL & CO.

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* *(Formerly 106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET)*

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

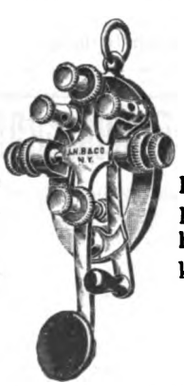

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the instrument.

Price, complete with Cord and Sounder - $6.25
Without Sounder - - - - - - 4.00

Beware of inferior imitations.

SOUVENIR WATCH CHARM KEY.

Body and screws made of composition bronze gold lacquered.

Nickel-plated lever, polished hard rubber knobs.

Cut above shows full size

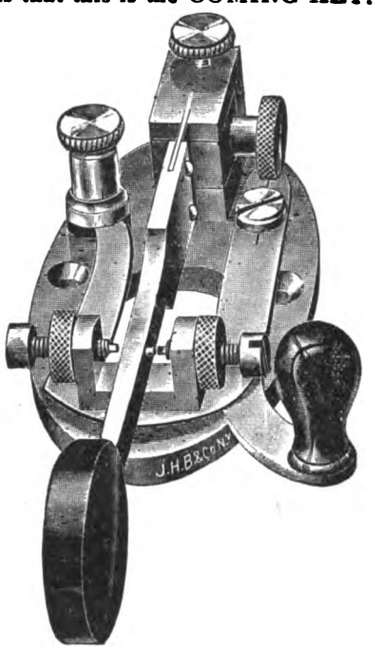

A Perfect Working Model of the Standard Bunnell Legless Key.

BY REGISTERED MAIL. - - $1.50

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

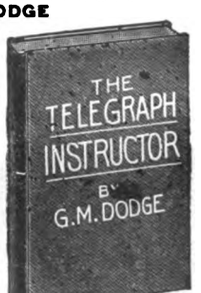

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

By G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages, with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 218 pages. Publisher's price, $1.00. By mail post-paid for 56 cents, net.

MASCOT RESONATOR

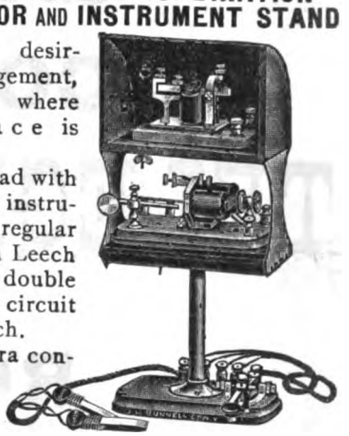

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

JAN 8 07

THE NEW YORK PUBLIC LIBRARY

JOURNAL OF THE TELEGRAPH.

VOL. XXXIX. NEW YORK, DECEMBER 20, 1906 . WHOLE NO. 642.

JOURNAL OF THE TELEGRAPH

PUBLISHED MONTHLY ON THE 20TH OF EACH MONTH, AT 195 BROADWAY.

NEW YORK, DEC. 20, 1906.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, INC., FOR THE QUARTER ENDING DECEMBER 31st, 1906.

EXECUTIVE OFFICE.
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, DEC. 12, 1906.

The following statement exhibits the condition of the Company at the close of the quarter ended September 30th, 1906:

Surplus July 1st, 1906, as per last Quarterly Report		$16,848,728 38
Net revenues, quarter ended September 30th, 1906		1,660,518 63
		$18,509,247 01
From which appropriating for—		
Dividend of 1¼ per cent. paid October 15th 1906	$1,217,023 75	
Interest on bonded debt	332,687 50	
		1,549,711 25
Left Surplus September 30th, 1906		$16,959,535 76
The net revenues of the quarter ending December 31st, instant, based upon nearly completed returns for October, partial returns for November, and estimating the business for December, will be about		1,600,000 00
		$18,559,535 76
From which appropriating for—		
Interest on bonded debt		332,687 50
		$18,226,848 26
It requires for a dividend of 1¼ per cent. on capital stock issued		1,217,023 75
Deducting which, leaves a surplus, after paying dividend, of		$17,009,824 51

In view of the preceding statements, the Committee recommends the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of January, next, to stockholders of record at the close of the transfer books on the 24th day of December, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 24th day of December, instant, and be reopened on the morning of the 2d day of January, next.

Respectfully submitted,
ROBERT C. CLOWRY,
President.

JANUARY, 1907, TARIFF BOOK.

The January, 1907, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before January 1.

As in the preceding book, the Money Transfer pages are, for convenient reference, printed on colored paper. These pages immediately follow W. Union Rules, and precede "Wireless" and Cable rates.

The attention of Managers is called to the tables of Cable Word Rates shown in pages 715 to 720. These tables show word rates, arranged for easy reference, from all offices in the United States and Canada, to the most important foreign countries and places.

Rates to places not given in these tables, and rates via other than the cheapest route, will be found in the usual complete list shown in pages 721 to 743.

The location of cable rate to any desired station, not shown in the tables above referred to will be greatly facilitated by reference to the Cable Index in Pages 744 to 749. This Cable Index has been largely added to, and now shows page number for rate to nearly seven hundred places.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any error which they may discover.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Crofton, Neb., which was formerly a three-star station, but which is now a Western Union office in Square 604.

The following list of "Changes" corrects to date the Tariff Book of January, 1907.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

WIRELESS.

The Morgan Line S. S. "Momus" has been equipped with wireless apparatus and messages may now be accepted for that vessel at rate of 1.00 and 7 beyond New York City, Atlantic City, N. J.; Buxton, N. C.; Charleston, S. C.; Savannah, Ga.; Key West, Fla., or New Orleans, La.

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the toll on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 715 to 743, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 601, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO...

NEW YORK, December 20, 1906.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

☞Small circulars, containing as an advertisement, the matter printed on page 623 of the Tariff Book have been prepared for distribution to the public, by *Money Transfer Offices.* These circulars have been numbered.

"Form 2193."

and will be furnished on requisition. They should be freely distributed by all Money Transfer Offices.

Offices which accept foreign orders for payment through the New York Transfer Agency should send by first mail, to the New York Agent, copies, on Form 72, of all such transfers.

Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

The attention of all Managers is called to the changes in the 4th and 6th paragraphs of RULE No. 12 in book of Rules for "Money Transfer Service."

Rule 28, Page 11, new book of "Rules for Money Transfer Service," third line, should read, "as provided in Rule 25," etc., instead of Rule 24, etc.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1907. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective January 1, 1907.

Atlantic Highlands, N. J., service discontinued.
Briarcliff Manor, N. Y., now "paid by" Ossining, N. Y.
Carroll, Ia., now Cedar Rapids, Ia., agency.
Hotel Ormond, Flo., service resumed.
Mackinac Island, Mich., service suspended.
Melfa, Va., should read "paid by" Onley, Va.
Milford, Mich., service discontinued.
Narragansett Pier., R. I., service supended.
Ozone Park, N. Y., now "paid by" Richmond Hill, N. Y.
Palm Beach, Flo., service resumed.
Pinehurst, N. C., service resumed.
Pontiac, Mich., now Detroit, Mich., agency.
Woodhaven, N. Y., now "paid by" Richmond Hill, N. Y.

M. T. WILBUR,
Treasurer.

The Western Union Telegraph Company.

New York, December 12, 1906.

DIVIDEND 153.

The Board of Directors have declared a quarterly dividend of ONE and ONE-QUARTER PER CENT. upon the Capital Stock of this Company, payable at the office of the Treasurer on and after the 15th of January next to shareholders of record at the close of the transfer books on the 24th day of December, inst.

The transfer books will be closed at three o'clock on the afternoon of December 24th inst. and be reopened on the morning of January 2d next.

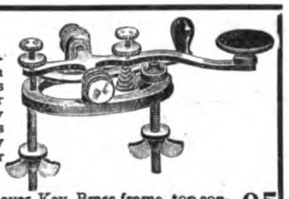

M. T. WILBUR, Treasurer.

SPECIAL
Eureka Searchlight

Size 1¼x9 inches. Easily carried and always ready. It replaces the lantern out doors and the candle in the home. The light is two candle power and is intensified by the reflector and strong lens. Everybody has a use for it. List No. 5260 with battery each, By mail extra 18cts. **75c.**

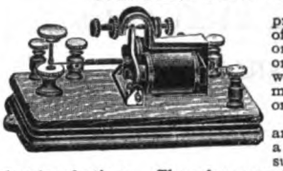

LEGLESS KEY

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished. Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type.

List No. 108. Steel lever key, Brass frame, top connection - - - - - - - **$1.05**
By mail, extra 8c

STANDARD PONY RELAY

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.

The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pony Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase

List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price - - **$1.50**

Eureka Telegraph Instrument

A moderate priced combination set recommended as a learners apparatus being low in price, durable and efficient. Copy of Philosophy and Practice of Morse Telegraphy free with each instrument. List No. 178. Wound 5 ohms. **$1.15**

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - 4.00

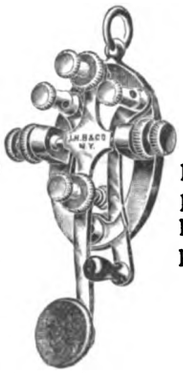

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the instrument.

Price, complete with Cord and Sounder - $6.25
Without Sounder - - - - - - 4.00

Beware of inferior imitations.

SOUVENIR WATCH CHARM KEY.

Body and screws made of composition bronze gold lacquered.

Nickel-plated lever, polished hard rubber knobs.

Cut above shows full size

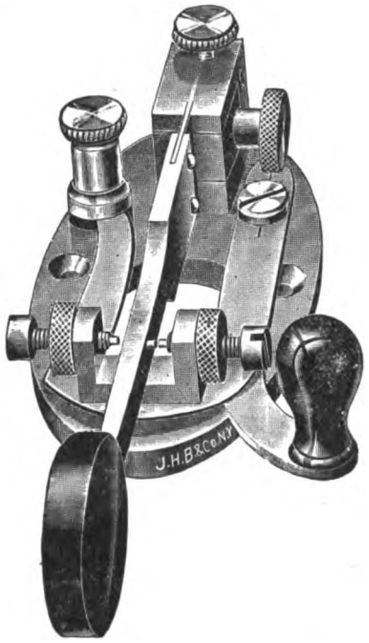

A Perfect Working Model of the Standard Bunnell Legless Key.

BY REGISTERED MAIL, - - $1.50

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

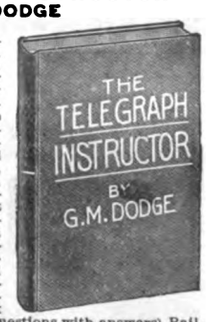

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers) Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

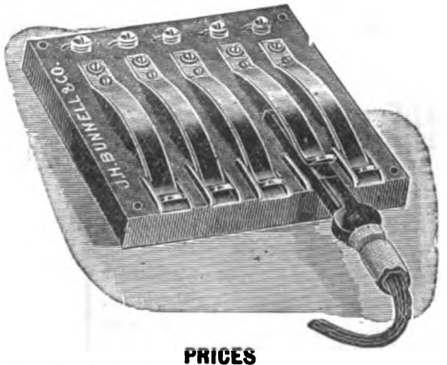

PRICES (Subject to Discount)

Resonators and Stand Complete with Relay, Sounder and Leech's Extra Circuit Closer Contact Key, $15.00
Ditto, but with Regular Key - - - - - 14.00

NEW YORK, APRIL 20, 1907.

INSTRUCTIONS FOR THE CARE OF CALLAUD BATTERIES.

An inspection of the Callaud batteries used by the Western Union Telegraph Company has disclosed the fact that many of the battery men and others in charge are ignorant of the proper manner of taking care of these batteries, or are wilfully careless. In many cases the jars, shelves and floors have been found covered with sulphate of zinc, the battery interspersed with cells containing no sulphate of copper whatever, and connections badly corroded, thus offering a high resistance.

These conditions indicate a waste of material and an insufficient current furnished to the lines. For the information and government of battery men, the following instructions are given:

When new battery coppers are received, they should be placed where they will not be exposed to extreme heat, or to the sun, whether they are in a box or not. They should be kept in a temperature that will not dry out and crack the insulation on the stem. In extreme dry climates, it may be necessary to immerse the coppers in water.

TO SET UP THE BATTERY.

Place the copper plate, unfolded, in the bottom of the jar, carrying the copper wire to which it is attached upward and out at the top. Fill the jar with water to a point about one and one-quarter (1¼) inches from the top. For a new cell put in six (6) ounces of sulphate of copper (blue vitriol) and place the zinc in position as directed below. This should cause the water to be about one-half (½) inch above the zinc. If no zinc solution is at hand to start the battery, connect on a short circuit until fit for use.

The zinc and copper solutions in this battery are separated by their own gravity, and this separation is easily maintained if not overcharged or interrupted. The blue solution should not be permitted to come in contact with the zinc, but should be separated by a clear white color line. When this rises to the zinc it indicates too great a quantity of sulphate of copper for the amount of work done by the battery.

As the water evaporates more or less rapidly it will be necessary to add a little more from time to time, to keep the zinc entirely covered with the solution.

When the zinc solution approaches full saturation the sulphate of zinc creeps over the zinc hanger and jar to the shelving; at the first outward indication of this the solution should be reduced by drawing off about one inch of the white portion of it. The degree of saturation may be indicated by the hydrometer, and should not be permitted to rise above twenty-five (25) degrees. If the inside rim of the jar is occasionally coated with oil or paraffine, this spreading of the sulphate of zinc is in a measure prevented.

In large offices, where a thousand or more cells are used, the labor of filling up the jars with water is considerable, and as a small quantity of oil poured on top of the solution prevents to a great extent the evaporation (thus economizing labor), it will be provided to offices of this class on requisition.

Ordinary batteries from which four or five lines are worked should be thoroughly cleaned once in three months, the local battery cells once in three weeks.

The average life of a No. 1 Crowfoot zinc is about one year.

The average consumption of blue vitriol is about eight pounds per annum for each No. 1 cell.

Coppers are not consumed, and their life depends largely on the manner in which they are used.

Supplies should be ordered accordingly.

TO CLEAN AND RENEW THE BATTERY.

Carefully remove the zinc, scrape off the adhering matter and wash well. Save the clean part of the solution, and pour it back into the jar after the latter has been thoroughly washed. In replenishing the cells with vitriol none of the crystals or crushed vitriol should be allowed to remain in contact with the zinc. Examine all connections, making each one bright and perfect. The shelves should be thoroughly cleaned before the cells are replaced, and care taken not to splash the water when refilling the jars.

The temperature of the battery room should never be permitted to fall to the freezing point, and, on the other hand, should not be kept so high as to produce rapid evaporation.

At stations where main batteries are maintained, but where the constant services of a battery man are not required, it will be the duty of the Manager to frequently inspect and attend to his batteries, or promptly notify the person assigned to battery work in his office when the battery requires attention; and if not attended to at once, he must so notify his Superintendent in writing.

Where linemen are assigned battery work in connection with other labor, they must know at all times the condition of batteries under their charge, either from personal inspection or through the Manager, and keep them perfectly clean and in good working order. The coppers should be retained as long as possible, and none should be removed unless the connecting wire becomes defective, or the deposit on the copper becomes so great as to make a longer use of it likely to cause the jar to be broken when it is finally removed.

All old coppers and pieces of zinc which cannot longer be used are to be returned to the storekeeper, and will be rigidly inspected to ascertain if they have been profitably used, and in accordance with these instructions. The battery refuse from each office should be kept separate. All metallic copper should be placed in one receptacle and all copper oxide and other products of copper in another. All metallic zinc should be kept separate, likewise all zinc oxide and mud sediment placed by itself. These four divisions or separations are all that will be maintained in the future, and when the barrels or other receptacles are full they should be securely fastened and the Superintendent notified that such material is ready for shipment. When instructions are received from the Superintendent as to shipping, each package should be plainly marked to indicate the place from which it is shipped and what it contains.

Managers or linemen will be furnished a copy of these instructions, and will be held strictly accountable for their observance.

J. C. BARCLAY,
Asst. Gen'l Mgr.

Approved:
R. C. CLOWRY,
President and General Manager.

L. McKisick has been promoted from electrician, Western Division of the Western Union Telegraph Co., to be assistant general superintendent thereof, at Chicago.

I. N. Miller, Jr., has been promoted from superintendent, First District, Pacific Division of the Western Union Telegraph Co., to be assistant general superintendent thereof, at San Francisco.

A. H. May has been promoted from manager of the Western Union Telegraph Co. at Salt Lake City, Utah, to be superintendent of the First District, Pacific Division, at San Francisco.

G. F. Swortfiger has been promoted from superintendent of construction, Eastern Division of the Western Union Telegraph Co., to be assistant general superintendent of construction of that Company, at New York.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April 20, 1907.

To ALL WESTERN UNION OFFICES:

Where your present *day message rate* to Western Union or to G. N. W. Tel. Co.'s offices is 50 and 3, the *night message rate* will hereafter be 40 and 3.

Where your present *day message rate* to Western Union or to G. N. W. Tel. Co.'s offices is 60 and 4, the *night message rate* will hereafter be 50 and 3.

The above applies to *all Western Union offices without exception.*

JANUARY, 1907, TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Crofton, Neb., which was formerly a three-star station, but which is now a Western Union office in Square 604.

The hand (☞) indicates changes not shown in the preceding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of January, 1907.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

VENEZUELA.

Messages for Maracaibo in Venezuela can now be forwarded via Colombian lines at rate in force to Colombian stations.

Messages via this route are accepted only at sender's risk, and must be routed "Via Cucuta."

CUBA.

A telegraph station has been opened on Cuban government lines at Cifuentes in Santa Clara Province.

The following changes and additional rates beyond London are now in force.

CHINA.

Via Eastern, Indo or Northern and Japan:
Dalny and Port Arthur$1.47 per word.

COREA.

The charge of 74 cents per message to vessels in roadstead of Chemulpo has been reduced to 50 cents per message.

WEST AFRICA.

Via Lisbon, or Via Cadiz:
Congo Free State$1.35 per word
French Congo 1.27 per word
Angola:
Benguela
Benguella 1.33 per word
Other offices 1.35 per word
Loanda
Loanda 1.33 per word
Other offices 1.35 per word
Mossamedes
Mossamedes 1.33 per word
Other offices 1.35 per word
Guinea 86 per word
Principe Island 1.23 per word
San Thome Island 1.23 per word

BORNEO (BRITISH).

Via Eastern or Indo:
Labuan Island No change.
Other offices 94 per word.

Via Northern (Siberia):
Labuan Island No change.
Other offices 1.82 per word.

WIRELESS.

The S. S. Patricia, Pretoria, Pennsylvania, and Graf Waldersee of the Hamburg-American Line; the Furnessia, of the Anchor Line, and the Europa of the La Veloce Line, have been equipped with wireless apparatus and may now be added to list of "Hamburg-American," "Anchor" and "La Veloce" Line S. S. shown on page 704 and 705 of the Tariff Book.

The S. S. Canada and Dominion, of the Dominion Line, in the Montreal-Liverpool service, can be reached by wireless telegraph at rate of 2.00-12 beyond Fame Point, Que.

Effective May 1st, the wireless rate beyond Wilson Point or Newport to S. S. of the New England Nav. Co. will be 50 and 6, instead of 75 and 6, as at present.

Digitized by Google

The transfer points for S. S. Bermudian of Quebec S. S. are now New York City, N. Y., and Atlantic City, N. J.

The transfer points for S. S. Manhattan, North Star and Horatio Hall of the Me. S. S. Co. are now New York City, Bridgeport, Conn.; Newport, R. I.; North Truro, Mass., or Cape Elizabeth, Me.

The wireless rate to S. S. Atrato, Tagus, La Plata, Trent and Orinoko (Royal Mail Steam Pkt. Co.) is now 2.00-10 instead of 1.50-8, as shown on page 706.

The following additional Coastwise Steamships have been equipped with wireless apparatus and may now be added to list on page 706 of the Tariff Book.

S. S. Mobila and Prince George (Munson Line) 1.50-8 beyond New Orleans, La.; Mobile, Ala.; Key West, Fla., or Havana, Cuba.

S. S. Gloucester (Merchants & Miners Line) 1.00-7 beyond Baltimore, Md., Norfolk, Va., Atlantic City, N. J., New York City, N. Y., or Bridgeport, Conn.

S. S. Ponce and San Juan (N. Y. & P. R Line) 1.50-8 beyond New York City, Atlantic City, N. J., or Hatteras, N. C.

S. S. Havana (N. Y. & Cuba Mail Line) 1.50-8 beyond New York City, Atlantic City, N. J.; Hatteras, N. C.; Savannah, Ga.; Key West, Fla., or Havana, Cuba.

S. S. Hellig Olav, C. F. Tietgen, Oscar II., and United States (Scan.-Amn. Line) 2.00-10 beyond New York City, Atlantic City, N. J.; Bridgeport, Conn., or Newport, R. I.

S. S. Apache, Algonquin, Arapahoe, Comanche, Huron, and Iroquois (Clyde Line) 1.00-7 beyond New York City, Atlantic City, N. J.; Hatteras, N. C.; Charleston, S. C.; Savannah, Ga., or Key West, Fla.

S. S. Cherokee and Seminole (Clyde Line) 1.50-8 beyond New York City, Atlantic City, N. J., or Hatteras, N. C.

S. S. Prinz Joachim, Prinz Eitel Friedrich, Prinz Sigismund, Sarnia, Sibiria, Prinz August Wilhelm and Kronprinzessin Cecilie (Atlas Line) 1.50-8 beyond New York City, Atlantic City, N. J.; Hatteras, N. C.; Guantanamo, Cuba, or Colon, Panama.

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the toll on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case, from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first, the tolls for "this" line, and then the tolls for "other" lines.

Special attention of offices is called to the fact that messages for places named in Tarift Book on pages 715 to 743, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 601, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO..
NEW YORK, April 20, 1907.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

☞Small circulars, containing as an advertisement, the matter printed on page 623 of the Tariff Book have been prepared for distribution to the public, by *Money Transfer Offices.* These circulars have been numbered.

"Form 2193."

and will be furnished by Supply Dept. on requisition. They should be freely distributed by all Money Transfer Offices.

Offices which accept foreign orders for payment through the New York Transfer Agency should send by first mail, to the New York Agent, copies, on Form 72, of all such transfers.

Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

The attention of all Managers is called to the changes in the 4th and 6th paragraphs of RULE No. 12 in book of Rules for "Money Transfer Service."

Rule 28, Page 11, new book of "Rules for Money Transfer Service," third line, should read, "as provided in Rule 25," etc., instead of Rule 24, etc.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of January, 1907. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective May 1, 1907.

☞ Anadarko, Okla., now Oklahoma City, Okla., agency
Athens, Ga., now Athens, Ga., agency.
Atlantic Highlands, N. J., service discontinued.
Beacon, Mo., should be erased.
Briarcliff Manor, N. Y., now "paid by" Ossining, N. Y.
Carroll, Ia., now Cedar Rapids, Ia., agency.
☞ Chickasha, Okla., now Oklahoma City, Okla., agency
☞ Deming, N. M., now Los Angeles, Calif., agency.
Evans, Mo., should be erased.
☞ Ensley, Ala., now class C. Erase "Paid by Birmingham."
Fishersville, Va., should read Staunton, Va., agency.
☞ Flagstaff, Ariz., now Los Angeles, Calif., agency.
Gainesville, Flo., now Gainesville, Flo., agency.
Given, Mo., should be erased.
Hanover, N. H., now class D., Boston, Mass., agency. Erase. "Paid by" White River Jct., Vt., and New Haven, Conn., agency.
☞ Healdsburg, Calif., service resumed.
☞ Hobart, N. J., should read Hobart, N. Y
☞ Hobart, Okla., now Oklahoma City, Okla., agency.
☞ Hotel Ormond, Flo., service discontinued.
Hughesville, Pa., service discontinued.

INSTRUCTIONS FOR THE CARE OF CALLAUD BATTERIES.

An inspection of the Callaud batteries used by the Western Union Telegraph Company has disclosed the fact that many of the battery men and others in charge are ignorant of the proper manner of taking care of these batteries, or are wilfully careless. In many cases the jars, shelves and floors have been found covered with sulphate of zinc, the battery interspersed with cells containing no sulphate of copper whatever, and connections badly corroded, thus offering a high resistance.

These conditions indicate a waste of material and an insufficient current furnished to the lines. For the information and government of battery men, the following instructions are given:

When new battery coppers are received, they should be placed where they will not be exposed to extreme heat, or to the sun, whether they are in a box or not. They should be kept in a temperature that will not dry out and crack the insulation on the stem. In extreme dry climates, it may be necessary to immerse the coppers in water.

TO SET UP THE BATTERY.

Place the copper plate, unfolded, in the bottom of the jar, carrying the copper wire to which it is attached upward and out at the top. Fill the jar with water to a point about one and one-quarter (1¼) inches from the top. For a new cell put in six (6) ounces of sulphate of copper (blue vitriol) and place the zinc in position as directed below. This should cause the water to be about one-half (½) inch above the zinc. If no zinc solution is at hand to start the battery, connect on a short circuit until fit for use.

The zinc and copper solutions in this battery are separated by their own gravity, and this separation is easily maintained if not overcharged or interrupted. The blue solution should not be permitted to come in contact with the zinc, but should be separated by a clear white color line. When this rises to the zinc it indicates too great a quantity of sulphate of copper for the amount of work done by the battery.

As the water evaporates more or less rapidly it will be necessary to add a little more from time to time, to keep the zinc entirely covered with the solution.

When the zinc solution approaches full saturation the sulphate of zinc creeps over the zinc hanger and jar to the shelving; at the first outward indication of this the solution should be reduced by drawing off about one inch of the white portion of it. The degree of saturation may be indicated by the hydrometer, and should not be permitted to rise above twenty-five (25) degrees. If the inside rim of the jar is occasionally coated with oil or paraffine, this spreading of the sulphate of zinc is in a measure prevented.

In large offices, where a thousand or more cells are used, the labor of filling up the jars with water is considerable, and as a small quantity of oil poured on top of the solution prevents to a great extent the evaporation (thus economizing labor), it will be provided to offices of this class on requisition.

Ordinary batteries from which four or five lines are worked should be thoroughly cleaned once in three months, battery cells once in three weeks.

The average life of a No. 1 Crowfoot zinc is about one year.

The average consumption of blue vitriol is about eight pounds per annum for each No. 1 cell.

Coppers are not consumed, and their life depends largely on the manner in which they are used.

Supplies should be ordered accordingly.

TO CLEAN AND RENEW THE BATTERY.

Carefully remove the zinc, scrape off the adhering matter and wash well. Save the clean part of the solution, and pour it back into the jar after the latter has been thoroughly washed. In replenishing the cells with vitriol none of the crystals or crushed vitriol should be allowed to remain in contact with the zinc. Examine all connections, making each one bright and perfect. The shelves should be thoroughly cleaned before the cells are replaced, and care taken not to splash the water when refilling the jars.

The temperature of the battery room should never be permitted to fall to the freezing point, and, on the other hand, should not be kept so high as to produce rapid evaporation.

At stations where main batteries are maintained, but where the constant services of a battery man are not required, it will be the duty of the Manager to frequently inspect and attend to his batteries, or promptly notify the person assigned to battery work in his office when the battery requires attention; and if not attended to at once, he must so notify his Superintendent in writing.

Where linemen are assigned battery work in connection with other labor, they must know at all times the condition of batteries under their charge, either from personal inspection or through the Manager, and keep them perfectly clean and in good working order. The coppers should be retained as long as possible, and none should be removed unless the connecting wire becomes defective, or the deposit on the copper becomes so great as to make a longer use of it likely to cause the jar to be broken when it is finally removed.

All old coppers and pieces of zinc which cannot longer be used are to be returned to the storekeeper, and will be rigidly inspected to ascertain if they have been profitably used, and in accordance with these instructions. The battery refuse from each office should be kept separate. All metallic copper should be placed in one receptacle and all copper oxide and other products of copper in another. All metallic zinc should be kept separate, likewise all zinc oxide and mud sediment placed by itself. These four divisions or separations are all that will be maintained in the future, and when the barrels or other receptacles are full they should be securely fastened and the Superintendent notified that such material is ready for shipment. When instructions are received from the Superintendent as to shipping, each package should be plainly marked to indicate the place from which it is shipped and what it contains.

Managers or linemen will be furnished a copy of these instructions, and will be held strictly accountable for their observance.

J. C. BARCLAY,
Asst. Gen'l Mgr.

Approved:
R. C. CLOWRY,
President and General Manager.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendent. I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotton by others, and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No.* 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, postal money order, currency by express or registered letter. If exchange is paid for draft or fees for express money orders, postal money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current* (*form* 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo & Co., or Western Express Companies, at the following rates, viz:

Not exceeding $2.50,	3c	Over $30.00 to $40.00,	15c
Over $2.50 to 5.00,	5c	Over 40.00 to 50.00,	18c
Over 5.00 to 10.00,	8c	Over 50.00 to 60.00,	20c
Over 10.00 to 20.00,	10c	Over 60.00 to 75.00,	25c
Over 20.00 to 30.00,	12c	Over 75.00 to 100.00,	30.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft can be obtained at less expense.*)

Third. If neither bank draft, nor express money orders can be obtained, postal money orders should be forwarded.

Fourth. If neither draft on New York, express money order or postal money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and postal money orders must be made payable to M. T. WILBUR, TREASURER, and *sent by mail.* They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

Catalogue B-22

Contains 144 Pages and over 750 illustrations of "Something Electrical for Everybody."

IT IS FREE! A postal brings it.

Perfect Portable Resonator.

This is the best reasonable price Resonator made. The base of standard is broad and heavy. Conducting cords pass through base and hollow standard.

List No. 654 complete with sounder and six feet cord, **$3.00.**

List No. 655 Resonator and base, only **$1.35.**

UNION LIGHTNING ARRESTER

This combined Cut-out, Ground Switch and Lightning Arrester enables the operator to terminate the line at his station by grounding the circuit, which is often convenient when troubles occur such as a broken line wire, a key left open, etc., also the instrument can be cut out or disconnected from the main line when desired.

List No. 749. Union Lightning Arrester, complete with Cut-out Pin, price each **$0.40.**

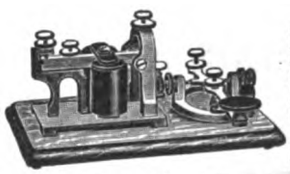

ELECTRIC ALARM CLOCK

The "Manhattan" Clock is set in the usual manner to ring at a certain hour, and the movement of the clock throws into circuit a vibrating bell which will ring for almost two hours, unless switched off.

The clock can be placed on a shelf or table, and the bell and switch arranged near the bed. Any of our vibrating bells can be used with the clock.

List No. 1748 Special net price, Each Clock as shown **$1.25**

IMP. GIANT COMBINATION SET.

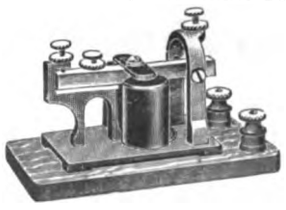

This set is composed of our Steel Lever solid trunnion key and Improved Giant Sounder mounted on a polished mahogany base.

The key and sounder are the same in every detail as our regular struments. It is without exception the best combination telegraph set manufactured A copy of Philosophy nd Practice of Morse Telegraphy is furnished free with ach outfit.

List No. 185. Improved Giant Combination Set, wound for 5 ohms. Special net price. Price each.. **$2.35**

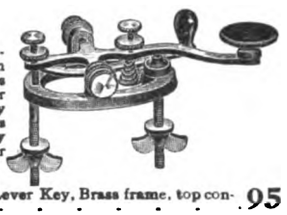

IMPROVED GIANT SOUNDER

This instrument is scientifically correct in every respect. Quick acting and gives a loud, clear sound. Magnet Cores and Armatures are made from selected soft iron. Coils are covered with polished hard rubber, brass or aluminum lever and polished brass base plate It is of standard size and design. Mounted on highly polished mahogany base. This instrument is in constant use by the largest railroad and telegraph companies. In ordering state whether brass or aluminum lever is wanted. List No. 111 Special net price..... **$1.40**

Postage 22c.

LEG KEY

The durability, lightness and quick action of the steel lever as compared with other makes is recognized by experts and operators and is preferred by them to any other type.

List No. 103. Steel Lever Key, Brass frame, top connection. **.95**

By mail extra 10c.

LEGLESS KEY

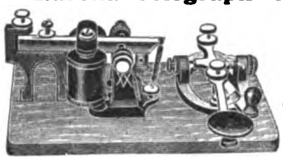

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished. Our improved adjustment spring holders are supplied with each key, and is preferred by them to any other type.

List No. 108. Steel lever key, Brass frame, top connection **$1.05**

By mail, extra 8c.

Eureka Telegraph Instrument.

A moderate priced combination set recommended as a learners apparatus being low in price, durable and efficient. Copy of Philosophy and Practice of Morse Telegraphy free with each instrument. List No. 178. Wound 5 ohms. **$1.15**

SPECIAL

Eureka Searchlight

Size 1¼x9 inches. Easily carried and always ready. It replaces the lantern out doors and the candle in the home. The light is two candle power and is intensified by the reflector and strong lens. Everybody has a use for it. List No. 5200 with battery each, **75c.**

By mail extra 18cts.

SNAPPER SOUNDER

Makes a loud, sharp noise. The "click" being similar to telegraph sounders, Morse alphabet characters can be transmitted a considerable distance in or out doors by persons familiar with the art of telegraphy. List No. 196. Postpaid 10 cts.

No. 4 Home Medical Apparatus

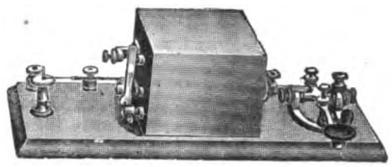

For quick and positive relief in cases of rheumatism, "operator's cramp," etc. there is nothing better on the market than our No. 4 Home Medical Apparatus.

There are no acids to spill and it is always clean and ready for use.

Its currents are smooth and even and can be graded from the mildest perceptible to a power that few can endure.

List No. 2204. Complete with "Guide" $3.50

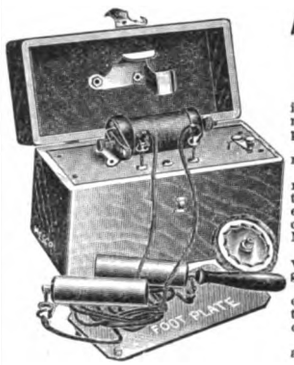

BOX SOUNDING RELAY.

The box Relay is designed to combine all the advantages to be obtained by the use of a Relay, and at the same time dispense with the usual local sounder and local battery. It is also arranged so that local sounder and battery can be connected if desired.

List No. 127. Wound 150 ohms with key **$4.50.**

List No. 129. Wound 150 ohms without key, **$3.50.**

Anti-Doc Medical Apparatus

No fluids to spill. Polished hardwood oak case, metal trimmings nickel plated.

Electricity is the best medicine in the world.

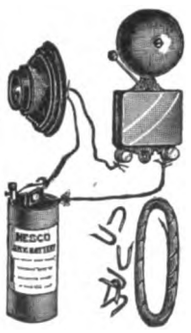

For quick and positive relief in cases of rheumatism, operator's "cramp," etc., there is nothing that can equal our Anti-Doc Medical Apparatus.

An electric current of varying intensity can be generated instantly.

This outfit is of the newest and most approved pattern and made throughout of best material.

Descriptive folder upon application.

List No. 2215. Apparatus, With Battery and Electrodes complete, special price, **$2.00.**

ELECTRIC CALL BELL OUTFIT

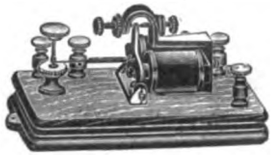

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire.

Sufficient staples and printed instructions which will aid any person to put same in successful operation,

Packed in strong straw-board box. Weighs 5 lbs, A first-class outfit.

List No. 1762. Special net price. Complete, each..... **.60**

STANDARD PONY RELAY

A relay will improve the efficiency of a telegraph system on lines of three miles or more in length when several instruments are connected on the same line.

The working parts are much lighter than a sounder and more susceptible to the electric pulsations. The relay magnets are connected in the main line circuit and any disturbance of the electric current causes the armature to vibrate, and this action opens and closes the local battery circuit in which the sounder is connected, causing the sounder lever to vibrate each time the relay armature moves. The result is a louder and clearer sounder "click" as the local battery is usually within a few feet of the sounder which reduces the line resistance to a minimum. The Standard Pon Relay is made of selected material and finely finished. It is mounted on a mahogany base with ornamental metallic surbase

List No. 115 Standard Pony Relay, 20 ohms for 1 to 20 miles. Special new price **$1.50**

Main Office Removed to No. 20 Park Place, NEW YORK

ESTABLISHED 1879 *INCORPORATED 1899* (*Formerly* {106 & 108 LIBERTY STREET, and 76 CORTLANDT STREET})

ADJUSTABLE RESONATORS FOR LOCAL SOUNDERS

BUNNELL PATTERN

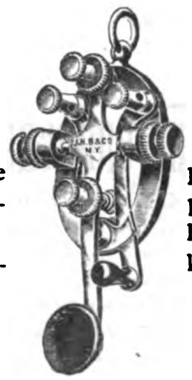

Price, complete with Cord and Sounder, $6.25
Without Sounder, - - - - 4.00

The position of the Sounder, incased in the Resonator, which greatly increases and concentrates the sound, is adjustable both as to its height and lateral position, so as to be entirely convenient to the receiving operator, without affecting the work at other instruments, the sound being almost entirely confined to the immediate locality of the instrument.

Price, complete with Cord and Sounder - $6.25
Without Sounder - - - - - - 4.00

Beware of inferior imitations.

SOUVENIR WATCH CHARM KEY.

Body and screws made of composition bronze gold lacquered.

Nickel-plated lever, polished hard rubber knobs.

Cut above shows full size

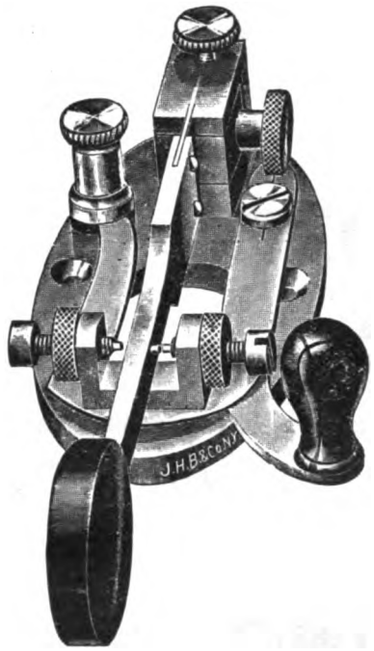

A Perfect Working Model of the Standard Bunnell Legless Key.

BY REGISTERED MAIL. - - $1.50

THE DOUBLE SPEED TELEGRAPH KEY

PATENTED

Condemned by every operator at first glance, but on reflection this judgment is quickly reversed, and a trial or demonstration creates enthusiasm, and free predictions that this is the COMING KEY.

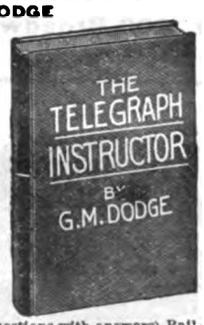

Requires but one-half the motions of the ordinary key, and these are made by a sidewise rocking motion of the hand, easily acquired, which guarantees that operators will not be affected with cramp, and those who are so affected will soon recover their speed and style. Send for circular.

Leg Pattern - - - - - $4.00
Legless Pattern - - - - - - 4.50
Portable Pattern, with wedge and cord for connection with ordinary key, - - 6.50

THE TELEGRAPH INSTRUCTOR

BY G. M. DODGE

A complete book on practical telegraphy. Invaluable for a student. Indorsed by experienced operators. Used by thirty schools of telegraphy as a text-book. It treats upon every phase of telegraphy. Among the subjects are: The Telegraph, The Morse Code, The Electric Current, Instruments Employed, Adjustment of Instruments, Batteries, Conductors and Non-Conductors, The Switchboard, Ground Wires, Beginning Exercises, Punctuation in Transmitting, Receiving, Copying, Breaking, Circuit Regulation, Wire Signals, Word Abbreviations, Technical Terms Used in Railroad and Telegraphic Work, Railway and Commercial Telegraphy, Duties of Railroad Employees, Standard Railway Rules, Rules for the Movements of Trains by Telegraphic Orders, Train Orders, Telegraph Block Signals, Block Signal Examination (questions with answers), Railroad Telegrams, The Commercial Telegraph, Commercial Telegraph Rules used by the Western Union and Postal Telegraph Cable Companies; Service or Office Messages with Numerous Examples; Private or Leased Wires; Forms Used; Grain, Provision and Stock Quotation Abbreviations; Typewriter Manual of Single and Double Key-board Standard Typewriters.

A beautifully illustrated silk-bound Edition, containing 316 pages. Publisher's price, $1.00. By mail post-paid for 86 cents, net.

MASCOT RESONATOR

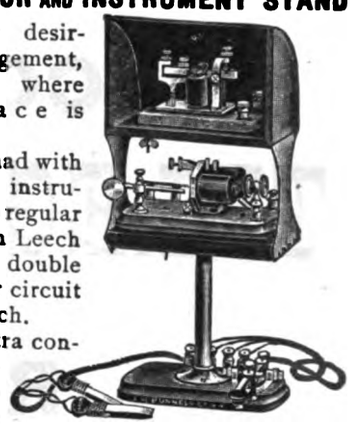

Portable, can be moved to any desired position within range of cord. The cord enters base as shown and passes through the hollow stem to Sounder.

PRICE

complete with Sounder and 6 ft. of Cord, $4.25
Without Sounder, 2.00

LEECH'S PATENT COMBINATION RESONATOR AND INSTRUMENT STAND

A very desirable arrangement, especially where table space is limited.

Can be had with or without instruments, with regular key or with Leech design of double contact for circuit closer switch.

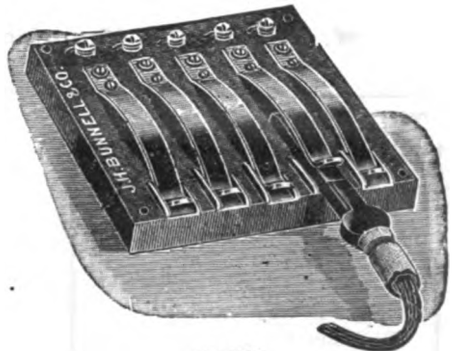

This extra contact is intended to reduce the liability of leaving keys open inadvertently.

PRICES (Subject to Discount)

Resonators and Stand Complete with Relay, Sounder and Leech's Extra Circuit Closer Contact Key, $15.00
Ditto, but with Regular Key - - - - - - 14.00
" " Leech's Key only - - - - - - 9.00
" " Regular Key only - - - - - - 8.00
Resonators and Stand only - - - - - - 7.00

TABLE JACK SWITCHES

For Switching Resonator Set of Instruments to any desired line.

PRICES

4 Line Table Jack - - - - - $4.00
Additional Lines, each - - - - - .90
Wedge, with 4 ft. Cord, Extra - - 2.50

W. R. BRIXEY, Manufacturer, 203 Broadway, New York.

Two New Books Under One Cover

"GOVERNING PRINCIPLE RELATING TO TRAIN DISPATCHING" AND "OPERATORS' EXAMINATION."

Consolidated. Second Edition.

Materially improved and somewhat enlarged. Is what it purports to be—a dependable guide for dispatchers and railroad operators. Discusses single track dispatching under seventy-five captions, dealing quite fully with new Code Rule 4; the 19 order; danger in certain wording or combinations of orders; risk in annulling orders, etc. There are 118 questions and answers in which operators are especially concerned, and other information respecting their duties. Should be in the hands of every man in the transportation department.

Price of the book is 90 cents, prepaid. Some may feel doubtful as to its value as a reliable guide; such persons need remit only 50 cents, paying the balance when found to be as represented.

H. W. FORMAN, 930 BROADWAY, NASHVILLE, TENN.

Good Wages Paid to Telegraph Operators.

Demand exceeds supply. Railroads send to us for operators, and furnish passes. **We teach telegraphy.** Tuition and expenses low. Many students earn their board. Write to-day for our 40-page booklet. It is **Free.** *Railroad wire in school.*

THE NEW YORK PUBLIC LIBRARY

JOURNAL OF THE TELEGRAPH.

VOL. XL. NEW YORK, OCTOBER 21, 1907 WHOLE NO. 652.

ANNUAL REPORT OF THE PRESIDENT OF THE WESTERN UNION TELEGRAPH COMPANY (INC.) FOR THE YEAR ENDED JUNE 30, 1907.

APPROVED BY THE EXECUTIVE COMMITTEE AND ORDERED TO BE SUBMITTED TO THE STOCKHOLDERS.

Capital Stock.

The capital stock outstanding is unchanged, namely, $97,370,000.00, of which $29,394.00 belongs to and is in the treasury of the Company.

Bonded Debt.

The bonded debt at the close of the year was as follows:

Funding and Real Estate Mortgage Bonds due May 1, 1950, four and one-half per cent	$20,000,000 00
Collateral Trust Bonds due January 1, 1938, five per cent	8,615,000 00
Convertible Redeemable Bonds due November 1, 1936, four per cent	7,200,000 00
	$35,815,000 00

During the year there was issued $7,200,000.00 of the $25,000,000.00, four per cent. Convertible Redeemable Bonds, due November 1, 1936, authorized by the Stockholders November 23, 1906.

Business of the Year.

	Year ended June 30, 1906.	Year ended June 30, 1907.	Increase.	Decrease.
Revenues,	$30,675,654.53	$33,856,406.25	$3,180,751.72	
Expenses, see statement below,	23,605,071.65	26,532,196.20	2,927,124.55	
Net Revenue,	$7,070,582.88	$6,324,210.05		$746,372.83
Interest on bonds,	1,327,975.00	1,420,061.00	92,086.00	
Profits,	$5,742,607.88	$4,904,149.05		$838,458.83
Appropriated for dividends,	4,868,088.75	4,868,096.25	7.50	
Surplus,	$874,519.13	$36,052.80		$838,466.33
Surplus July 1st, 1906			$16,848,728.38	
Carried to surplus as above			36,052.80	
Surplus June 30th, 1907			$16,884,781.18	

Statement of Expenses for the Year.

Operating and general expenses, including taxes	$19,857,622.80
Rental of leased lines	1,545,570.96
Maintenance and reconstruction of lines	5,278,293.36
Equipment of offices and wires	450,709.58
Total expenses as above	$26,532,196.20

The net growth of the plant was: in poles and cable 2,687 miles; in wire 65,052 miles; in offices 437.

Of the total of 1,321,199 miles of wire at the close of the year, 419,450 miles were of copper and 901,749 of iron; an increase in copper of 67,286 miles, and a decrease in iron of 2,234 miles during the year, due to the substitution of copper for iron.

The number of messages increased 3,317,469.

The revenues of the company increased $2,180,751.72.

The operating and general expenses increased $2,066,582.83. This increase was due to the necessary outlay to care for the larger number of messages handled, to the increase of 10 per cent. in the salaries of all the operators in the Company's employ, which went into effect March 1st, 1907, and to the continued high prices for all materials used in the maintenance of the lines.

The improvements in the property of the Company referred to in my last annual report were continued during the year under review, making large expenditures necessary and increasing the outlay for reconstruction of poles and wires $758,354.37. Much of this work has been completed since the close of the fiscal year, and a material reduction of demand for reconstruction has followed the improved condition of the lines, due to the liberal outlay of the past three years.

The automatic printing telegraph owned by the Company has been extended and is now applied to the business exchanged between New York City on the one hand and Buffalo, Boston, Pittsburg, Chicago, Philadelphia, Atlanta and St. Louis on the other; also to that between Chicago and St. Louis; between Philadelphia and Pittsburg, and between Buffalo and Chicago.

The cost of construction was $2,872,950.53, which was $420,030.83 less than last year.

Contracts covering 19,312 miles of railroad were closed during the year with the following named companies:

Bullfrog-Goldfield Railroad Company.
Morgantown & Kingwood Railroad Company.
Portland & Rumford Falls Railway, and Rumford Falls & Rangeley Lakes Railroad Company.
Tonopah & Goldfield Railroad Company.
Norfolk & Southern Railway Company.
Mississippi River & Bonne Terre Railway Company.
Great Northern Railway, and Brandon, Saskatchewan & Hudson Bay Railway Company.
Great Northern Railway, and Midland Railway Company.
New York Central & Hudson River Railroad Company.
Michigan Central Railroad Company.
Lake Shore & Michigan Southern Railway Company.
Dunkirk, Allegheny Valley & Pittsburgh Railroad Company.
Cleveland, Cincinnati, Chicago & St. Louis Railway Company.
Cincinnati Northern Railroad Company.
Lake Erie & Western Railroad Company.
Lake Erie, Alliance & Wheeling Railroad Company.
Pittsburgh & Lake Erie Railroad Company.
Silver Peak Railroad Company.
Carolina & Northwestern Railway Company.
Caldwell & Northern Railroad Company.
Chicago, Indianapolis & Louisville Railway Company.
Wichita Falls & Oklahoma Railway Company.
Wichita Valley Railway Company.
Wichita Valley Railroad Company.
Abilene & Northern Railway Company.
Erie Railroad Company, and other roads in its system.
Pennsylvania lines west of Pittsburgh, and affiliated railroads.

Respectfully submitted,

ROBERT C. CLOWRY,
President.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
CONTRACT AND FREE SERVICE DEPTS.,

New York, October 17th, 1907.

Following business franks are hereby revoked on request of the companies named:

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, October 21, 1907.

"RULE 3."

JOURNAL of June 20th called attention to changes in Rule 3 which have been overlooked by a number of offices. A comparison of the new rule as printed in the Tariff Book of July, 1907, with the old rule will show the new rule requires that *"All words after the last or only signature* must be counted and charged for."

The asterisk at the end of the third line, page 588 of the Tariff Book, was entered by mistake; it should be erased.

TO OFFICES HAVING SPECIAL SHEET "O."

First paragraph of Sheet "O" should read as follows:

Prepaid day or night messages to the places named below, to which your Square, State or Special rate is 35 and 2 or less, should, as soon as accepted from their senders, be handed with tolls therefor to the Postal Telegraph-Cable Co., for transmission from point of origin to destination.

Offices having Special Sheet "O" should add to that sheet the following:

† For messages to telephone subscribers, follow rate and route given in Tariff Book.

JULY, 1907, TARIFF BOOK.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three-star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Towner, Col., which was formerly a three-star station, but which is now a Western Union office in Square 758.

The hand (☞) indicates changes not shown in the preceding issue of the JOURNAL.

The following list of "Changes" corrects to date the Tariff Book of July, 1907.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

See Special Notices at end of this circular.

CABLES.

The following changes in cable rates beyond London are now in force:

To Poulo Condore (Cochin China), 98c. per word.

To Djedda, Mecca and all Hedjaz in Arabia, 61c. per word.

Hereafter the rate to Republic of Panama will be as follows:

	Colon and Panama.	Other Canal Zone Stns.	Other Rep. of Pan. Stns.
W. U. & G. N. W. offices in U. S....	50	53	53
W. U. & G. N. W. offices in N. B., N. S., Ont. & Que...	56	59	59
W. U. & G. N. W. offices in B. C. & Man.	62	65	65

CUBA.

Telegraph offices have been opened on Government Telegraph lines at Agramonte, in Matanzas; Ranchuelo, in Santa Clara, and at El Rincon, in Havana Province.

WIRELESS.

CHANGES.

Hereafter, in case of failure to reach steamers by wireless beyond Camperdown, the full wireless tolls will be refunded to the sender. This cancels footnote on pages 709, 710 and 711 of the Tariff Book referred to by a dagger (†).

The S. S. Arabic of the White Star Line can no longer be reached via the South-Wellfleet Station. Messages can, however, be forwarded via Sea Gate, Sagaponack, Siasconsett and Camperdown at rates shown on page 710.

The Allan, Can. Pac. and Dominion Line S. S. may now be reached by wireless at rate of 1.00 and 6 beyond either Fame Point, Que., or North Sydney, N. S.

The S. S. Kronprinz Wilhelm of the No. German Lloyd Line has been equipped with long range wireless apparatus, and can now be reached via So. Wellfleet as well as other stations shown on page 710.

The steamers of the New Eng. Nav. Co., shown on page 713 of Tariff Book, will hereafter be reached at rate of 50 and 6 beyond Wilson Point, Conn., or Point Judith, R. I.

Hereafter the rate to S. S. of the Scandinavian-American Line will be 1.00 and 10 instead of 2.00 and 10 beyond New York City, Atlantic City, Bridgeport or Newport.

The rate to S. S. Frank Jones and Kennebec of the Enterprise Trans. Co. is 50-6 instead of 50-3 beyond Wilson Point, Ct., or Point Judith, R. I.

NEW CONNECTIONS.

The following additional trans-Atlantic steamers have been equipped with wireless apparatus, and may now be reached as indicated.

S. S. California (Anchor Line), 2.00-12 beyond Sea Gate or Sagaponack; 3.00-18 Siasconsett, or 4.00-24 Camperdown.

S. S. Bremen (No. Ger. Lloyd), 1.00-7 Newport, R. I., or Fire Island, N. Y.

S. S. Corsican (Allan), 1.00-6 Fame Point, Que., or No. Sydney, N. S.

S. S. Kronprinzessin Cecilie (No. Ger. Lloyd), 2.00-12 Sea Gate or Sagaponack; 3.00-18 Siasconsett; 5.00-50 So. Wellfleet, or 4.00-24 Camperdown.

S. S. President Grant and President Lincoln (Ham. Amn.), 2.00-12 Sea Gate or Sagaponack; 3.00-18 Siasconsett, or 4.00-24 Camperdown.

S. S. Lituania and Estonia (Rus. E. Asiatic Co.), 1.00-10 New York City, Newport, R. I., or Highland Light, Mass.

The following additional Sound and Coastwise vessels have been equipped with wireless apparatus and may now be reached as indicated.

S. S. President and Governor (Pac. Coast S. S. Co.), 1.00-7 Mare Island, Calif., or North Head, Wash.

S. S. St. Croix (Enterprise Trans. Co.), Rhode Island and Connecticut (Neptune Line), Edgemont and Tennessee (Joy Line), Maine and New Hampshire (New Eng. Nav. Co.), all 50-6 beyond Wilson Point, Ct., or Point Judith, R. I.

S. S. Plymouth (N. E. Nav. Co.) 50-6 Wilson Point, Conn., or Point Judith, R. I.

S. S. San Marcos, Nueces and Brazos (Mallory Line), 1.00-7 beyond New York City, Atlantic City, N. J.; Hatteras, N. C.; Savannah, Ga.; Key West, Fla., or Galveston, Tex.

S. S. City of Savannah (Ocean S. S. Co.), 1.00-7 New York City, Atlantic City, N. J.; Hatteras, N. C., or Savannah, Ga.

S. S. Sabine (Mallory Line) 1.00-7 beyond New York City, Atlantic City, N. J.; Hatteras, N. C.; Savannah, Ga.; Key West, Flo., or Mobile, Ala.

S. S. Seneca (N. Y. & P. Rico S. S. Co.), 1.50-8 New York City, Atlantic City, N. J., or Hatteras, N. C.

S. S. Momus, Creole and Antilles (Southern Pac. Co.) 1.50-8 beyond New York City, Atlantic City, N. J.; Hatteras, N. C.; Savannah, Ga.; Key West, Flo., or New Orleans, La.

S. S. Morro Castle, Saratoga, Monterey, Esperanza, Vigilancia, Seguranca and Mexico (N. Y. & Cuba Mail S. S. Co.) 1.50-8 beyond New York City, Atlantic City, N. J.; Hatteras, N. C.; Savannah, Ga.; Key West, Flo., or Havana, Cuba.

S. S. United States (Scan. Amn. Line) 1.00-10 beyond New York City, Atlantic City, N. J., Bridgeport, Ct., or Newport, R. I.

S. S. Dunottar Castle (Pan. RR. S. S. Co.) 1.50-8 beyond New York City, Atlantic City, N. J., Hatteras, N. C., or Savannah, Ga.

MARINE SERVICE.

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in Greater New York, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for $1.00. For other places the rate will be $1.00 plus the toll on a ten-word day message to New York City. The $1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

Digitized by Google

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

Managers are requested to exercise great care in accepting messages addressed to passengers en route on trains. A full and sufficient address, including the name or number of the train, should be obtained in each case from the sender of the message.

Station and train employes will co-operate by aiding the Company's messengers to locate passengers for whom they have messages.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message, which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 in IV. page of the Tariff Book.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first, the tolls for "this" line, and then the tolls for "other" lines.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 724 to 751, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 605, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

WM. HOLMES,
Supt.

MONEY TRANSFER SERVICE.

THE WESTERN UNION TELEGRAPH CO.,

NEW YORK, October 21, 1907.

To all Transfer Agents and Office Managers:

SPECIAL NOTICES.

☞Small circulars, containing an advertisement of the Money Transfer Service, have been prepared for distribution to the public, by *Money Transfer Offices*. These circulars have been numbered

"Form 2193."

and will be furnished by Supply Dept. on requisition. They should be freely distributed by all Money Transfer Offices.

☞Offices which accept foreign orders for payment through the New York or San Francisco Transfer Agencies should send by first mail to said agencies, copies, on Form 72, of all such transfers.

☞As cipher B books are exhausted, or new cipher B sheets, are desired at agencies, request for supply should be forwarded to the Treasurer.

Transfer Agents should report the acceptance of all excess orders immediately by wire to the Treasurer and not wait until close of day's business.

The attention of all Managers is called to the changes in the 4th and 6th paragraphs of RULE No. 12 in book of "Rules for Money Transfer Service."

Rule 28, page 11, new book of "Rules for Money Transfer Service," third line, should read, "as provided in Rule 25," etc., instead of Rule 24, etc.

Applications for money transfers which have to be declined because places are not in our list of Money Transfer offices, should be promptly reported by mail to the Treasurer.

CHANGES.

The following "Changes" correct to date the list of Money Transfer offices in the Tariff Book of July, 1907. Those preceded by a (☞) have not been previously published in the JOURNAL, and will become effective November 1, 1907:

The following places in Pennsylvania are now in the Philadelphia agency: Alaska, Birdsboro, Blandon, Brandonville, Buck Mountain, Delano, Denver, Douglassville, Ellangowan, Excelsior, Frackville, Gibraltar, Glasgow, Hamburg, Leesport, Locust Gap, Lorane, Lost Creek, Mahanoy Plane, Manatawney, Middleport, New Philadelphia, Palo Alto, Park Place, Paxinos, Port Carbon, Ringtown, Robesonia, St. Clair, St. Nichols, Schuylkill Haven, Shomakersville, Sinking Spring, Stowe, Temple, Treverton, Tuckerton, Wernersville, *Wilburton*, William Penn and Womelsdorf.

☞ Amherst, Mass., now Class C, New Haven, Conn., agency. Erase "paid by Northampton, Mass.," and Northampton, Mass., agency.

Arcadia, Calif., now Los Angeles, Calif., agency.

Auburn, Me., now Class D, Boston, Mass., agency. Erase "paid by Lewiston, Me.", Lewiston, Me., agency.

CHANGES—Continued.

Barnesboro, Pa., now "paid by" St. Benedict, Pa.

Blanchester, O., service resumed.

Clayton, Del., now Class D, Philadelphia, Pa., agency. Erase "paid by Smyrna, Del."

Delta, Alaska, service suspended.

Derry, D. Co., Pa., name changed to Hershey, Pa.

Dietz, Wyo., should read "paid by Sheridan, Wyo."

Duarte, Calif., now "paid by" Monrovia, Calif., Los Angeles, Calif., agency.

☞ Duquesne, Pa., should be erased.

Durand, Mich., service suspended.

Ensley, Ala., now "paid by" Birmingham, Ala.

Fort Seward, Alaska, service suspended.

Gallup, N. Mex., now Los Angeles, Calif., agency.

Girard Monmouth, Pa., should read Girard Mammoth, Pa., paid by Shenandoah, Pa., in Phila-

M. T. WILBUR,
Treasurer.

TREASURER'S OFFICE
THE WESTERN UNION TELEGRAPH COMPANY,
New York, August, 1907.

To Superintendents. I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others, and perhaps are unknown to new managers. *Each item of these instructions may seem trivial to an office manager but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.*

FIRST.. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No. 65*, which must state the *exact* amount of remittance, date on which it was forwarded, *full name of the office remitting, name of state or territory*, whether by draft, certified check, express money order, postal money order, currency by express or registered letter. If exchange is paid for draft or fees for express money orders, postal money order, money by express or registered letter, *the amount of such expense must be reported like any other item, in the monthly account current (Form 4)* Vouchers for such expense *must not* be sent to the Treasurer as cash.

The actual *amount of cash remittance only* should be shown on blank 65.

When remittance is made by draft, check or express money order the *name of the bank on which check or draft is drawn or the name of the express company on which order is drawn should be plainly stated in body of letter of transmittal (Form 65).*

SECOND. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained without expense.

Where a charge is made for New York drafts at offices having authorized depositories, managers of such offices should remit by *certified check* on their local bank.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Canadian, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern, Pacific, Southern, United States, Wells Fargo & Co., or Western Express Companies, at the following rates, viz.:

Not exceeding $2.50,	3c.	Over $30.00 to $40.00,	15c.
Over $2.50 to 5.00,	5c.	Over 40.00 to 50.00,	18c.
Over 5.00 to 10.00,	8c.	Over 50.00 to 60.00,	20c.
Over 10.00 to 20.00,	10c.	Over 60.00 to 75.00,	25c.
Over 20.00 to 30.00,	12c.	Over 75.00 to 100.00,	30c.

Managers of offices (not having authorized depositories) on the lines of either of the above named express companies should remit express money orders. (*Excepting where bank draft can be obtained at less expense.*)

THIRD. If neither bank draft, certified check, or express money orders can be obtained, postal money orders should be forwarded.

FOURTH. If neither draft on New York, certified check, express money order or postal money order can be obtained, then currency should be forwarded by express.

FIFTH. If neither of the above means is available, *then as a last resort*, the remittance should be forwarded *by registered letter.*

SIXTH. Drafts, certified checks, express money orders or postal money orders must be made payable to *M. T. WILBUR, Treasurer*, and sent by the ordinary mail. They must not be made payable to M. T. Wilbur without the title.

SEVENTH. The small treasurer's envelope, Form 123, must be used only when remittances are made by the ordinary mail.

EIGHTH. *The large envelope, Form 124, should be used for making remittances by express or registered mail.*

NINTH. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

HOLIDAY SPECIALS

WE LIST BELOW A FEW OF OUR MANY SPECIALTIES FOR THIS SEASON AND WOULD ADVISE THAT YOU WRITE FOR OUR NOVELTY AND SPECIALTY CATALOG. HAVE YOU A COYY OF OUR FREE CATALOG—B-22?

MESCO ELECTRIC ENGINE

The most interesting, instructive and practical novelty ever put up. Magnets resemble the double cylinders of a powerful engine, and action of drive shaft is the same as the piston of a large locomotive. The controlling lever governs both the speed and direction of drive.

Frame is of solid cast iron, and each part is carefully constructed. A grooved pulley is furnished with each engine. Runs on one or two Red Seal Dry Batteries, according to strength desired. List No. 1013; each, $1.00.

NEW GEM MOTOR

The New Gem is a high grade battery motor, neatly and strongly constructed, mounted on a polished oak base. It is the strongest motor made, running on one dry battery, and is used extensively for experimental purposes and for operating small mechanical devices, toys, etc.

Finished in black enamel with nickel trimmings.

List No. 3580; each, 75c.

X-MAS TREE OUTFIT

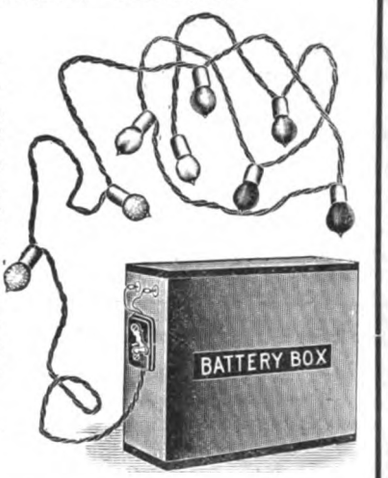

Operated from incandescent lamp circuit. For Xmas tree and interior decorations, the Mesco Decorative Outfit is the most handsome and complete one on the market. The three festoon outfit, as illustrated, has 24 green porcelain sockets, all wired, complete, with fine green silk covered cord, and comes complete, ready to attach to tree. 27 assorted color lamps are furnished.

List No.
13424—8 sockets, 9 lamps, complete, $3.75.
13425—16 sockets, 16 lamps, complete, $6.48.
13426—24 sockets, 27 lamps, complete, $9.00.

X-MAS TREE OUTFIT

Operated by dry batteries. This outfit is a handsome decoration, and can be used regardless of whether electric current is available or not. The outfit consists of 8 lamps of assorted colors, together with sockets, silk cord, battery box and batteries. It is operated by three Red Seal Dry Batteries, and is neat, compact and absolutely safe.

List No. 13438. Complete, $3.50.

SPECIAL

Eureka Searchlight

Size 1½x9 inches. Easily carried and always ready. It replaces the lantern out doors and the candle in the home. The light is two candle power and is intensified by the reflector and strong lens. Everybody has a use for it. List No. 5260 with battery each, By mail extra 16cts. **75c.**

ELECTRIC ALARM CLOCK

The "Manhattan" Clock is set in the usual manner to ring at a certain hour, and the movement of the clock throws into circuit a vibrating bell which will ring for almost two hours, unless switched off.

The clock can be placed on a shelf or table, and the bell and switch arranged near the bed. Any of our vibrating bells can be used with the clock.

List No. 1748 Special net price, Each Clock as shown **$1.25**

Perfect Portable Resonator.

This is the best reasonable price Resonator made. The base of standard is broad and heavy. Conducting cords pass through base and hollow standard.

List No. 654 complete with sounder and six feet cord, **$3.00.**

List No. 655 Resonator and base, only **$1.35.**

LEGLESS KEY

The entire lever and trunnion being made of one piece of fine wrought steel, gives it perfect bearing and avoids the loose trunnion trouble so common with other types. The lever is nickel-plated, and all other parts are finely finished. Our improved adjustment spring holders are supplied with each key and is preferred by them to any other type.

List No. 108. Steel lever key, Brass frame, top connection **$1.05**

By mail, extra 8c.

List No. 103. Leg key **.95**

By mail, extra, 10c.

Eureka Telegraph Instrument.

A moderate priced combination set recommended as a learners apparatus being low in price, durable and efficient. Copy of Philosophy and Practice of Morse Telegraphy free with each instrument. List No. 178. Wound 5 ohms. **$1.15**

ELECTRIC CALL BELL OUTFIT

Consists of One Iron Box Bell, Two and a half inch Gong; one Cell Mesco Dry Battery, one Wooden Push Button Fifty Feet Insulated wire

Sufficient staples and printed instructions which will aid any person to put same in successful operation,

Packed in strong straw-board box. Weighs 5 lbs. A first-class outfit.

List No. 1762. Special net price. Complete, each **.60**

TELEGRAPHERS' MUTUAL BENEFIT ASSOCIATION

For All Employees in Telegraph and Telephone Service.

B. BROOKS, President

FORTY-FIRST YEAR.

Claims Paid, - - $1,300,000
Insurance in Force, $5,250,000
Assets, - - - - $300,000

The Telegraphers' Mutual Benefit Association, now the oldest co-operative insurance organization in the country, a purely telegraph society, organized by and always managed by telegraphers for the sole benefit of the telegraph fraternity, offers to all persons engaged in telegraphic or telephonic service between the ages of 18 and 45 protection for their families and dependents in amounts within the reach of every one at net cost and which is not affected by reason of change of occupation or residence.

INSURANCE

Full Grade $1,000 **Half Grade $500**

Or Both Grades, $1,500

Initiation fee, $3.00 for each grade; no extra expense of any kind. Assessments are levied monthly at

RATES

based on age at entry, and not subject to change, in accordance with the following table:

AGE	FULL GRADE	HALF GRADE
18 to 30	$1.00	$0.50
30 to 35	1.25	0.63
35 to 40	1.50	0.75
40 to 45	2.00	1.00

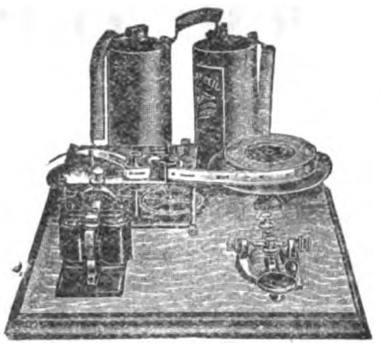

The Association furnishes the best, cheapest and most reliable insurance offered to the telegraph employee and solicits application for membership from all within the age limits.

Application blanks and rates from any agent, or from

Entire outfit, including Transmitter, Key and Sounder (Bunnell make), Batteries, the entire set of Records (27 in all, each record containing from 250 to 475 words), and The Telegraph Instructor, silk-bound, containing 284 pages of information invaluable to a student—**$20.00.** Sold upon fifteen days' approval. Same outfit without key, sounder and batteries, **$16.50.** Catalogue free.

NATIONAL AUTOMATIC TELEGRAPH TRANSMITTER CO.
VALPARAISO, IND.

Two New Books Under One Cover

"GOVERNING PRINCIPLE RELATING TO TRAIN DISPATCHING" AND "OPERATORS' EXAMINATION."

Consolidated. Second Edition.

Materially improved and somewhat enlarged. Is what it purports to be—a dependable guide for dispatchers and railroad operators. Discusses single track dispatching under seventy-five captions, dealing quite fully with new Code Rule 4; the 19 order; danger in certain wording or combinations of orders; risk in annulling orders, etc. There are 118 questions and answers in which operators are especially concerned, and other information respecting their duties. Should be in the hands of every man in the transportation department.

Price of the book is 90 cents, prepaid. Some may be doubtful as to its value as a reliable guide; such persons need remit only 50 cents, paying the balance when found to be as represented.

H. W. FORMAN, 930 BROADWAY, NASHVILLE, TENN.

		$15,923,200 41
From which appropriating for—		
Interest on bonded debt		433,062 50
		$15,490,137 91
Dividend of 1¼ per cent. in stock as per the following Resolutions..		1,217,025 00
Surplus Balance		$14,273,112 91

In consequence of the confusion arising from the telegraph operators' strike which began early in August last and ended November 7th ultimo, reports and remittances from the offices throughout the country have been greatly delayed and accounts have not yet been fully made up.

The strike extended to all parts of the country, the aim of the strikers being to force the company to recognize and deal with the telegraphers' union, maintain a closed shop, and thus practically transfer the management of the business to the officers of that organization. In fact, so certain were they of success that they planned the details of the management, the salaries to be paid, the hours of service, and marked various officers of the company for dismissal from their positions. For some time previous to the strike many of the operators in the company's employment deliberately delayed the transmission of traffic, handling twenty-five to forty per cent. less business than that now handled by loyal employes of the same ability on similar wire circuits. A sufficient number of loyal operators remained in the service to move the decreased traffic, and stood faithfully at their posts, notwithstanding the interference in every possible way of the strikers by crippling wires, picketing, abusing and assaulting the faithful employes. The ranks of the loyal operators were gradually supplemented by additions to the force; the strike was completely and thoroughly defeated and such strikers as were restored to the service were accepted on individual applications and with the distinct understanding that in future they must be single in their allegiance to their employer.

Sufficient returns have been received from the offices by this time to show that the revenues of the company were greatly decreased during the strike, and, owing to the depression of business which set in at the time the strike closed, the decrease has continued up to the present. The expenses of the company were largely increased by the ten per cent. advance in the pay of all operators from March 1, 1907. This increase was voluntarily granted to the operators without the knowledge of the union, and influenced a large number of them to remain loyal in the service. In addition to the loss of revenue caused by the falling off in business, and to the increase in expenses caused by the ten per cent. increase in salaries, a very large expense was necessitated by the extra pay or bonus allowed the loyal operators and linemen during the strike, and by the cost of board and lodging which were furnished free to employes who ate and slept in the operating departments or adjoining rooms. These employes rendered heroic service day and night during the strike and have all been retained in their positions.

The property of the company is in first-class condition throughout the entire country; the present employes are faithful and efficient, and, with the passing of the financial depression, our revenues will rapidly increase.

Although it is believed, as indicated, that business will soon resume and earnings become normal, nevertheless, in view of the present depression, it seems the part of conservatism not to pay cash, but to make a dividend of one and one-quarter per cent., payable in stock. Hence the Committee recommends the adoption by the Board of the following:

WHEREAS, Since the 1st day of October, 1881, net earnings of the company belonging to the stockholders have been appropriated and paid for the purchase, construction and equipment of new and additional lines, wires and telegraph and other properties and general plant to the extent of more than $14,000,000 (including $1,598,184.03 so appropriated during the fifteen years prior to October 1, 1881), which amounts are not represented by any outstanding capital stock of this company and

WHEREAS, The actual value of the additional lines, wires properties and plant thus acquired and constructed is more than the amount above named, and

WHEREAS, Such newly acquired property, lines and plant have been fully maintained and improved in quality and value from time to time by expenditures which were charged to current expenses and have increased and not depreciated in value, and

WHEREAS, The capital stock was by vote of the stockholders at a special meeting held on October 25, 1892, and the written consent of two-thirds of the directors, increased from the sum of $86,200,000 to the sum of $100,000,000, and it was the intention of the stockholders and directors in authorizing and approving said increase that a portion of said increased stock should be distributed among the stockholders to represent a portion of the investment of earnings by this company since the 1st day of October, 1881, in the purchase, construction and equipment of additional lines, wires, telegraph and other properties and general plant, and

WHEREAS, The property of this company is worth more than the sum of One Hundred Million Dollars, over and above its indebtedness, and

WHEREAS, Of the $100,000,000 capital stock above mentioned there remains in the Treasury unissued stock of this company to the amount of $2,630,000;

Now, therefore,

Resolved, In lieu of the usual cash dividend for the quarter ending December 31, 1907, that out of said $2,630,000 of unissued stock there be issued and transferred to the credit of stockholders of record at the close of the books of transfer on the 20th day of December, instant, an amount equal to one and one-quarter per cent. of the stock held by each, for which stock certificates be issued on and after January 15, 1908, to such stockholders of record aforesaid, provided that fractions of shares be issued in special certificates bearing no dividends but convertible into full shares on the transfer and surrender of sufficient fractions.

Resolved, That for the purpose of said distribution the stock transfer books of the company be closed at three o'clock on the afternoon of the 20th day of December, instant, and be reopened on the morning of the 2d day of January, 1908.

Respectfully submitted,

ROBERT C. CLOWRY,
President.
